Lower Depths:

The Lower Depths Maksim Gorky,1964 The Lower Depths A Drama in Four Acts Maxim Gorky,2019-03-04 Excerpt In The Lower Depths more than in any other single play throughout its history the Moscow Art Theatre concentrates its dramatic ideals and methods its esthetic theory and practice and through the production of this play it most emphatically

The Lower Depths Maxim Gorky,2021-07-09 Russia was by no means paradise at the turn of the twentieth century but it was decidedly worse for the poor and homeless community This play centres around a motley crew of drunkards vagabonds and petty criminals whose lives are forever changed by the arrival of mysterious pilgrim Luka A pillar of Maxim Gorky s social realism The Lower Depths oozes pessimism social criticism and alcoholism An essential read for fans of both modern and classical Russian literature from Leo Tolstoy to Boris Akunin As a five time Nobel Prize nominee Maxim Gorky 1868 1936 rightfully holds a spot at the table of the most talented Russian writers He led a turbulent life as an exile a dissenter and a Bolshevik associate His most notable works include The Lower Depths My Childhood Mother and Children of the Sun all of which are characterised by his realism **The Lower Depths** Maksim Gorky,1912 **The Lower Depths** Maksim

Gorky,2016-09-27 De profundis ad te clamavi In this phrase with his penchant for epitome the late James Huneker summarized the masterpiece of Russia s single living master of the drama Maxim Gorky as he saw it in Berlin under the German title of Nachtsyl or Night Lodging Na Dnye is the Russian literally On the Bottom Partly because The Lower Depths is a more faithful rendering of the original than Night Lodging and partly because it implies so vividly the play s keynote as the shrewd Huneker detected it beneath a guise alien to both Russian and English the title adopted by Laurence Irving for the British version has been preferred for its introduction to American audiences by the company which discovered it and first set it on its stage in Moscow December 31 our calendar 1902 In The Lower Depths more than in any other single play throughout its history the Moscow Art Theatre concentrates its dramatic ideals and methods its esthetic theory and practice and through the production of this play it most emphatically justifies its artistic faith in spiritual or psychological realism as a dramatic medium of expression The plays of Tchekhoff of course serve the same ends but no single one of them does so quite as richly as does Gorky s masterpiece At the hands of Stanislavsky and his associates The Lower Depths draws much of its convincing power from its unusual use of and dependence on the channels of expression which are peculiar to the art of the theatre It is almost wholly independent of drama as literature Less than any play I know is it possible to imagine its potential effect in the theatre from a reading of its printed lines Pg iv In my book The Russian Theatre I have thus analyzed this factor The Lower Depths is not so much a matter of utterable line and recountable gesture as it is of the intangible flow of human souls in endlessly shifting contact with one another **The Lower Depths, and Other Plays** Maksim Gorky,L. e.
