sayings More Tea Vicar Rees returns with a witty and fascinating examination of the catchphrases that saw us through wartime Britain and are still relevant in times of crisis today Including domestic phrases of the time propaganda and slang developed by soldiers abroad the book describes the provenance and development of these intriguing quirky and sometimes crude phrases that were born out of times of conflict and have in many cases become part of our language **A Century of Premiers** D. Excavating Memory Ülker Gökberk, 2020-09-29 This study moves the acclaimed Turkish fiction writer Bilge Karasu 1930 1995 into a new critical arena by examining his poetics of memory as laid out in his narratives on Istanbul s Beyo lu once a cosmopolitan neighborhood called Pera Karasu established his fame in literary criticism as an experimental modernist but while themes such as sexuality gender and oppression have received critical attention an essential tenet of Karasu s oeuvre the evocation of ethno cultural identity has remained unexplored Excavating Memory brings to light this dimension Through his non referential and ambiguous renderings of memory Karasu gives in his Beyo lu narratives unique expression to ethno cultural difference in Turkish literature and lets through his own repressed minority identity By using Walter Benjamin s autobiographical work as a heuristic premise for illuminating Karasu G kberk establishes an innovative intercultural framework which brings into dialogue two representative writers of the twentieth century over temporal and spatial distances

**Holocaust Memories** Claudia Moscovici, 2019-05-16 Nearly eighty years have passed since the Holocaust There have been hundreds of memoirs histories and novels written about it yet many fear that this important event may fall into oblivion As Holocaust survivors pass away their legacy of suffering tenacity and courage could be forgotten It is up to each generation to commemorate the victims preserve their life stories and hopefully help prevent such catastrophes These were my main motivations in writing this book Holocaust Memories which includes reviews of memoirs histories biographies

novels and films about the Holocaust It was difficult to choose among the multitude of books on the subject that deserve our attention I made my selections based partly on the works that are considered to be the most important on the subject partly on wishing to offer some historical background about the Holocaust in different countries and regions that were occupied by or allied themselves with Nazi Germany and partly on my personal preferences interests and knowledge The Nazis targeted European Jews as their main victims so my book focuses primarily on them At the same time since the Nazis also targeted other groups they considered dangerous and inferior I also review books about the sufferings of the Gypsies the Poles and other groups that fell victim to the Nazi regimes In the last part I review books that discuss other genocides and crimes against humanity including the Stalinist mass purges the Cambodian massacres by the Pol Pot regime and the Rwandan genocide I want to emphasize that history can indeed repeat itself even if in different forms and contexts Just as the Jews of Europe were not the only targets of genocide Fascist regimes were not its only perpetrators
