Loyal Refugees:

A Just and Lasting Peace John David Smith, 2013-05-07 This anthology of primary documents traces Reconstruction in the aftermath of the Civil War chronicling the way Americans Northern Southern black and white responded to the changes unleashed by the surrender at Appomattox and the end of slavery Showcasing an impressive collection of original documents including government publications newspaper articles speeches pamphlets and personal letters this book captures the voices of a broad range of Americans including Civil War veterans former slaveholders Northerners living in the South and African American men and women who lived through one of the most trying complex and misunderstood periods of American history

The Loyalists of America and Their Times, Statesmanship and Reconstruction Philip B. Lyons, 2014-10-24 Besides massive race prejudice and the perceived vindictiveness of the radical Republicans another factor that contributed strongly to the derailment of reconstruction after the Civil War was the conflicting decisions taken by the political leaders Lincoln warned against differences between the friends of freedom and to overcome these took charge of the reconstruction of Louisiana and showed how it should be done by pitting benefits of enlightened free government against the prejudices of the populace Unfortunately his example was lost on his successor Andrew Johnson whose encouragement of Southern resistance to the North's terms aggravated factionalism within the Republican party The moderates dominated in the drafting of the Fourteenth Amendment where they incorporated the statesmanlike principle of a benefit self government in exchange for Southerners protecting the rights of all their citizens black and white However this statesmanlike bargain was practically abandoned in Congress's response to the Southern states rejection of the Fourteenth Amendment the Congressional Reconstructions Act The fears of the moderates that the new state governments would not protect rights led them to propose universal suffrage while the fears of the radicals that disloyal men would rule led them to provide for the disfranchisement of many ex rebels and to hold any governments established provisional only subject to congressional change at will As result the incentive for native white Southerners to participate in the new state governments in exchange for rights protection was drastically weakened The consequences of this legislative straight jacket made it extremely difficult for Republicans in the defeated states to establish permanent political footholds Some tried to hold onto power without attempting to cultivate native white support and lost their states for the Republicans Three other leaders efforts to strike a balance between radicals and Democrats fell flat Imprudent decisions of the Grant Administration shattered the attempts of three more states to establish a common ground with moderate Democrats On the positive side there was a leader in Virginia who figured out the kind of political arrangement necessary for Republicans to survive and in Florida a moderate Republican Governor Ossian Bingley Hart exercised real statesmanship to lead the most successful of all reconstruction governments Statesmanship in reconstruction could have spared the South some severe hardships Despite the vast change in public opinion on race relations over the last nearly 150 years there are still lessons drawn from this study that can be applied to present day Civil

Volo,2010-04-09 This two part book examines the roots of warfare and the development of the peace movement in America from the Colonial period through the Vietnam War From the Colonial period on war has inevitably divided U S society into pro war and antiwar factions and few subjects have proven so polarizing or long lasting as a nexus of public discourse In the contest over war and peace uninformed beliefs have been conflated with uncontested truths by both sides fueling a lack of bipartisanship in foreign policy that has been prevalent since the nation s earliest days A History of War Resistance in America delineates clearly the tradition of war opposition in the United States It examines the military preparations for war and war s justifiable prosecution as well as pacifism legitimate resistance to war and the appropriate and free exercise of civil liberties This thought provoking volume offers an analysis of the reasons for conflict among peoples the prosecution of war among nations and the development of war resistance movements It also explores the role of the media in forming public opinion and that of the courts in protecting or limiting civil liberties **A Handbook of Politics for 1868 [to 1894]** Edward McPherson,1868 *A Digest of the Military Laws of the United States* ,1868

New Brunswicks Black Loyalists are captured in the brief biographies of eight individuals men women and youths presented by author Stephen Davidson Through their experiences a picture emerges of the narrow limits to the freedom which the Black Loyalists were able to experience in a predominantly white and highly racist colony *The Impoverishment of the African Red Sea Littoral, 1640-1945* Steven Serels, 2018-08-23 The African Red Sea Littoral currently divided between Sudan Eritrea Ethiopia and Djibouti is one of the poorest regions in the world But the pastoralist communities indigenous to this region were not always poor historically they had access to a variety of resources that allowed them to prosper in the harsh arid environment This access was mediated by a robust moral economy of pastoralism that acted as a social safety net Steven Serels charts the erosion of this moral economy a slow moving process that began during the Little Ice Age mega drought of the seventeenth and eighteenth centuries and continued through the devastating famines of the twentieth century By examining mass sedentarization after the Second World War as merely the latest manifestation of an inter generational environmental and economic crisis this book offers an innovative lens for understanding poverty in northeastern Africa
