Chasing the American Dream William M. Rohe, Harry L. Watson, 2018-07-05 Providing decent safe and affordable housing to low and moderate income families has been an important public policy goal for more than a century In recent years there has been a clear shift of emphasis among policymakers from a focus on providing affordable rental units to providing affordable homeownership opportunities Due in part to programs introduced by the Clinton and Bush administrations the nation's homeownership rate is currently at an all time high Does a house become a home only when it comes with a deed attached Is participation in the real estate market a precondition to engaged citizenship or wealth creation The real estate industry's marketing efforts and government policy initiatives might lead one to believe so The shift in emphasis from rental subsidies to affordable homeownership opportunities has been justified in many ways Claims for the benefits of homeownership have been largely accepted without close scrutiny But is homeownership always beneficial for low income Americans or are its benefits undermined by the difficulties caused by unfavorable mortgage terms and by the poor condition or location of the homes bought Chasing the American Dream provides a critical assessment of affordable homeownership policies and goals Its contributors represent a variety of disciplinary perspectives and offer a thorough understanding of the economic social political architectural and cultural effects of homeownership programs as well as their history The editors draw together the assessments included in this book to prescribe a plan of action that lays out what must be done to make homeownership policy both effective and equitable

The SAGE Handbook of Housing Studies David F Clapham, William A V Clark, Kenneth Gibb, 2012-04-20 Cross disciplinary and critical in its approach The SAGE Handbook of Housing Studies is an elucidating look at the key issues within the field It covers the study of housing retrospectively but also analyses the future directions of research and theory demonstrating how it can contribute to wider debates in the social sciences A comprehensive introductory chapter is followed by four parts offering complete coverage of the area Markets examines the perception of housing markets how they function in different contexts and the importance of housing behaviour and neighbourhoods Approaches looks at how other disciplines economics geography and sociology have informed the direction of housing studies Context traces the interactions between housing studies and other aspects of society providing context to debate housing through issues of space social welfare and the environment Policy is a multi disciplinary and

comprehensive take on the major policy issues and the causes and possible solutions of housing problems such as regeneration and homelessness Edited by leading names in the field and including international contributions the book is a stimulating wide ranging read that will be an invaluable resource for academics and researchers in geography urban studies sociology social policy economics and politics

The Urban Poor in Latin America Marianne Fay, 2005 About half of the region's poor live in cities and policy makers across Latin America are increasingly interested in policy advice on how to design programmes and policies to tackle poverty This publication argues that the causes of poverty the nature of deprivation and the policy levers to fight poverty are to a large extent site specific It therefore focuses on strategies to assist the urban poor in making the most of the opportunities offered by cities such as larger labour markets and better services while helping them cope with the negative aspects such as higher housing costs pollution risk of crime and less social capital

A Few Thousand Dollars Robert E. Friedman, 2018-10-09 A guide to making the U S economy work for everyone by a leading advocate of asset development The majority of Americans do not have a few thousand dollars to weather an unexpected illness job loss or accident Most Americans including 80 percent of people of color are locked out of the mainstream economy unable to add their talents work and dreams unable to share in the bounty of this economy Without a nest egg most Americans cannot invest in their future and the future of our country through saving entrepreneurship education and homeownership We can and we should do better Longtime leader in the field of asset building Robert E Friedman demonstrates how a few simple policy changes would address wealth inequality and build a better economy and a stronger country for us all In six sharp compelling chapters accented by sixteen original black and white illustrations by Rohan Eason that present the realities of income and asset inequality and explain the needed policy interventions Friedman addresses savings business education home and prosperity to articulate a vision for making inclusive investments without spending an additional dollar just by transforming tax subsidies for the wealthy few into seeds for prosperity for everyone This is an investment with a huge return the redemption of the American promise of prosperity for all
