The Adventures of Imshi John Prioleau,1923 To some of the readers of the following pages I feel unlike most writers of travel books that I need offer no apology for adding yet one more to the swelling army of these They have brought it upon themselves During the six months when I drove my car from London to Genoa from Genoa to Marrakesh from Marrakesh to Kairuan from Kairuan to Gibraltar Seville Madrid the Pyrenees and home through France I was the embarrassed recipient of scores of letters from kindly folk all over the world asking me to put into a book with pictures the adventures of Imshi which I have had the honour to describe in the columns of the Daily Mail as we went along I have tried to give them what I thought they asked for To the other readers I have only one excuse to offer I believed that that very considerable body of the motoring public of Great Britain and Ireland who with me look upon a car and especially a post war car as something which should be fit to take its owner all over the world where roads exist might like to have first hand evidence of motoring conditions in the Countries of the Sun since the terror of war swept over them I have no notion of attributing to Imshi the qualities of an explorer Preface 7 8 **Man the Hunted** Donna Hart,Robert W. Sussman,2008-07-29 A provocative view of human evolution that contends early humans occupied a far more vulnerable position in the food chain than we like to imagine
