Nursing Home Experience A Family Guide To Making It Better:

The Nursing Home Experience Marylou Hughes,1992 Nursing Homes and Assisted Living Peter S. Silin,2009-11-16

Almost a decade ago Peter S Silin wrote *Nursing Homes The Family's Journey* to provide family members with practical advice and emotional support. This successor volume incorporates the new and sometimes baffling world of assisted living. *Nursing Homes and Assisted Living* focuses on the psychological, emotional, and practical aspects of helping family members and seniors make a difficult transition. Silin approaches his subject with compassion and sensitivity, guiding readers through the process of finding the best possible care. He describes how nursing homes and assisted living facilities work and outlines the selection process; he explains how to prepare for the day a relative moves into a facility and suggests ways to help the resident settle in. He focuses on the family member's role in solving problems, obtaining good quality care, and visiting. The author's insights help caregivers cope with difficult decisions and deal with emotional issues such as guilt and grief while celebrating the tender, rewarding aspects of being a caregiver. Vignettes from real-life caregivers narrating their experiences amplify Silin's advice and will resonate with families. This book provides caregivers, family members, and seniors with the information they need to effect successful transitions. It is also a valuable tool for social workers, nurses, and family therapists.

Another Door to Learning Judy Schwarz,1992 Judy Schwarz and Carol Stockdale have been exploring learning disabilities for two decades and have witnessed the remarkable breakthroughs of more than a thousand learning-disabled individuals. *Another Door to Learning* tells some of these amazing and inspiring stories. The reader gets to meet Tyler, whose first-grade teacher described his reading as like a fisherman throwing his language out onto the pond like a net flung over the water, which, once understood, is exactly how he began to learn to read; Frank, husband and father who could build a house and everything in it but was illiterate and who learned to read by first learning to rhyme; forty-year-old Lucille, whose speech was so confused she couldn't talk on the telephone but who learned to put language together by playing with a puzzle; nineteen-year-old Janine, who would get lost on the way to her own mailbox but conquered her spatial disability by discovering how to map her environment and script events; and many more unforgettable people who overcame common and sometimes bizarre learning disabilities. Narrated with compassion, humor, and gentleness, *Another Door to Learning* will inspire everyone with its stories of atypical learners helping to show how a lasting difference can be made in the lives of these fascinating people.
