as the work of the devil From his wild days as a juvenile delinquent to his first romances to his early associations with then virtually unknown singers like Elvis Presley and Waylon Jennings Holly emerges as a deeply tortured driven individual and a brilliantly talented young man in a hurry to make it as a star And like many stars Buddy Holly s would ultimately be tragic and bittersweet [Early Automobiles](#) Jim Harter,2015-10-01 Image archivist and transportation historian Jim Harter follows his work Early Farm Tractors with an even larger collection of images from advertising line art from 1880 to 1930 this time focused on Early Automobiles Nearly 250 entrancing illustrations many suitable for framing are gems of the art of commercial engraving Harter provides a very substantial detailed history of the development of the horseless carriage into the brands famous from the early 20th century racers like Stutz Duesenberg Stanley as well as those that became household names like Oldsmobile Ford Chrysler and others Of special interest are the dozens of successful electric automobiles that flourished for 25 years The history includes many colorful anecdotes about early long distance races as well as interesting details of engineering breakthroughs Full bibliography and index [Subject Catalog, 1982](#) Library of Congress,1982

Links to the Past Dan K. Utley,Stanley O. Graves,2018-08-15 As they tee up make their approach shots or line up their putts few Texan golfers likely realize that the familiar landscapes of tee boxes fairways and greens can obscure stories from the past that played out on those same grounds Such little known links to the past include prehistoric campsites a Spanish presidio and a prairie where the Rough Riders trained as well as courses constructed by New Deal agencies in the Great Depression or military personnel in times of war Links to the Past The Hidden History on Texas Golf Courses takes readers on a tour of eighteen Texas golf courses with surprising connections to history On the front nine points of interest include encounters with dinosaur fossils near Austin a Comanche raid on a Spanish frontier presidio near Menard and a battle between Anglo buffalo hunters and Native Americans near Lubbock The back nine explores reminders of the East Texas lumber industry near Diboll a training ground for the Rough Riders outside downtown San Antonio and a race riot near Houston in 1917 to name a few In addition Dan K Utley with Stanley O Graves provide full histories of the courses themselves detailing their design and evolution and explaining how they came to be constructed at these historically significant sites Fun compelling and enlightening this book is a reminder that history has occurred all around us not just in historic districts state parks or even where official state markers might be found Featuring scorecards for each course that include location historical facts and a signature hole of history as well as historical and contemporary photographs and informative sidebars Links to the Past is sure to entertain Golfers history buffs and heritage tourists will want to toss this handy and engaging book in the front seat of the car or zip it into the side pocket of their golf bags
