Love that Rescues Eric J. Bargerhuff,2010-02-01 In an age where church discipline has fallen out of favor in the context of many churches Eric Bargerhuff calls the church to a deeper understanding of its nature and purpose as an expression of God's fatherly love towards his people As a biblically mandated activity instituted by Christ himself in Matthew 18 church discipline is an essential practice of any faithful church that is committed to sharing the Gospel and making disciples Tackling some of the false notions and assumptions surrounding church discipline Bargerhuff sets forth a historical biblical theological and practical position that centers its identity and purpose on a proper understanding of the cross of Christ Since the punitive wrath of God was poured out for sin on the cross of Jesus Christ a penal substitutionary atonement it is therefore necessary to reject the notion that church discipline is punishment but rather it should be seen as God's hand of forgiveness and grace extended for the purpose of restoring reconciling and rescuing one of his own a sheep that has gone astray It is to be regarded as God's love in the actions of a forgiven and forgiving community Loving Animals Kathy Rudy,2011-08-11 In a book aimed at advocates the author argues that in order to end animal cruelty activists need to better understand the profound emotional attachment many people have with animals *Lover's Point Rescue* W.M. The Violence of Love Kit W. Myers, 2025-01-28 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more The Violence of Love challenges the narrative that adoption is a solely loving act that benefits birth parents adopted individuals and adoptive parents a narrative that is especially pervasive with transracial and transnational adoptions

Using interdisciplinary methods of archival legal and discursive analysis Kit W Myers comparatively examines the adoption of Asian Black and Native American children by White families in the United States He shows how race has been constructed relationally to mark certain homes families and nations as spaces of love freedom and better futures in contrast to others that are not and argues that violence is attached to adoption in complex ways Propelled by different types of love such adoptions attempt to transgress biological racial cultural and national borders established by traditional family ideals Yet they are also linked to structural symbolic and traumatic forms of violence The Violence of Love confronts this discomforting reality and rethinks theories of family to offer more capacious understandings of love kinship and care
