Bradlaugh as M.P. for Northampton* William Hillier, 1885 Animals and Nature Rod Preece, 1999 In this book Rod Preece takes issue with the popular but simplistic view that the Western cultural tradition has encouraged attitudes of domination and exploitation toward the natural world particularly animals he contends that the much maligned Western tradition has far more to commend it than is customarily recognized and the much vaunted Oriental and Aboriginal orientations to animals and nature have habitually been described in a misleadingly rosy hue According to Preece the West has often been misread frequently for ideological reasons He argues that Western conceptions of objectivity and individuality have in fact resulted in a readier appreciation of the worth of animals than in some other cultures Moreover the Western anti rationalist tradition has often treated animals and nature with a healthy respect There is a continuing disjunction between theory and practice in the non Western world as well as in the West where all too often only one side of the Aboriginal and Oriental myth and literature is reported Preece concludes that while the West has much to learn from Oriental and Aboriginal traditions so also have the Oriental and Aboriginal worlds much to learn from the West **Facts authentic, in science and religion: designed to illustrate a new tr. of the Bible** William Cowherd, 1818 *Adventures and Peregrinations of the Metaphysical Atom* Helena Petrovna Blavatsky, 2019-09-17 Fohat Cosmic Electricity by infusing energy into primordial matter electrifies into life and scatters into atoms It is through Fohat that the ideas of the Universal Mind are impressed upon matter Occultism asserts that Electricity is Matter not mere motion Force or Energy may be better names for it Electricity is

When the Life energy is active in the atom that atom is organic when dormant or latent inorganic The distinction between the two states is arbitrary and spurious Life is as much present in the inorganic as in the organic matter Matter in atomizing differentiates Restore the differentiated matter to the status quo ante and there is no difficulty in seeing how it can pass through the interstices of dense substance in its differentiated state as we easily conceive of the travel of electricity and other forces through their conductors There are no blind forces in nature Every atom in the universe is permeated with Universal Intelligence from the latent spark in the mineral up to the quasi divine light in man s brain Matter and force are ever allied Matter without force and force without matter are inconceivable Every atom is endowed with consciousness yet the potential of man s ability to control the cells and atoms of his body have not been honoured with the imprimatur of the popes of modern science Every atom is a little universe of its own Every cell and organ in the human body has a brain and memory of its own and thus also experience and discriminative powers Physical Science calls atoms that which the Occultists regard as particles or molecules The real atoms are the inner principles and the intelligent spiritual guides of the cells and the particles they inform Atom is not the smallest constituent unit of matter not even a mathematical point It is an immutable Entity a reality within an appearance the molecule being in Occult Philosophy but a figment of maya illusion It may be described as a compact or crystallized point of Divine Energy and Ideation The Hermetic Divine Fire is the fons et origo of life that Uncreated Spirit which starts from and is immediately reabsorbed into primordial matter It is the ultimate essence of every atom whether pertaining to animate or inanimate organic or inorganic substance Before that Spirit is immersed into matter it is self existent and independent of matter The real Atom does not exist on the material plane it is beyond space and time Atom in its eternal state is invisible even to the eye of an Archangel Brahm is called Atom because we have to imagine it as a mathematical point which however can be extended to Absoluteness He who would be an occultist must not separate either himself or anything else from the rest of creation or non creation For the moment he distinguishes himself from even a vessel of dishonour he will not be able to join himself to any vessel of honour He must think of himself as an infinitesimal something not even as an individual atom but as a part of the world atoms as a whole or become an illusion a nobody and vanish like a breath leaving no trace behind

Technoculture in Margaret Atwood's Science Fiction Novels Jasmine

Sharma,2023-09-01 The contemporary mediation between technoscience and philosophy offers overwhelming insights into the literary critical domain of thought This book conceptualizes an enriching engagement with questions pertaining to the notion of technology and how its blend with cultural facets makes comprehensive room for the reconstitution of the literary landscape in Atwood s science fiction SF novels Ranging from the technologies of disciplinary and bio corporeal power to theorizing gender politics of cyborgian nomadic and humanoid bodies from technologizing the consumption of hybrid edibles and lingual epistemology to discerning the hyperreal dimensions of archived tech memoirs video gaming and digital sex the book takes a philosophical approach to technocultural studies a newly emerging interdisciplinary methodology It contributes

to an optimal concretization of technoscientific exploration in Margaret Atwood's literary scholarship and adds to the existing field of theoretical acumen within cosmopolitan literatures **The Christian Leader** ,1926 **The Works of Orestes A.
