

The background of the entire image is a warm, golden-brown color. In the center, two hands are shown holding a glowing, translucent orb. The hands are positioned as if they are gently cradling the orb, with fingers slightly curled. The orb itself is bright and luminous, casting a soft glow on the hands and the surrounding background. The overall mood is one of care, protection, and warmth.

End of Life in Care Homes Jeanne Samson Katz, Sheila M. Peace, 2003-04-03 In our society the overwhelming majority of people die in later life They typically die slowly of chronic diseases with multiple co existing problems over long periods of time They spend the majority of their final years at home but many will die in hospitals or care homes This book explores the possibilities for improving the care of older people dying in residential care and nursing homes It argues that there are aspects of palliative care that given the right circumstances are transferable to dying people in settings that are not domestic or hospice based End of Life in Care Homes describes what happens in nursing and residential care homes when a resident is dying how carers cope and the practical health and emotional challenges that carers face on top of their day to day work

ABC's of Performing Art: Leading People to Christ through Creativity Kristy Irvin, 2016-02-11 ABC s of Performing Art Leading People to Christ through Creativity is a collection of tools and information gathered to help clergy and lay people share Christ in a creative way In addition to a lot of helpful resources there is a script for a play four bible studies and a church service all included in this one volume **Religion's Cell** Cynthia

McClaskey, 2012-03-15 Religion s Cell by Cynthia McClaskey is a masterful exploration of the ways in which organized religion has through the centuries systematically denied woman her proper role in the church and the world Beginning with a firsthand account of her own subjugation within a fundamentalist sect McClaskey moves forward with detailed and extensively referenced explanations of the God intended role of woman Along the way she provides explanations of how man in seeking to retain power and authority in both religion and the world has relegated woman to a subservient position in both areas in violation of God s intended plan McClaskey s evidence is compelling and her logic flawless as she argues against the God as stern judge mentality that permeates most modern religious sects and emphasizes the true nature of God as a loving father a father who wants only the best for both genders of His crowning creation She points out that Christ surrounded himself with women and that women played major roles in the early years of Christianity providing copious scriptural support for her position In Religion s Cell McClaskey has issued a clarion call for true gender equality both inside and outside organized religion This is a book women will want to read and men should be required to read [Proceedings of the 1st](#)
