Spiritual Slavery to Spiritual Sonship Jack Frost,2006-11-28 What would life be like with no fear If you could feel completely at home and at rest in the intimate love of God We all face two choices in life to live life as if we have a home or to live life as if we do not have a home Many Christians live like orphans because they have never made it past their fears and into a place of rest and safety Are you one of them Lay aside your orphan mindset Come in from the storm and find rest Discover your true identity and your true home as a beloved son daughter of the Father God & Human Beings Voltaire,2010-10-29 In this little known work by Voltaire 1694 1778 now available in English for the first time the famous French philosophe and satirist presents a wide ranging and acerbic survey of religion throughout the world Written toward the end of his life in 1769 the work was penned in the same decade as some of his more famous works the Philosophical Dictionary Questions on Miracles and Lord Bolingbroke s Important Examination all of which questioned the basic tenets of Christianity Voltaire called himself a deist and thus he professed belief in a supreme deity But he was always sharply critical of institutional Christianity especially its superstitions the hypocrisy of its clergy and its abuse of political power Both his deism and his critical attitude toward Christianity are manifest in God and Human Beings which is in effect one of the first works of comparative religion Comparing Christianity to the more ancient belief systems of the Jews Hindus Chinese Greeks Romans Egyptians Babylonians Phoenicians and Arabs he notes a common tendency to worship one supreme god despite the host of subordinate deities in many of these religions He also critiques the many superstitions and slavish rituals in religion generally but he emphasizes that in this respect Christianity is no better than other faiths Thus the clergy s claim that Christianity is God s supreme revelation to humanity has no basis from an objective perspective This first English translation of a classic critique of religion includes an introduction by writer scholar and editor S T Joshi who wrote the article on Voltaire in The New Encyclopedia of Unbelief edited by Tom Flynn Anticipating many of the themes of the later Higher Criticism and rationalist critiques of religion this incisive witty treatise by the great French skeptic will be a welcome addition to the libraries of anyone with an interest in the philosophy of religion intellectual history or the Enlightenment
