Create Your Own Religion Daniele Bolelli, 2013-04-01 One of the most refreshing humorous and radically honest books about practical and comparative religion this reviewer has ever come across Library Journal starred review *Create Your Own Religion* is a call to arms an open invitation to question all the values beliefs and worldviews that humanity has so far held as sacred in order to find the answers we need to the very practical problems facing us Writer philosopher and professor of comparative religion Daniele Bolelli leads the reader through three thousand years of mythology misogyny misinformation and the flat out lies about revealed truth that continue to muddle our ability to live a peaceful life free of guilt and shame and the ultimate fear of death Our worldviews are in desperate need of some housecleaning says Bolelli We enter the 21st century still carrying on our backs the prejudices and ways of thinking of countless past generations What worked for them may or may not still be of use so it is our job to make sure to save the tools that can help us and let go of the dead weight With a cheerful good natured smile Daniele Bolelli torpedoed the often luxurious but spiritually leaky battleships that sail under the various flags of the world's organized religions Tom Robbins New York Times bestselling author Daniele Bolelli is in the house Minds will be blown Lives will be changed Joe Rogan comedian and podcast host Bolelli's direct confrontation with dogma without giving an inch and without prescribing a new dogma is about as fresh as it gets Mike Vallely skateboarder musician and actor

Create a Desired Future by Working on Your Own Dream Idowu Kotila, 2022-08-01 The book *Create a Better Future by Working on Your Personal Dream* is to define dreams and elaborate on what the dreams are and what dreaming is not It is a wake up call book for many people who are suffering in the midst of plenty simply because they actually have dreams and talents that can shift them to a better stage of their lives but the fear of the unknown is preventing them from making any move or use their talents to their own advantage and to the benefit of their communities and the

world at large The book is also written to let many people who are talented but haven't discovered their talents to discover their talents through examples and advice given in the body of this book and to remind readers that relying on their fathers wealth or their uncles or aunties abroad cannot help their dream Possible channels for fulfilling dreams are touched in the book for as many that are on the crossroads on their way to success to study and be encouraged to put into practice This book is to remind the readers that people are poor not because they don't have money in their bank accounts but because they lack dreams vision and purpose and by exhibiting fear of unknown in their mind Among the aim of this book is to remind the readers that borrowers are slaves to the lenders and to remind them that he who controls your time has control on your destiny and has a great influence on your life That is the case of employers to employees regardless of your position in your present jobs as employee Reasons why many university and college degree certificates holders are poor and serving as slaves to people in authority and the few rich who can take risks and work on their dreams even though they don't bag as much university degree is emphasized on in this book More also one of the major purposes of this book is to remind the brilliant students that school rewards people for their memory Life rewards people for their creativity and ability to solve problems Your degree or certificate is not the cure to poverty the cure to poverty is your ability to see and seize opportunities Possible advice to the common problems facing the university and college graduates that are struggling to make ends meet and those that are making it but want to shift to the next level of their greatness are included in chapters of this book The power of simple things is described in the chapter of this book by showing examples of simple thing that are easy for people to do to transform their lives but they keep failing to do at every point of their lives daily This is among the reasons why this book is published The constant law of wealth creation is mentioned in this book Possible and simple ways of starting and establishing businesses with possible steps to take in transiting from your regular jobs to your own business without becoming jobless in between the transit is in this book The ways to see your future are in the book Reading this book will allow employees to know that by working for people they will make a living While working on their businesses will make them a fortune The daily habits of the few rich and what they are doing daily to stay on top of the ladder and keep making people serve them and their generations are in this book The ability to turn challenges into opportunities and to diffuse the fear of the unknown in the mind of those who don't have hope in their future by letting them know that they are unstoppable by showing them how will be read in this book The way you think has a great role to play concerning what you will become in life Your thought is what you become If you cannot change your thought you cannot change your life This book was written to encourage the readers on the need to think progressively and the positive effects of progressive thinking Inclusive in this book is the need for the reader to be well informed in whatever areas in business career or community they find themselves The sure path to failure is when a man is ignorant and yet rejects every opportunity to obtain relevant knowledge If you know your assignment you will know what your needs are Where you will get to in life is determined by your assignment Reading this book will open

ways for readers on how to recognize individual assignments and how to work in fulfilling the assignment rather than wasting time in doing what they were not called to do Time is such a commodity that when spent can never be recovered This book encourages readers to rise to their various challenges and reminds the readers of the importance of time management Overall this book serves as the GPS to navigate through the basic challenges of life and as a daily life devotional and motivational tool that encourages people to face and overcome the daily life challenges Many of these reasons and more to be discovered as you read on the book are inclusive I strongly believe the confidence needed to believe in yourself and instinct to work on your personal dream will be developed as you read the book **Create Your Own Fate** Elaine

Northrop,2011-01-19 Nothing is Beyond Belief Imagination is the key to creating a new reality Whatever you can imagine you can implement Whatever you believe to be actually creates the world you see Life doesn t just happen to you It responds to you and the thoughts that you are creating on a continuing basis Although thoughts are not tangible they are programmable and powerful Thoughts can transform the abstract into the absolute This book is about creative visualization or wishcraft which is a way of thinking that can change your life The principles proposed in this book can propel you from poverty to prosperity and jumpstart your JOY as you learn how to transform your thoughts into reality The process starts with a dream a desire or even just a wish Wishes come in all sizes One can wish small or one can wish big or tall One can even choose not to wish at all but wishing is really the key to creating a new reality Everything that you can conceive of already exists or you couldn t even conceive of it Creative visualization simply makes the invisible visible Your beliefs are the key to making the invisible materialize Predicting the future actually becomes possible once you realize that you can create your own future by propelling your dreams into reality The world can be yours to have and to hold once you take control of your own destiny That doesn t mean that you can control the events that will happen in your life but you can control how you envision those events Those visualizations can either empower you to excel or cripple you in crisis If you want your life to change try doing something strange If you want your life to be different do different think different Sometimes all that you need to change is your mind and your beliefs Stop setting limits on your life Become part of the cycle of life which is to Dream desire create and inspire *Start and Run Your Own Record Label* Daylle Deanna Schwartz,2003 An updated guide to becoming a music mogul explores alternative markets for all musical genres utilizing the power of the Internet and offering suggestions for marketing overseas **A Faith of Your Own** Ronald J. Allen,2010-01-25 A faith should be a living thing What we believe necessarily evolves in response to insights into the Bible to questions or doubts we face to changes in life circumstances or to things that happen in the larger world Nevertheless Christians often find it helpful to identify what they can most fully believe at a given moment Such clarity empowers the present and leads us toward the future Such moments can also be mile markers by which we measure our faith journey In each chapter the first section lists the most common ways a certain topic is understood in the Bible The second section identifies important ways the church has interpreted that topic since the Bible

s inception The third section introduces contemporary perspectives With that foundational knowledge readers can make a judgment as to which viewpoints seem more or less persuasive to them personally Finally each chapter ends with questions for reflection for individuals or small groups

Philippians and Galatians Stanley P. Saunders, 2001-08-01 The letters to the Philippian and Galatian congregations illustrate well the passion and intensity of the writing of the apostle Paul Philippians is perhaps Paul's warmest letter affirming the already close relationship between the Philippians and Paul with the language of partnership joy and humility Galatians on the other hand reveals frustration and anger and lacks the expression of thanksgiving typically found near the beginning of Paul's letters Although Paul presumes a relationship of trust and respect with the Philippians the tone of Galatians suggests that he thinks he may already have lost this community to an erroneous vision of the gospel a perspective that was not really the gospel at all

First Corinthians Bruce N. Fisk, 2000-04-01 In First Corinthians Paul writes to a troubled church at Corinth urging its members to live a life distinct from the ways of others governed by the law of love and affirming of the tenets of the faith His direct responses to their shortcomings provide us a window into daily church life in the first century But this letter also paints a vivid picture of what any church can become by the grace of God Interpretation Bible Studies IBS offers solid biblical content in a creative study format Forged in the tradition of the celebrated Interpretation commentary series IBS makes the same depth of biblical insight available in a dynamic flexible and user friendly resource Designed for adults and older youth Interpretation Bible Studies can be used in small groups in church school classes in large group presentations or in personal study
