Royalty the homeless kittens my first book was a boy called pie face My father s story This children s book is actually based on a true story After I wrote it while proofreading it I felt tears welling up in the back of my eyes they were good tears But I am a sensitive one I hope you enjoy it with your kids Until the next one be happy And thank you all *The Many Lives of Catwoman* Tim Hanley,2017-07-01 For more than 75 years Catwoman has forged her own path in a clear cut world of stalwart heroes diabolical villains and damsels in distress Sometimes a thief sometimes a vigilante sometimes neither and sometimes both the mercurial Catwoman gleefully defies classification Her relentless independence across comic books television and film appearances set her apart from the rest of the superhero world When female characters were limited to little more than romantic roles Catwoman used her feminine wiles to manipulate Batman and escape justice at every turn

When male villains dominated Gotham on the small screen Catwoman entered the mix and outshone them all When female led comics were few and far between Catwoman headlined her own series for over 20 years True to her nature Catwoman stole the show everywhere she appeared regardless of the medium But her unique path had its downsides as well Her existence on the periphery of the superhero world made her expendable and she was prone to lengthy absences Her villainous origins also made her susceptible to sexualized and degrading depictions from her primarily male creators in ways that most conventional heroines didn't face Exploring the many incarnations of this cultural icon offers a new perspective on the superhero genre and showcases the fierce resiliency that has made Catwoman a fan favorite for decades *Animal Biography* André Krebber, Mieke Roscher, 2018-10-19 While historiography is dominated by attempts that try to standardize and de-individualize the behavior of animals history proves to be littered with records of the exceptional lives of unusual animals This book introduces animal biography as an approach to the re-framing of animals as both objects of knowledge as well as subjects of individual lives Taking an interdisciplinary perspective and bringing together scholars from among others literary historical and cultural studies the texts collected in this volume seek to refine animal biography as a research method and framework to studying capturing representing and acknowledging animal others as individuals From Heini Hediger's biting monitor Hachik and Murr to celluloid ape Caesar and the mourning of Topsy's gruesome death the authors discuss how animal biographies are discovered and explored through connections with humans that can be traced in archives ethological fieldwork and novels and probe the means of constructing animal biographies from taxidermy to film literature and social media Thus they invite deeper conversations with socio-political and cultural contexts that allow animal biographies to provide narratives that reach beyond individual life stories while experimenting with particular forms of animal biographies that might trigger animal activism and concerns for animal well-being spur historical interest and enrich the literary imagination **Emboldened** Belinda Alexandra, 2023-04-26 How do you begin your life again when you've lost everything you've worked for and your dreams have been shattered That was the question beloved Australian author Belinda Alexandra faced one freezing winter night when she ran from her home in terror clutching only her wallet her phone and her latest manuscript on a USB stick To pull herself up from rock bottom Belinda drew strength from the real-life women who had inspired her bestselling historical fiction her mother Tatiana Morosoff a White Russian who had fled a home more than once due to wars and revolutions Virginia Hall an American who lost her leg in an accident but went on to become one of the most revered Allied agents in World War II France Carmen Amaya who despite being born into abject poverty in Barcelona rose to become the greatest Flamenco dancer of all time Edna Walling who lost her own dream home in a freak fire but created garden designs that made her one of Australia's most celebrated landscape designers They were women who had faced seemingly insurmountable challenges and found ways to forge ahead on their own terms In a compelling and exquisite blend of memoir and history Belinda shows readers that no matter what challenge they might be facing there is always the

possibility of building a bold life full of meaning again from the ashes **The Blue Orb** Suzy Vivian,2017-08-18 Hundreds of years ago in the land of Uranallee a powerful wizard creates a blue orb capable of amplifying directed thought with just a few words It lies dormant for many years until a coven of vile witches discovers it and develops a plot to take over the world Zarcon is a great wizard who fears the witches have the legendary blue orb that provides them with more power the longer they possess it One day after he hears someone riding toward his castle at a frantic pace he opens the door to Jasmine a young woman who has just stolen the orb and somehow escaped from the pack of wolves chasing her After she enlists help from Zarcon to help her protect the artifact from the witches who will do anything to get it back they must embark on a perilous journey to seek help from another Will they succeed in their quest or will the witches catch them and once again obtain the orb In this fantasy story a young woman and a great wizard set out on a journey to protect a powerful artifact from evil witches determined to keep it in their possession so they can rule the world *Many Peoples, One Land* Alethea K.
