Luc Besson Susan Hayward, 1998-03-15 One of the hottest international properties to come out of the new wave of French filmmakers in the 1980s Luc Besson is a director with a simple mission and a dazzling visual style One of the most respected names in French film studies Susan Hayward sketches Besson's filmmaking career and processes to date placing the films within their socio historical and political contexts She investigates the interface between technology and the body along with the environments in which the violent interactions between the two get played out The absence of family and the demise of community are also explored with theoretical sophistication Besson's films represent the conflicts and tensions of a post modern age and are perceived as signs of their time

and provocative way of understanding Nikita's plot structure as a neo baroque symphony She goes in depth into key sequences of the film examines its reception as a popular film by audiences and critics and looks at The Assassin the Hollywood remake of Nikita This is a wonderfully exciting book on an underrated film It also shows that the woman placed at the centre of a film noir can as Susan Hayward points out for once win or at least get away with it **Jason Statham** Len Brown,2011-02-17 Hollywood's favourite action hero After an exhilarating ten years Jason Statham has finally confirmed his place in the Hollywood elite And starring alongside his childhood heroes Stallone Schwarzenegger Willis and Jet Li it is hard to imagine him anywhere else Born in south London Jason Statham has always been an action man As a boy Jason chose not to follow in the footsteps of his parents and instead cultivated his thirst for adrenaline in athletics and diving a skill that took him to the World Championships in 1992 But it was on the athletics track that he was first discovered by a modelling scout for Tommy Hilfiger and French Connection which eventually led Jason to the then fledgling director Guy Ritchie A string of Hollywood blockbusters Lock Stock Revolver Snatch followed But perhaps his best known role came in 2002 when Jason was cast as Frank Martin in The Transporter Statham's background in martial arts defies the norm of the action hero as he performs his own scenes and stunts in some of Hollywood's most death defying action scenes A huge box office hit The Transporter spawned two sequels and has earned the reputation of a cult classic Len Brown's biography is an insightful comprehensive and gripping account of Britain's all action hero *Contemporary French Cinema* Guy Austin,1996-11-15 Examines popular French film of the last 25 years Charts recent developments in all genres since the New Wave including the heritage film the thriller the war film cinema du look Other topics include representations of sexuality the work of women film makers Includes a filmography **French B Movies** David A. Pettersen,2023-03-07 In the impoverished outskirts of French cities known as the banlieues minority communities are turning to American culture history and theory to make their own voices cultures and histories visible Filmmakers have followed suit turning to Hollywood genre conventions to challenge notions of identity belonging and marginalization in mainstream French film French B Movies proposes that French banlieue films far from being a fringe genre offer a privileged site from which to understand the current state of the French film industry in an age of globalization This gritty style appears in popular arthouse films such as Mathieu Kassovitz's La Haine and Bande de filles Girlhood along with the major Netflix hit series Lupin David Pettersen traces how in these works and others directors fuse features of banlieue cinema with genre formulas associated with both Hollywood and Black cultural models as well as how transnational genre hybridizations such as B movies have become part of the ecosystem of the French film industry By combining film analysis cultural history critical theory and industry studies French B Movies reveals how featuring banlieues is as much about trying to imagine new identities and production models for French cinema as it is about representation **Arthur and the Invisibles Movie Tie-in Edition** Luc Besson,2006-11-21 Arthur and the Minimoys Arthur embarks on a journey to the land of the Minimoys a tribe of people less than one inch tall to find his missing

Angels and television productions such as Xena Warrior Princess and Alias **Concentrationary Imaginaries** Griselda Pollock, Max Silverman, 2015-11-30 In 1945 French political prisoners returning from the concentration camps of Germany coined the phrase the concentrationary universe to describe the camps as a terrible political experiment in the destruction of the human This book shows how the unacknowledged legacy of a totalitarian mentality has seeped into the deepest recesses of everyday popular culture It asks if the concentrationary now infests our cultural imaginary normalizing what was once considered horrific and exceptional by transforming into entertainment violations of human life Drawing on the political philosophy of Hannah Arendt and the analyses of violence by Agamben Virilio Lacoue Labarthe and Nancy it also offers close readings of films by Cavani and Haneke that identify and critically expose such an imaginary and hence contest its lingering force **Is it French? Contemporary French Science Fiction Christina Lord, 2023-04-15 The study of French science fiction even in France remains an underexploited field Only recently have French literary scholars been able to gain recognition for the validity of studying SF but their works are often literary histories This is the first book length study to take into account both French and Anglo American intellectual trends theories and SF scholarship and apply them to a corpus of French works It shows how contemporary French SF imagines two broad philosophical inquiries into the powerful yet terrifying geological age of the Anthropocene posthumanism and transhumanism While the posthumanist perspective calls attention to the interdependence and co evolution of humans and nonhumans within a complex ecosystem of life the transhumanist view of coping with the Anthropocene offers more pragmatic tool based solutions rather than a reworking of the human imagination Given the history of philosophical thought s entanglement with literature in France French SF can tell us a lot about this existential crisis of Anthropos as both destroyer and savior of worlds and bodies alike With a focus on encounters between humans nonhumans and posthumans in selected works this book investigates both the immaterial the psychological state of the mind and material the body stakes of posthumanist or transhumanist thinking in French SF *The Seeing Century*

,2021-10-25 The twentieth century with all its turbulence and change its conflicts and its discoveries was perhaps above all the century of cinema and *The Seeing Century* offers an innovative international and interdisciplinary exploration of the role cinema plays in contemporary life and culture and the complex and fascinating relationship between screen images and our changing concepts of personal and national identity Rejecting the compartmentalisation that has traditionally marked film studies and confronting an impressively eclectic range of material fifteen essays by leading academics from around the world cut across divergent cultures languages and genres mainstream Hollywood rubs shoulders with low budget Icelandic or Sicilian cinema and the popular and the esoteric feature alongside each other In this way the reader is offered a stimulating overview which directly addresses the contradictions and ambiguities inherent in the relationship between film and identity and reveals the vibrancy of contemporary film debate to which *The Seeing Century* makes an important and thought provoking contribution
