Seymour R. Kesten

Low Living And High Thinking At Modern Times New York:

Low Living and High Thinking at Modern Times, New York Roger Wunderlich, 1992-06-01 In the mid 1800s deep in the Long Island pine barrens Modern Times was established as an experimental community whose members would not be bound by any government church constitution or bylaws Never more than 150 strong set on a plot of only 90 acres here was a haven for nonconformists Its currency was words its religion was discussion its standard of conduct was unfettered individual freedom Low Living and High Thinking at Modern Times New York rescues this model village from obscurity and demonstrates its importance in the history of American communitarianism and social reform especially in its pursuit of economic justice women's rights and free love The first full length study of Modern Times Wunderlich's account offers telling portraits of this small but significant group of reformers pioneers freethinkers and sexual radicals For 13 years they tested the precepts of the founders of the community the philosophical anarchists Josiah Warren and Stephen Pearl Andrews who advocated the sovereignty of the individual and private but profitless enterprise Each person lived as he or she pleased provided this did not impair the right of another to do the same and each traded goods and services at cost rather than market value enabling cash poor pioneers to own homesteads The community championed every kind of reform from abolitionism women's rights and vegetarianism to hydropathy pacifism total abstinence and the bloomer costume Indifference to marital status and the advocacy of a free love vanguard contributed to the community's controversial and somewhat illicit reputation In 1864 seeking to remove themselves from the limelight Modern Times's remaining settlers renamed the village Brentwood Wunderlich pieces together the village person by person by relying on primary sources such as land deeds census entries and eyewitness accounts He also sheds new light on Warren and Andrews two key figures in the communitarian movement and discusses at length such important contemporaries as Thomas and Mary Gove Nichols Robert Owen John Humphrey Noyes Horace Greeley John Stuart Mill Henry David Thoreau Ralph Waldo Emerson and George Ripley

The Utopian Alternative Carl J. Guarneri, 2018-07-05 The utopian socialism of Charles Fourier spread throughout Europe in the mid nineteenth century but it was in the United States that it generated the most intense excitement In this rich and engaging narrative Carl J Guarneri traces the American Fourierist movement from its roots in the religious social and economic upheavals of the 1830s through its bold communal experiments of the 1840s to its lingering twilight after the Civil War

Auguste Comte: Volume 3 Mary Pickering, 2009-09-14 This volume continues to explore the life and works of Auguste Comte during his so called second career It covers the period from the coup d'etat of Louis Napoleon in late 1851 to Comte's death in 1857 During these early years of the Second Empire Comte became increasingly conservative and anxious to control his disciples This study offers the first study of the tensions within his movement Focusing on his second masterpiece the *Système de politique positive* and other important books such as the *Synthèse subjective* Mary Pickering not only sheds light on Comte's intellectual development but also traces the dissemination of positivism and the Religion of

Humanity throughout many parts of the world

The Bohemian Republic James Gatheral, 2020-11-29 In the mid nineteenth century successive cultural Bohemias were proclaimed in Paris London New York and Melbourne Focusing on networks and borders as the central modes of analysis this book charts for the first time Bohemia's cross Channel transatlantic and trans Pacific migrations locating its creative expressions and social practices within a global context of ideas and action Though the story of Parisian Bohemia has been comprehensively told much less is known of its Anglophone translations The Bohemian Republic offers a radical reinterpretation of the phenomenon as the neglected lives and works of British Irish American and Australian Bohemians are reassessed the transnational networks of Bohemia are rediscovered the presence and influence of women in Bohemia is reclaimed and Bohemia's relationship with the marketplace is reconsidered Bohemia emerges as a marginal network which exerted a paradoxically powerful influence on the development of popular culture in the vanguard of material social and aesthetic innovations in literature art journalism and theatre Underpinned by extensive and original archival research the book repopulates the concept of Bohemianism with layers of the networked voices expressions ideas people places and practices that made up its constituent social imagined and interpretive communities The reader is brought closer than ever to the heart of Bohemia a shadowy world inhabited by the rebels of the mid nineteenth century

American Countercultures: An Encyclopedia of Nonconformists, Alternative Lifestyles, and Radical Ideas in U.S. History Gina Misiroglu, 2015-03-26 Counterculture while commonly used to describe youth oriented movements during the 1960s refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day This fascinating three volume set explores these movements in America from colonial times to the present in colorful detail American Countercultures is the first reference work to examine the impact of countercultural movements on American social history It highlights the writings recordings and visual works produced by these movements to educate inspire and incite action in all eras of the nation's history A Z entries provide a wealth of information on personalities places events concepts beliefs groups and practices The set includes numerous illustrations a topic finder primary source documents a bibliography and a filmography and an index

Free Spirits Mark A. Lause, 2016-06-30 Often dismissed as a nineteenth century curiosity spiritualism influenced the radical social and political movements of its time Believers filled the ranks of the Free Democrats agitated for land and monetary reform fought for abolition and held egalitarian leanings that found powerful expression in campaigns for gender and racial equality In Free Spirits Mark A Lause considers spiritualism as a political and cultural force in Civil War era America Lause reveals the scope spread and influence of the movement both in its links to reformist causes and its ability to amplify previously marginalized voices Rooting spiritualism's appeal in the crises of the time Lause considers how spiritualist influences through the distillation of the war forced reassessments of the question of Radical Republicanism and radicalism in general He also delves into unexplored areas such as the movement's role in Lincoln's reelection and the relationship between Native Americans and spiritualists

The Encyclopedia of New York State Peter

Eisenstadt,2005-05-19 The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan s Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York s varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state s diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state s past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State

Utopia Drive Erik Reece,2024-09-04 For Erik Reece life at last was good he was newly married gainfully employed living in a creekside cabin in his beloved Kentucky woods It sounded as he describes it like a country song with a happy ending And yet he was still haunted by a sense that the world or more specifically his country could be better He couldn t ignore his conviction that in fact the good ol USA was in the midst of great social environmental and political crises that for the first time in our history we were being swept into a future that had no future Where did we here in the land of Jeffersonian optimism and better tomorrows go wrong Rather than despair Reece turned to those who had dared to imagine radically different futures for America What followed was a giant road trip and research adventure through the sites of America s utopian communities both historical and contemporary known and unknown successful and catastrophic What he uncovered was not just a series of lost histories and broken visionaries but also a continuing and vital but hidden idealistic tradition in American intellectual history Utopia Drive is an important and definitive reconstruction of that tradition It is also perhaps a new framework to help us find a genuinely sustainable way forward an engaging exploration and example of the fruitful tunnel visions of dreamers turned doers Publishers Weekly

Dream Tonight of Peacock Tails Umberto Rossi,Paolo Simonetti,2015-09-04 Dream Tonight of Peacock Tails marks the first in depth examination of Pynchon s debut novel which was immediately recognized as a breakthrough masterpiece The eight essays collected in the volume provide both scholars and avid readers with new and original insights into a too often underestimated work that probably even more than Gravity s Rainbow established Pynchon as one of the great masters of twentieth century American literature This book deliberately privileges a multidisciplinary and transnational approach encompassing collaborations from a particularly international and diverse academic context As such this volume offers a multifaceted pattern of expanding investigation that tackles the novel s

apparently chaotic but meticulously organized structure by rereading it in the light of recent US and European history and economics as well as by exploring its many real and imagined locations Not only are the essays brought together here revelatory of Pynchon's way of working but they also tell us something about our own ways of approaching his fiction

Experimental Americans George L. Hicks, 2001 Founded in 1937 by Arthur Morgan first chairman of the Tennessee Valley Authority Celso pronounced see lo established its own rules of land tenure and taxation conducted its internal business by consensus and did not require its members to accept any particular ideology or religious creed Drawing on extensive fieldwork in Celso and among its local neighbors consultation of Celso's documentary records and interviews with ex members Hicks traces the Community's ups and downs Attacked for its opposition to World War II Celso was revived by pacifists released from prisons and Civilian Public Service camps after the war debilitated in the 1950s by bitter feuds with ex members it was buoyed up in the 1960s by the radical enthusiasm of new currents in the nation **BOOK JACKET** **Positivist Republic** Gillis J. Harp, 2010-11-01 *Llewellyn Castle* Gary R. Entz, 2022-05-17 In 1869 six London families arrived in Nemaha County Kansas as the first colonists of the Workingmen's Cooperative Colony later fancifully renamed Llewellyn Castle by a local writer These early colonists were all members of Britain's National Reform League founded by noted Chartist leader James Bronterre O'Brien As working class radicals they were determined to find an alternative to the grinding poverty that exploitative liberal capitalism had inflicted on England's laboring poor Located on 680 acres in northeastern Kansas this collectivist colony jointly owned all the land and its natural resources with individuals leasing small sections to work The money from these leases was intended for public works and the healthcare and education of colony members The colony floundered after just a few years and collapsed in 1874 but its mission and founding ideas lived on in Kansas Many former colonists became prominent political activists in the 1890s and the colony's ideals of national fiscal policy reform and state ownership of land were carried over into the Kansas Populist movement Based on archival research throughout the United States and the United Kingdom this history of an English collectivist colony in America's Great Plains highlights the connections between British and American reform movements and their contexts [Living in Utopia](#) Lucy Sargisson, Lyman Tower Sargent, 2017-03-02 Utopia is literally the good place that is no place Utopias reveal people's dreams and desires and they may gesture towards different and better ways of being But they are rarely considered as physical observable phenomena In this book Sargisson and Sargent both established writers on utopian theory turn their attention to real life utopian communities The book is based on their fieldwork and extensive archival research in New Zealand a country with a special place in the history of utopianism A land of opportunity for settlers with dreams of a better life New Zealand has per capita more intentional communities groups of people who have chosen to live and sometimes work together for a common purpose than any country in the world Sargisson and Sargent draw on the experiences of more than fifty such communities to offer the first academic survey of this form of living utopian experiment In telling the story of the New

Zealand experience Living in Utopia provides both transferable lessons in community cooperation and social change and a unique insight into the utopianism at the heart of politics society and everyday life *Horace Greeley's New-York Tribune* Adam-Max Tuchinsky,2009 Historians and biographers have struggled to reconcile these seemingly contradictory tendencies Tuchinsky s history of the Tribune by placing the newspaper and its ideology squarely within the political economic and intellectual climate of Civil War era America illustrates the connection between socialist reform and mainstream political thought It was democratic socialism favoring free labor and bridging the divide between individualism and collectivism that allowed Greeley s Tribune to forge a coalition of such disparate elements as the old Whigs new Free Soil men labor and staunch abolitionists This progressive coalition helped ensure the political success of the Republican Party Indeed even in 1860 proslavery ideologue George Fitzhugh referred to socialism as Greeley s lost book The overlooked but crucial source of the Tribune s and by extension the Republican Party s antagonism toward slavery and its more general free labor ideology

Art Work April F. Masten,2014-10-31 I was in high spirits all through my unwise teens considerably puffed up after my drawings began to sell with that pride of independence which was a new thing to daughters of that period The Reminiscences of Mary Hallock Foote Mary Hallock made what seems like an audacious move for a nineteenth century young woman She became an artist She was not alone Forced to become self supporting by financial panics and civil war thousands of young women moved to New York City between 1850 and 1880 to pursue careers as professional artists Many of them trained with masters at the Cooper Union School of Design for Women where they were imbued with the Unity of Art ideal an aesthetic ideology that made no distinction between fine and applied arts or male and female abilities These women became painters designers illustrators engravers colorists and art teachers They were encouraged by some of the era s best known figures among them Tribune editor Horace Greeley and mechanic philanthropist Peter Cooper who blamed the poverty and dependence of both women and workers on the separation of mental and manual labor in industrial society The most acclaimed artists among them owed their success to New York s conspicuously egalitarian art institutions and the rise of the illustrated press Yet within a generation their names accomplishments and the aesthetic ideal that guided them virtually disappeared from the history of American art *Art Work Women Artists and Democracy in Mid Nineteenth Century New York* recaptures the unfamiliar cultural landscape in which spirited young women daring social reformers and radical artisans succeeded in reuniting art and industry In this interdisciplinary study April F Masten situates the aspirations and experience of these forgotten women artists and the value of art work itself at the heart of the capitalist transformation of American society *Utopian Episodes* Seymour R. Kesten,1993 Decades before the communes of the sixties nineteenth century radicals set up isolated colonies where they hoped to insulate themselves from a corrupt mainstream America Throughout the country experimental utopian settlements promised to fulfill the lives of ordinary citizens through abundance equality and free education *Utopian Episodes* tells why these early freethinking rebels could never fully achieve their goals but how

their legacy has become an integral part of today's movement for social reform Seymour Kesten focuses on three of the most renowned colonies New Harmony Indiana Brook Farm Massachusetts and Icarian Communities in Iowa and Illinois Many more experimental groups are also discussed including Alphadelphia in Michigan Fruitlands and Hopedale in Massachusetts Ohio Phalanx and La Reunion now Dallas Texas Unlike other studies on similar groups Kesten's book gives us a unique insider's view into the day to day lives of these American radicals and thus provides a study of the human spirit He lets us see utopian life through the eyes of those who knew it firsthand A look at individuals activities work dress and food brings us into the realm of their souls He draws on rare memoirs and early accounts some published here for the first time by well known participants including A Bronson Alcott Horace Greeley and George Ripley as well as relatively unknown colonists such as Albert Brisbane John Dwight Elijah Grant and Amelia Russell The book spans the rebirth of an intellectual movement and explores the newspapers literature poetry and music of its social consciousness Education for the masses was the essence of the utopian process for it alone they believed would regenerate a civic minded compassionate society Ultimately they would eradicate evil which was the goal of every colony

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Practical Anarchist Crispin Sartwell, 2018-09-18 The Practical Anarchist brings to light the work of Josiah Warren eccentric American genius Devoting his life to showing the practicality of an astonishing ideal Warren devoted equal industry to the question of how to make a pair of shoes and how to remake the social world into an individualist paradise This will be the first chance for many readers to encounter Warren's writings and in many cases their first publication since their original appearance in obscure self published periodicals including *The Peaceful Revolutionist* 1833 the first American anarchist periodical Moreover they often appeared in a bizarre experimental typography This volume presents out of the welter of bewildering writings left by Warren a reading text designed for today's readers and students It seeks to convey the practical value of many of Warren's ideas their continuing relevance

American Reformers, 1815-1860 Ronald G. Walters, 1997-01-31 A revised edition of the clear readable and persuasive account of antebellum reform movements important impact on American society James M McPherson Pulitzer Prize winning author of *Battle Cry of Freedom* For this new edition of *American Reformers 1815-1860* Ronald G Walters has amplified and updated his exploration of the fervent and diverse outburst of reform energy that shaped American history in the early years of the Republic Capturing in style and substance the vigorous and often flamboyant men and women who crusaded for such causes as abolition temperance women's suffrage and improved health care Walters presents a brilliant analysis of how the reformers radical belief that individuals could fix what ailed America both reflected major transformations in antebellum society and significantly affected American culture as a whole An account of antebellum reform that manages to be clear and readable without oversimplifying complex issues *The Journal of American History* A sprightly sensible and sympathetic book *Journal of Church and State*

Shameless Jean L. Silver-Isenstadt, 2002-05-10 With her second husband medical writer and social

reformer Thomas Low Nichols she embarked on an unprecedented intellectual and professional collaboration and together they challenged the inequities of conventional marriage demanded the right of every woman to have control over her own body and advocated universal good health

Auguste Comte: Volume 2 Mary Pickering, 1993 This volume explores the life and works of Auguste Comte during the last and most controversial part of his career the period from 1842 to 1857

Decoding **Low Living And High Thinking At Modern Times New York**: Revealing the Captivating Potential of Verbal Expression
