an outstanding compendium of facts and figures on World History Fully up to date reliable and clear this volume is the indispensable source of information on a thorough range of topics such as the Arab Israeli conflict anti semitism and the Holocaust all the world s major famines and natural disasters since 1914 whether all countries of the world have a king president prime minister or other governance GNP of the world s major states year by year biographies of key figures civil rights movements the Vietnam War the rise of terrorism globalization Thematically presented the book covers topics relevant from the First World War to the Iraq war of 2003 and from post colonial Africa to conflicts and movements in Southeast Asia With maps chronologies and full bibliography this user friendly reference work is the essential companion for students of history politics and international relations and for all those with an interest in world history **The Major International Treaties of the Twentieth Century**, 2001 Treaties discussed include The Treaty of Versailles 1919 The Pact of Steel 1939 The Charter of the United Nations 1945 The North Atlantic Treaty 1949 The Treaty between the Federal Republic of Germany and the German Democratic Republic 1990 The Belfast Agreement 1998 The Charter of the Organization of African Unity 1963 The Universal Declaration of Human Rights 1948 Information Sources of Political Science Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world s leading comprehensive bibliography of American and international politics The eagerly anticipated new edition of the widely acclaimed Information Sources of Political Science is the most comprehensive English language political bibliography available offering the surest way for students and researchers to get straight to the information they need Like no other volume it provides a fully rounded view of the field both in the United States and internationally including relevant works in history economics sociology and education Its 2 500 entries cover a wide variety of source types indexing and abstracting services major bibliographical tools encyclopedias dictionaries handbooks directories statistical compilations and more In addition this edition is the first to feature substantial coverage of electronic resources both databases and Internet sites Each source receives its own annotation with entries grouped in categories to bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries *Barbarism and Civilization* Bernard Wasserstein, 2009-02-12 The twentieth century in Europe witnessed some of the most brutish episodes in history Yet it also saw incontestable improvements in the conditions of existence for most inhabitants of the continent from rising living standards and dramatically increased life expectancy to the virtual elimination of illiteracy and the advance of women ethnic minorities and homosexuals to greater equality of respect and opportunity It was a century of barbarism and civilization of cruelty and tenderness of technological achievement and environmental spoliation of imperial expansion and withdrawal of authoritarian repression and of individualism resurgent Covering everything from war and politics to social cultural and economic change *Barbarism and Civilization* is by turns grim humorous surprising and enlightening a window on the century we have left behind and the earliest years of its troubled successor **Managing Babel: The International Legal Protection of**

Minorities in the Twentieth Century Li-Ann Thio, 2005-01-01 Minority protection is integral to a civilised standard of internal good governance The goal of promoting friendly inter group relations within states highlights the linkages between constitutionalism and the extending reach of international law in shaping domestic governance and structuring relations between the state non state communities and individuals While law per se cannot guarantee the security and integrity of minority groups law and legal institutions play a role in promoting a tolerant and pluralistic environment and a multicultural ethos that appreciates rather than resents ethno cultural diversity This book is a comprehensive modern study of the important field of international protection of minority rights focusing on 20th century developments Minority rights regimes which address the issue of group identity and autonomy have essentially been a stabilising force buttressing state survivability in the face of claims to self determination or secession These serve to promote the peaceful co existence of distinct ethno cultural groups captured by the metaphor of Babel within existing states Despite overlaps the content of minority protection is more modest than the claim of indigenous groups for collective rights or peoples rights to self determination As part of the contemporary corpus of human rights norms minority protection may be appreciated as an aspect of the evolving content of the internal dimension of the right to self determination Chapter 1 introduces some key definitional and conceptual problems in the field of minority protection and presents a brief historical review of international approaches up to 1919 Chapter 2 discusses the League of Nations era Chapter 3 examines approaches towards minority protection after World War Two as reflected in the drafting of the United Nations Charter and efforts to protect minorities outside the UN regime In this period discussed in Chapters 4 and 5 minorities issues remained largely submerged within the UN project of promoting universal individual human rights Chapter 6 addresses the post 1989 revival in minorities issues within the UN Chapter 7 offers a succinct overview of what might be considered a parallel history with respect to the development of regional human rights schemes and what these afford to minority protection closing with concluding observations Meticulously researched this volume offers a valuable synthesis of this important but often heart breaking field

The Major International Treaties of the Twentieth Century John Ashley Soames Grenville, 2001 [Reference Sources in History](#) Ronald H. Fritze, Brian E. Coumts, Louis A. Vyhnanek, 2004-03-09 Fully annotated and completely updated the most comprehensive guide to reference books in the field of history Reference Sources in History catalogs atlases encyclopedias dictionaries handbooks sourcebooks bibliographies and chronologies and makes sense of it all Its broad scope and systematic organization make it an accessible reliable resource for experienced and inexperienced researchers alike Fully annotated and updated the new edition summarizes hundreds of reference works on every conceivable subject in history from ancient to modern from Afghanistan to Zimbabwe This edition also reflects the dramatic impact of the digital revolution on historical research by integrating a wide range of Internet and CD ROM sources Reference Sources in History is a time saving alternative to searching the reference stacks or getting lost in an online thicket of dubious historical websites

Globalisation and the Western Legal Tradition David B. Goldman, 2008-02-07 What can globalisation teach us about law in the Western tradition This important new work seeks to explore that question by analysing key ideas and events in the Western legal tradition including the Papal Revolution the Protestant Reformations and the Enlightenment Addressing the role of law morality and politics it looks at the creation of orders which offer the possibility for global harmony in particular the United Nations and the European Union It also considers the unification of international commercial laws in the attempt to understand Western law in a time of accelerating cultural interconnections The title will appeal to scholars of legal history and globalisation as well as students of jurisprudence and all those trying to understand globalisation and the Western dynamic of law and authority

International Cooperation in the Early Twentieth Century Daniel Gorman, 2017-09-21 The early 20th century world experienced a growth in international cooperation Yet the dominant historical view of the period has long been one of national military and social divisions rather than connections International Cooperation in the Early Twentieth Century revises this historical consensus by providing a more focused and detailed analysis of the many ways in which people interacted with each other across borders in the early decades of the 20th century It devotes particular attention to private and non governmental actors Daniel Gorman focuses on international cooperation international social movements various forms of cultural internationalism imperial and anti imperial internationalism and the

growth of cosmopolitan ideas The book incorporates a non Western focus alongside the transatlantic core of early 20th century internationalism It interweaves analyses of international anti colonial networks ideas emanating from non Western sites of influence such as Japan China and Turkey the emergence of networks of international indigenous peoples in resistance to a state centric international system and diaspora and transnational ethno cultural religious identity networks

The Medicalization of Marijuana Michelle Newhart, William Dolphin, 2018-09-03 Winner of the Donald W Light Award for the Applied or Public Practice of Medical Sociology Medical marijuana laws have spread across the U S to all but a handful of states Yet eighty years of social stigma and federal prohibition creates dilemmas for patients who participate in state programs The Medicalization of Marijuana takes the first comprehensive look at how patients negotiate incomplete medicalization and what their experiences reveal about our relationship with this controversial plant as it is incorporated into biomedicine Is cannabis used similarly to other medicines Drawing on interviews with midlife patients in Colorado a state at the forefront of medical cannabis implementation this book explores the practical decisions individuals confront about medical use including whether cannabis will work for them the risks of registering in a state program and how to handle questions of supply dosage and routines of use Individual stories capture how patients redefine and reclaim cannabis use as legitimate individually and collectively and grapple with an inherently political identity These experiences help illustrate how stigma prejudice and social change operate By positioning cannabis use within sociological models of medical behavior Newhart and Dolphin provide a wide reaching theoretically informed analysis of the issue that expands established concepts and provides new insight on medical cannabis and how state programs work
