Lower Class Heresy:

Southbound Ernest Suarez, T. W. Stanford, Amy Verner, 1999 There s a real flowering I think of southern poetry right now assembling at the edges of everything This observation by Pulitzer Prize winning poet Charles Wright reflects upon the continuing vibrancy and importance of the southern poetic tradition Although the death of James Dickey in 1997 left southern poetry without a recognizably dominant voice an array of other vibrant voices continue to be heard and recognized

Southbound Interviews with Southern Poets provides a glimpse of the many poets who promise to keep southern poetry vital into the twenty first century **Geek Heresy** Kentaro Toyama, 2015-05-26 After a decade designing technologies meant to address education health and global poverty award winning computer scientist Kentaro Toyama came to a difficult conclusion Even in an age of amazing technology social progress depends on human changes that gadgets can t deliver Computers in Bangalore are locked away in dusty cabinets because teachers don t know what to do with them Mobile phone apps meant to spread hygiene practices in Africa fail to improve health Executives in Silicon Valley evangelize novel technologies at work even as they send their children to Waldorf schools that ban electronics And four decades of incredible innovation in America have done nothing to turn the tide of rising poverty and inequality Why then do we keep hoping that technology will solve our greatest social ills In this incisive book Toyama cures us of the manic rhetoric of digital utopians and reinvigorates us with a deeply people centric view of social change Contrasting the outlandish claims of tech zealots with stories of people like Patrick Awuah a Microsoft millionaire who left his engineering job to open Ghana s first liberal arts university and Tara Sreenivasa a graduate of a remarkable South Indian school that takes impoverished children into the high tech offices of Goldman Sachs and Mercedes Benz **Geek Heresy** is a heartwarming reminder that it s human wisdom not machines that move our world forward

Marxism and Human Nature Sean Sayers, 2013-01-11 Is there such a thing as human nature Here Sean Sayers defends the controversial theory that human nature is in fact an historical phenomenon He gives an ambitious and wide ranging defence of the Marxist and Hegelian historical approach and engages with a wide range of work at the heart of the contemporary debate in social and moral philosophy **Milton and the English Revolution** Christopher Hill, 2020-01-14 Remarkable reinterpretation of Milton and his poetry by one of the most famous historians of the 17th Century In this remarkable book Christopher Hill used the learning gathered in a lifetime s study of seventeenth century England to carry out a major reassessment of Milton as man politician poet and religious thinker The result is a Milton very different from most popular imagination instead of a gloomy sexless Puritan we have a dashing original thinker branded with the contemporary reputation of a libertine For Hill Milton is an author who found his real stimulus less in the literature of classical and times and more in the political and religious radicalism of his own day Hill demonstrates with originality learning and insight how Milton s political and religious predicament is reflected in his classic poetry particularly *Paradise Lost* and *Samson Agonistes* **The Cathars** Malcolm Barber, 2014-06-17 The Cathars are one of the most famous heretical

movements of the late twelfth and early thirteenth centuries They infiltrated the highest ranks of society and posed a major threat not only to the Catholic Church but also to secular authorities as well The movement was finally smashed by the crusade and the inquisitional proceedings that followed This new study is the first comprehensive history of the Cathars It addresses major topics in medieval history including heresy orthodoxy and the Crusades as well as providing a history of the social and political history of Languedoc and the rise of the Capetian dynasty A fascinating study of the development of radical religious belief and its violent suppression [A History of Florence, 1200 - 1575](#) John M. Supplement The dean and paragon of English historians E P Thompson *Religious Movements in the Middle Ages* Herbert Grundmann,1995-01-31 Medievalists historians and women s studies specialists will welcome this translation of Herbert Grundmann s classic study of religious movements in the Middle Ages because it provides a much needed history of medieval religious life one that lies between the extremes of doctrinal classification and materialistic analysis and because it represents the first major effort to underline the importance of women in the development of the language and practice of religion in the Middle Ages **Algernon Swinburne and Walter Pater** Sarah Glendon Lyons,2017-07-05 How did literary aestheticism emerge in Victorian Britain with its competing models of religious doubt and visions of secularisation For Lyons the aestheticism developed and progressively revised by Algernon Charles Swinburne 1837 1909 and Walter Pater 1839 1894 illuminates the contradictory impulses of modern secularism on the one hand a desire to cast itself as a form of neutrality or disinterestedness on the other a desire to affirm this world as the place of human flourishing or even enchantment The standard narrative of a crisis of faith does not do justice to the fissured uncertain quality of Victorian visions of secularisation Precisely because it had the status of a confusing hypothesis rather than a self evident reality it provoked not only dread and melancholia but also forms of fantasy Within this context Lyons gives a fundamentally new account of the aims and nature of Victorian aestheticism taking as a focus its deceptively simple claim that art is for art s sake first of all Radical Pastoral, 1381-1594 Mike Rodman Jones,2016-04-22 From William Langland s Piers Plowman through the highly polemicized literary culture of fifteenth century Lollardy to major Reformation writers such as Simon Fish William Tyndale and John Bale and into the 1590s this book argues for a vital reassessment of our understanding of the literary and cultural modes of the Reformation It argues that the ostensibly revolutionary character of early Protestant literary culture was deeply indebted to medieval satirical writing and indeed can be viewed as a remarkable crystallization of the textual movements and polemical personae of a rich combative tradition of medieval writing which is still at play on the London stage in the age of Marlowe and Shakespeare Beginning with a detailed analysis of Piers Plowman this book traces the continued vivacity of combative satirical personae and self fashionings that took place in an appropriative movement centred on the figure of the medieval labourer The remarkable era of Protestant plowman polemics has too often been dismissed as conventional or ephemeral writing too stylistically separate to be linked to Piers Plowman or held under the purview of historians who have viewed such texts as sources of theological or documentary information rather than as vital literary cultural works in their own right Radical Pastoral 1381 1594 makes a vigorous case for the existence of a highly politicised tradition of polemical pastoral which stretched across the whole of the sixteenth century a tradition that has been largely marginalised by both medievalists and early modernists *The New Cultural History of Peronism* Matthew B. David Zaret,1985-04 The idea of a heavenly contract uniting God and humanity in a bargain of salvation emerged as the keystone of Puritan theology in early modern England Yet this concept with its connotations of exchange and reciprocity runs counter to other tenets of Calvinism such as predestination that were also central to Puritan thought With bold analytic intelligence David Zaret explores this puzzling conflict between covenant theology and pure Calvinism In the process he demonstrates that popular beliefs and activities had tremendous influence on Puritan religion **Delphi Collected Works of Friedrich Engels (Illustrated)** Friedrich Engels,2023-07-27 The German socialist Friedrich Engels first developed an interest in the philosophy of G W F Hegel prior to forming a permanent partnership with Karl Marx to promote the socialist movement After persuading the second Communist Congress to adopt their views the two friends drafted the Communist Manifesto of 1848 After Marx s death in 1883 Engels was the foremost authority on Marx and Marxism He produced wide ranging works of his own including philosophical writings on materialism idealism and dialectics His important work helped supply Marxism with an ontological and metaphysical foundation This eBook presents Engels collected works with numerous illustrations rare texts informative introductions and the usual Delphi bonus material Version 1 Beautifully illustrated with images relating to Engels life and works Concise introductions to the major texts All of the major treatises with individual contents tables Features rare works appearing for the first time in digital publishing Images of how the books were first published giving your eReader a taste of the original texts Easily locate the texts you want to read Features Karl Kautsky s early biography discover Engels incredible life Ordering of texts into chronological order and genres CONTENTS The Works The Condition of the Working Class in England 1845 The Holy Family 1845 The German Ideology 1845 The Anniversary of the Polish Revolution of 1830 1847 Preface to On the Question of Free Trade 1848 The Communist Manifesto 1848 Address of the Central Committee to the Communist League 1850 England s 17th Century Revolution 1850 The Peasants War in Germany 1850 Revolution and Counter Revolution 1852 The Heroes of the Exile 1852 The Real Issue in Turkey 1853 On Afghanistan 1857 Mountain Warfare in the Past and Present 1857 Po and Rhine 1859 The Prussian Military Question and the German Workers Party 1865 What Have the Working Classes to Do with Poland 1866 Synopsis of Marx s Das Kapital 1868 Fictitious Splits in the International 1872 La Libert Speech 1872 On Authority 1872 The Housing Question 1872 The Bakuninists at Work 1873 On Social Relations in Russia 1874 The Program of the Blanquist Fugitives from the Paris Commune 1874 For Poland 1875 Life of Wilhelm Wolff 1876 The Part Played by Labour in the Transition from Ape to Man 1876 Karl Marx 1877 Anti D hring 1877 Socialism Utopian and Scientific 1880 Bruno Bauer and Early Christianity 1882 Engels Speech at the Grave of Karl Marx 1883 Dialectics of Nature 1883 The Origin of the Family Private Property and the State 1885 On The History of the Communist League 1885 Feuerbach 1886 The Mark 1892 The Peasant Question in France and Germany 1894 The Biography Frederick Engels His Life His Work and His Writings 1899 by Karl Kautsky **Through the School** Frederic Kenyon Brown,1912 *The Waldenses, 1170-1530* Peter Biller,2024-10-28 The Waldenses like the

Franciscans emerged from the apostolic movements within the Latin Church of the decades around 1200 but unlike the Franciscans they were driven underground. Not a full counter Church like the Cathar heretics they formed a clandestine religious order preaching to and hearing the confessions of their secret followers and surviving until the Reformation. This volume begins by surveying modern historiography. Then using both inquisition records from the Baltic to the Alps and the Waldenses own books the author deals with the asceticism of the Waldensian order its practice of poverty and medicine the culture of the Brothers and the preaching of the Waldensian Sisters the way both used and mythicised history to support their position and the composition of their followers. The final chapters examine their origins and authorship of the inquisitors texts and look through them to see how inquisitors viewed the Waldenses. [Handbook of Medieval Culture.
