Littell's Living Age ,1906 Blackwood's Magazine ,1906 *The Rural Tradition* William J. Keith,1974-12-15 There is probably no single quality or characteristic besides love of the countryside that must inevitably distinguish a rural writer notes W J Keith However what distinguishes rural writing that belongs to literature from that belonging to natural history agricultural history etc is as Richard E Haymaker has observed the writer's means of revealing Nature as well as describing her In the final analysis the rural essayist paints neither landscapes nor self portraits instead he communicates the subtle relationship between himself and his environment offering for our inspection his own attitudes and his own vision We may be asked to look or to agree but more than anything else we are invited to share Ultimately then the best rural writing may be said to provide us in a phrase adapted from Robert Langbaum with a prose of experience Keith argues that non fiction rural prose should be recognized as a distinct literary tradition that merits serious critical attention In this book he tests the cogency of thinking in terms of a rural tradition examines the critical problems inherent in such writing and traces significant continuities between rural writers Eleven of the more important and influential writers from the seventeenth century to modern times come under individual scrutiny Izaak Walton Gilbert White William Cobbett Mary Russell Mitford George Borrow Richard Jefferies George Sturt George Bourne W H Hudson Edward Thomas Williamson and H J Massingham In examining these writers within the context of the rural tradition Keith rescues their works from the literary attic where they have too often been relegated as awkward misfits When studied together each throws fascinating light on the others and is seen to fit into a loose but nonetheless discernible line *The Wheelwright's Shop* George Sturt,1963 George Sturt's account of his trade as a wheelwright offers a unique glimpse into the working lives of late nineteenth century craftsmen Copyright Libri GmbH All rights reserved **Who's who** Henry Robert Addison,Charles Henry Oakes,William John

Gillis, 1985-11-21 Did you know that The contemporary fashion of living together before marriage is far from new and was frequently practiced in earlier days Self divorce although never legal was once a commonplace occurrence Marriage is more popular today than in the Victorian era Marriage in church was not compulsory in England and Wales until the mid 18th century These are just a few of the fascinating and often surprising revelations in For Better For Worse the most comprehensive treatment to date of the history of marriage in a major Western society Using fresh evidence from popular courtship and wedding rituals over four centuries Gillis challenges the widely held belief that marriage has evolved from a cold impersonal arrangement to a more affectionate egalitarian form of companionship The truth argues Gillis lies somewhere in between conjugal love was never wholly absent in preindustrial times while today's marriages are less companionate than is commonly believed Gillis also illustrates in rich detail the perpetual tension between marital ideals and actual practices This social history of the behavior and emotions of ordinary men and women radically revises our perspective on love and marriage in the past and the present *Literary Englands* David Gervais, 1993-10-21 The influence of Englishness loss nostalgia and exile on the work of twentieth century writers **The Literary Year-book** Frederick George Aflalo, Joseph Jacobs, Herbert Arthur Morrah, Henry Gilbert, Basil
