Hut Pavilion Shrine: Architectural Archetypes in Mid-Century Modernism Miles David Samson, 2016-03-09 The phase of American architectural history we call mid century modernism 1940 1980 saw the spread of Modern Movement tenets of functionalism social service and anonymity into mainstream practice It also saw the spread of their seeming opposites Temples arcades domes and other traditional types occur in both modernist and traditionalist forms from the 1950s to the 1970s Hut Pavilion Shrine examines this crossroads of modernism and the archetypal and critiques its buildings and theory The book centers on one particularly important and omnipresent type the pavilion a type which was the basis of major work by Louis I Kahn Paul Rudolph Philip Johnson Minoru Yamasaki and other eminent architects While focusing primarily on the architecture culture of the United States it also includes the work of British European Team X and Scandinavian designers and writers Making connections between formal analysis historical context and theory the book continues lines of inquiry which have been pursued by Neil Levine and Anthony Vidler on representation and by Sarah Goldhagen and Alice Friedman on modernism's forbidden elements of the honorific and the visually pleasurable It highlights the significance of pavilionizing mid century designers such as Victor Lundy John Johansen Eero Saarinen and Edward Durrell Stone and shows how frequently essentialist and traditionalist types appeared in the roadside vernacular of drive in restaurants gas stations furniture and car showrooms branch banks and motels The book ties together the threads in mid century architectural theory that addressed aspects of type essential structure and primal humanistic aspects of environment making and discusses how these concerns outlived the mid century moment and in the designs and writings of Aldo Rossi and others they paved the way for Post Modernism Joyce in the Belly of the Big Truck: Workbook Joyce A. Cascio, 2005-05 Architectural Record, 1928 Byzantium and British Heritage Amalia G. Kakissis, 2023-07-12 Byzantium was a very influential part of the development of the Arts and Crafts Movement 1880 1910 in Britain and although the influence of the Gothic Revival 1830 80 is well known that of the Byzantine Revival 1840 1910 is not This volume is about the people and the movements that created the Byzantine Revival and shows how they influenced British heritage from architecture to the decorative arts during the late nineteenth and early twentieth centuries The central pillars of the volume are the architects and scholars who created the Byzantine Research Fund BRF Archive a unique collection of architectural drawings and photographs of numerous monuments across the Byzantine world and the social and professional networks in which they circulated The BRF members an eclectic and little known group who based themselves

at the newly founded British School at Athens established the research of Byzantium in Britain and Greece They were trained in the traditions of the Arts and Crafts Movement which sought authenticity in design and decoration in reaction to the styles that had developed through industrialisation Their work uniting a distinctively British design tradition with Byzantine arts and crafts represents a highly significant and under researched link between Britain and the Hellenic world This volume is the first contribution to try to fill this knowledge gap Byzantium and British Heritage will appeal to all those interested in the relation between Byzantine and British culture and Byzantine art A Universal Man Karl Friedrich Schinkel,1991-01-01 This book is about one of the greatest and most influential architects and designers of the 19th century Schinkel designed many of the great buildings of his native Germany his architecture still dominates Berlin DK Eyewitness Travel Guide: Germany DK,2014-04-01 Packed with photographs illustrations and detailed maps DK Eyewitness Travel Guide Germany will lead you straight to the very best of this beautiful country from its beautiful castles and cathedrals popular beer halls festivals and Christmas markets to walks and hikes through the countryside This fully updated guide includes 3 D illustrated cutaways and floor plans of must see sights plus street by street maps of towns and cities Comprehensive listings showcase the best hotels resorts restaurants and nightlife in each region for all budgets What's new in DK Eyewitness Travel Guides New itineraries based on length of stay regional destinations and themes Brand new hotel and restaurants listings including DK's Choice recommendations Restaurant locations plotted on redrawn area maps and listed with sights Redesigned and refreshed interiors make the guides even easier to read With hundreds of full color photographs hand drawn illustrations and custom maps that illuminate every page DK Eyewitness Travel Guide Germany truly shows you this country as no one else can Now available in PDF format *DK Eyewitness Travel Guide: Germany* Joanna Egert-Romanowskiej,Malgorzata Omilanowska,2012-08-01 New expanded edition the world's best full color travel guides just got better This volume in the award winning Eyewitness Travel Guides series show Germany as it has never been shown before With the help of this guide you can explore the sites with DK Eyewitness Travel Guide Germany DK Travel,2016-04-05 DK Eyewitness Travel Guide Germany takes you by the hand leading you straight to the best attractions this country has to offer from its beautiful castles and cathedrals to its popular beer halls festivals and Christmas markets to walks and hikes through the countryside Experience Oktoberfest in Munich ski down the Alps and cruise or hike along the Rhine to see romantic castles and vineyards Discover DK Eyewitness Travel Guide Germany Detailed itineraries and don't miss destination highlights at a glance Illustrated cutaway 3 D drawings of important sights Floor plans and guided visitor information for major museums Guided walking tours local drink and dining specialties to try things to do and places to eat drink and shop by area Area maps marked with sights Detailed city maps of Berlin and Munich include street finder indexes for easy navigation Insights into history and culture to help you understand the stories behind the sights Hotel and restaurant listings highlight DK Choice special recommendations With hundreds of full color photographs hand drawn illustrations and custom maps that illuminate

The Man in the Glass House Mark Lamster,2018-11-06 A smoothly written and fair minded Wall Street Journal biography of architect Philip Johnson a finalist for the National Book Critic s Circle Award When Philip Johnson died in 2005 at the age of 98 he was still one of the most recognizable and influential figures on the American cultural landscape The first recipient of the Pritzker Prize and MoMA s founding architectural curator Johnson made his mark as one of America s leading
