Century Massimo Zicari, 2022-04-29 The fields of performance studies empirical musicology and the musicology of
recordings have seen a tremendous development in recent years shedding new light on the recent history of our performing
tradition and conveying essential information to music practitioners critics and audiences This innovative work considers the
notion of bel canto and the manner in which this vibrant tradition lives in the records of Luisa Tetrazzini 1871 1940 one of
the most celebrated sopranos ever Tetrazzini whose discographic career includes about 120 recordings belongs to that
generation of inspirational performers who heralded the dawn of a new era of music appreciation alongside such iconic
figures as Enrico Caruso Adelina Patti and Nellie Melba Drawing on a vast body of scholarship and a number of
contemporary reviews Massimo Zicari establishes Tetrazzini's role in the Italian operatic tradition and its much disputed set
of performing conventions His transcriptions of her recorded interpretations from Rossini Donizetti Bellini and Verdi will
prove invaluable to singers and conductors interested in a tradition that goes back to legendary figures such as Jenny Lind
and Maria Malibran The author also discusses her voice quality and technique tempo flexibility her use of vibrato and
portamento features of musical performance that question several widely held normative views about aesthetics and
interpretative tradition The volume includes eighty eight musical examples and its closing section consists of the vocal scores
of thirteen operatic arias The musical material both examples and transcriptions is entirely original This unique approach
seeks to combine an academic perspective with the making of the music in the hope that the plea for originality may be
enhanced by models from the past **Verdi's Opera Rigoletto** Giuseppe Verdi, 1860 *Verdi's Opera La Traviata*
Giuseppe Verdi, 1859
