The Hustle Doug Merlino, 2010-12-21 The experiment was dreamed up by two fathers one white one black What would happen they wondered if they mixed white players from an elite Seattle private school famous for alums such as Microsoft's Bill Gates and black kids

from the inner city on a basketball team Wouldn't exposure to privilege give the black kids a chance at better opportunities Wouldn't it open the eyes of the white kids to a different side of life The 1986 season would be the laboratory Out in the real world hip hop was going mainstream Larry Bird and Magic Johnson ruled the NBA and Ronald Reagan was president In Seattle the team's season unfolded like a perfectly scripted sports movie the ragtag group of boys became friends and gelled together to win the league championship The experiment was deemed a success But was it How did crossing lines of class race and wealth affect the lives of these ten boys Two decades later Doug Merlino who played on the team returned to find his teammates His search ranges from a prison cell to a hedge fund office street corners to a shack in rural Oregon a Pentecostal church to the records of a brutal murder The result is a complex gripping and at times unsettling story An instant classic in the vein of Michael Apted's Up series The Hustle tells the stories of ten teammates set before a background of sweeping social and economic change capturing the ways race money and opportunity shape our lives A tale both personal and public The Hustle is the story a disparate group of men finding or not finding a place in America
