*Quarterly Essay 36 Australian Story* Mungo MacCallum, 2015-02-09 In *Australian Story* Mungo MacCallum investigates the political success of Kevin Rudd What does he know about Australia that his opponents don't This is a characteristically barbed and perceptive look at the challenges facing the government and the country MacCallum argues that the things we used to rely on are not there anymore On the Right the blind faith in markets has recently collapsed The Left lost its guiding light with the demise of the socialist dream In entertaining fashion MacCallum dissects the myths that made Australia the idea of the Lucky Country with endless pastures a workingman's paradise a new Britannia and more In newly uncertain times MacCallum argues Rudd has sought to tap into these myths in the process reclaiming them from John Howard *Australian Story* is both a canny assessment of the Rudd government's election winning approach and a broader meditation on the nation's core traditions at a time of major change and challenge Rudd has made it clear that he is looking forward to a long time in office If the polls are to be believed he is still seen as the best man for the job by an overwhelming majority of Australians But why What is it about this repetitive boring God bothering nerd that

appeals to the proverbially laid back cynical disengaged public Mungo MacCallum Australian Story This special Christmas issue also includes Robert Manne's Quarterly Essay Lecture Is Neo Liberalism Finished      **Towards Human Rights**
