Naomi Quinn,2018-07-25 This edited volume provides a long overdue synthesis of the current directions in culture theory and represents some of the very best in ongoing research Here culture theory is rendered as a jigsaw puzzle the book identifies where current research fits together the as yet missing pieces and the straight edges that frame the bigger picture These framing ideas are two Roy D Andrade s concept of lifeworlds adapted from phenomenology yet groundbreaking in its own right and new thinking about internalization a concept much used in anthropology but routinely left unpacked At its heart this book is an incisive insightful collection of contributions which will surely guide and support those who seek to further the study of culture

Culture and Identity in a Muslim Society Gary S. Gregg,2007-02-15 In the last fifteen years psychologists have rediscovered culture and its influence on emotion thought and self Many researchers have come to the conclusion that the world s cultures can be ranked according to the degree to which they are individualist or collectivist with Western cultures falling at the individualist end and non Western cultures at the collectivist end These scholars argue that while individualist cultures give rise to independent selves leading Westerners to think and act autonomously collectivist cultures foster interdependent selves leading non Westerners embedded in social relationships to think and act relationally Culture and Identity in a Muslim Society presents an alternative to the individualist collectivist approach to identity Unlike most psychological and anthropological studies of culture and self Gary Gregg s work directly investigates individuals using study of lives style interviews with young adults living in villages and small towns in southern Morocco Analyzing these young adults life narratives Gregg builds a theory of culture and identity that differs from prevailing psychological and anthropological models in important respects In contrast to modernist theories of identity as unified the life narratives show individuals to articulate a small set of shifting identities In contrast to post modern theories that claim people have a kaleidoscopic multiplicity of fluid identities the narratives show that the identities are integrated by repeated use of culturally specific self symbols metaphors and story plots Most importantly the life narratives show these young Moroccans self representations to be pervasively shaped by the volatile cultural struggle between Western style modernity and authentic Muslim tradition Offering a new approach to the study of identity the volume will be of interest to cross cultural psychologists anthropologists scholars of Middle East societies and researchers specializing in the study of lives
