Make Your Own Gloves

Diana Sammataro,Alphonse Avitabile

Make Your Own Gloves:

You Can Make Your Own Gloves Edith M. Hummel, 1946 **You Can Make Your Own Bags and Accessories** Edith M. Hummel, 1952 **Design Your Own Crochet Projects** Sara Delaney, 2017-10-31 You love to crochet but you're tired of the granny square and other predictable projects. Let celebrated crochet teacher Sara Delaney help you expand your skills while showing you how to create custom fit wearable accessories. Delaney's unique flexible formulas let crocheters of all levels easily design scarves, cowls, fingerless mitts, mittens, gloves, hats, and socks. With fill in the blank templates and a stitch dictionary, you can use your favorite yarn and stitch pattern and make accessories that fit perfectly. Delaney offers a starter course in the technique with 18 of her own original patterns along with the formulas she used to create them. The companion online calculator helps create your customized patterns even more quickly.

Gloves Ida Tomshinsky, 2011-12-13 No outfit is complete without accessories. Trinity of hats, scarves, and gloves is a common ensemble that is used as modern fashion accessory by both men and women. It was a necessity to protect hands from gusty winds and keep them warm during cold weather winters. The historic evolution and democratization development of gloves had an exotic trip with detours aplenty throughout the centuries. Gloves in fashion were an exclusive enterprise, a pursuit of the wealthy. Therefore the use of materials, the length, and fabrication evolved from made at home into real industry. Eventually an array of hand wear of different styles and colors became available for masses. In the intervening time, European countries were the ones that planted the seeds that would define fashion culture: chic and elegance for decades to come. Today whatever its seasonal vagaries, gloves and mittens as fashion accessories have been a reflection of society as an industry often stirring provocative debate. Is it art or craft? Who would wear elbow long opera gloves? Is couture dead? Is department store obsolete? The answers are in the gloves themselves in their history and present.

DIY Artisanal Soaps Alicia Grosso, 2016-01-09 A DIY guide to making homemade soap.

Cutting for All! Kevin L. Seligman, 1996 Containing 2 729 entries. Kevin L. Seligman's bibliography concentrates on books, manuals, journals, and catalogs covering a wide range of sartorial approaches over nearly five hundred years. After a historical overview, Seligman approaches his subject chronologically, listing items by century through 1799, then by decade. In this section, he deals with works on flat patterning, draping, grading, and tailoring techniques, as well as on such related topics as accessories, armor, civil costumes, clerical costumes, dressmakers' systems, fur, gloves, leather, military uniforms, and undergarments. Seligman then devotes a section to those American and English journals published for the professional tailor and dressmaker. Here too he includes the related areas of fur and undergarments. A section devoted to journal articles features selected articles from costume and noncostume-related professional journals and periodicals. The author breaks these articles down into three categories: American, English, and other. Seligman then devotes separate sections to other related areas, providing alphabetical listings of books and professional journals for costume and dance, dolls, folk and national dress, footwear, millinery, and wigmaking, and hair. A section devoted to commercial pattern companies, periodicals,

and catalogs is followed by an appendix covering pattern companies publishers and publications In addition to full bibliographic notation Seligman provides a library call number and library location if that information is available The majority of the listings are annotated Each listing is coded for identification and cross referencing An author index a title index a subject index and a chronological index will guide readers to the material they want Seligman s historical review of the development of publications on the sartorial arts professional journals and the commercial paper pattern industry puts the bibliographical material into context An appendix provides a cross reference guide for research on American and English pattern companies publishers and publications Given the size and scope of the bibliography there is no other reference work even remotely like it

It Wasn't a Phase! Yasmine Summan,2024-08-06 Celebrate your former or current emo days with this interactive activity book perfect for elder emos reliving their youth and the latest wave of emo trendsetters alike just grab your colored pencils and get ready to let those emotions fly If studded belts and fingerless gloves were the ultimate fashion statement If you can still translate MySpace chatspeak without a second thought If surviving a summertime music festival dressed in all black is still the highlight of your year Then this ultimate emo coloring and activity book is meant for you Relive the classic emo moments of the early 2000s discover little known trivia about emo culture across the ages and explore the ways the trends have changed and continued to grow even today Activities include Testing your knowledge of iconic emo fanfiction with quiz questions that will stump even the most dedicated fans Grabbing your colored pencils and decorating the perfect chunky wristbands to show off your emo style Creating your ideal lineup for the emo festival of your dreams Finding out how emo you really are by writing your own cathartic lyrics inspired by helpful prompts and hints And many more This must have for any emo fan features fun facts coloring pages and more activities to help you learn those little known facts you really want to know and get a healthy dose of your favorite emo moments cringey MySpace photos anyone at the same time This book is here to remind you it definitely wasn t a phase
