Translated with an Introd. by Paul Turner Lucian (of Samosata.),1961 *Satirical Sketches* Lucian,1968 Lucian's Satire Jennifer Hall,1981 **Erotic Beasts and Social Monsters** Tiffany Grace,1995-02 The voluminous contemporary critical work on English Renaissance androgyny transvestism has not fully uncovered the ancient Greek and Roman roots of the gender controversy This work argues that the variant Renaissance views on the androgyne s symbolism are in fact best understood with reference to classical representations of the double sexed or gender baffled figures and with the classical merging of the figure with images of beasts and monsters The Pauline Concept of Supernatural Powers Kabiro wa Gatumu,2009-02-20 The study of supernatural powers is fraught with vexing hermeneutical challenges which aggravate further in the African context While on the one hand Western anthropology tends to discount the idea of supernatural powers by attempting to explain them away on the other Western biblical scholarship has mainly worked from the premise of demythologizing them But none of these approaches make tangible sense to African scholars for whom supernatural powers constitute an integral component of their spiritual psyche This book based on an examination of over a thousand documentary sources both classic and modern attempts to address the issue of interpreting supernatural powers from an African worldview The author analyzes identifies and critiques major hermeneutical errors and offers a bridging hermeneutic using the method of reader response criticism

Picturing Paul in Empire

Harry O. Maier, 2013-10-24 Pauline Christianity sprang to life in a world of imperial imagery In the streets and at the thoroughfares in the market places and on its public buildings and monuments and especially on its coins the Roman Empire's imperial iconographers displayed imagery that aimed to persuade the Empire's diverse and mostly illiterate inhabitants that Rome had a divinely appointed right to rule the world and to be honoured and celebrated for its dominion Harry O Maier places the later often contested letters and theology associated with Paul in the social and political context of the Roman Empire's visual culture of politics and persuasion to show how followers of the apostle visualized the reign of Christ in ways consistent with central themes of imperial iconography They drew on the Empire's picture language to celebrate the dominion and victory of the divine Son Jesus to persuade their audiences to honour his dominion with praise and thanksgiving Key to this imperial embrace were Colossians Ephesians and the Pastoral Epistles Yet these letters remain neglected territory in consideration of engagement with and reflection of imperial political ideals and goals amongst Paul and his followers This book fills a gap in scholarly work on Paul and Empire by taking up each contested letter in turn to investigate how several of its main themes reflect motifs found in imperial images

Hunter of Themes

Karen Link Rosenflanz, 2005

Krzizanovskij summed himself up in one of his notebooks I am known for being unknown Yet he was an authority on Shakespeare and Shaw a noted scholar and the author of very popular dystopian and phantasmagoria short stories Rosenflanz examines the life and work of this Russian modernist whose imagination used the Russian formalism and futurism then current in new and rich ways whose skill with the pun rose even to the aural level and whose life's goal was to resurrect the idea of word as thing in all its permutations as words as things as things words and as words things even unto words as prophecy which Rosenflanz interprets as recollections of the future Krzizanovskij's being known for being unknown is perhaps rooted in the fact that he was so far ahead that others could not recognize him as leading the charge Annotation 2004 Book News Inc Portland OR booknews.com

Social Trust and Human Communities Trudy Govier, 1997 Govier offers a general account of trust in a variety of social contexts and explores the negative effects of distrust on society For example she examines the role of trust in relationships between doctors and patients and between politicians and constituents With well chosen examples ranging from the Oka crisis to Meech Lake Govier points out that distrust in politics has been especially prevalent and while it may be well founded can have pernicious effects *Social Trust and Human Communities* will be of great interest to students and scholars in the areas of applied ethics social theory and politics

On Liberty Daniel Frank, 2019-06-19 The communitarian critic of liberalism argues that the socio political context is fundamental to any understanding of the individual as such This debate is advanced by particularising it to the experience of Jews in the modern world Essays focus on the variety of views of the relationships between the individual Jew and the communities religious and secular of which he or she is a member
