Endelman, Zvi Gitelman, Deborah Dash Moore, 2020-04-07 The eighth volume in a landmark series this anthology of Jewish culture and civilization encompasses the period between the world wars An anthology of Jewish culture between the world wars the editors selections convey the variety breadth and depth of Jewish creativity in those tempestuous decades Despite or perhaps because of external threats Jews fought vigorously over religion politics migration and their own relation to the state and to one another The texts translated from many languages span a wide range of politics culture literature and art This collection examines what was simultaneously a tense and innovative period in modern Jewish history

Meditation and Kabbalah Aryeh Kaplan, 1995-01-01 The Kabbalah is divided into three branches the theoretical the meditative and the practical While many books both in Hebrew and English have explored the theoretical Kabbalah virtually nothing has been published regarding the meditative methods of these schools This is the first book published in any language that reveals the methodology of the Kabbalists and stresses the meditative techniques that were essential to their discipline Kaplan offers a lucid presentation of the mantras mandalas and other devices used by these schools as well as a penetrating interpretation of their significance in light of contemporary meditative research In addition Meditation and Kabbalah presents relevant portions of such meditative texts as the Greater Hekhalot textbook of the Merkava School the writings of Abraham Abulafia Joseph Gikatilia s Gates of Holiness Gate of the Holy Spirit textbook of the Lurianic School and the important meditative hasidic classics Also investigated is the intriguing possibility suggested by the Zohar that the meditative methods of the East might have been derived from the mystical techniques of the prophets

Mystical Theology and Social Dissent Byron L. Sherwin, 2006-07-13 Judah Loew better known as the Maharal of Prague was a pivotal personality in late medieval European Judaism Best known from the popular legend that credited him with the creation of a golem an artificial human with superhuman powers his true importance lay in his comprehensive exposition of a unique expression of Jewish mystical theology his call for a reformation of Jewish communal life and his influence on subsequent Jewish life and thought Byron Sherwin s lucid exposition of the life legend works and ideas developed in Loew s massive writings reveals the concealed by unravelling the often obscure nature of his mystical theology his polemical jousts against past and contemporary Jewish scholars and his innovative programme for social and educational reform

Religious Regimes and State Formation Eric R. Wolf, 1991-01-01 This book intends to systematically overcome the received practice of treating religion and politics as wholly separate and independent domains It studies power and meaning in their antagonistic interdependencies rather than approaching religion purely as a realm of meaning without reference to issues of power or dealing with politics as the province of power without raising questions of meaning Religion and politics are thus seen in relation to one another and attention is focused on the disputes about how political and religious regimes should be formed Religious Regimes and State Formation will convince the reader that god and politics have much in common and offers surprising new perspectives on old problems
