Professors of History and Political Science at the University of
Bonn, Germany, and the University of Bonn, Germany.

Political Ethics And Public Life

Dennis Frank Thompson

Political Ethics And Public Life:

Political Ethics and Public Office Dennis Frank Thompson, 1987 Are public officials morally justified in threatening violence engaging in deception or forcing citizens to act for their own good Can individual officials be held morally accountable for the wrongs that governments commit Dennis Thompson addresses these questions by developing a conception of political ethics that respects the demands of both morality and politics He criticizes conventional conceptions for failing to appreciate the difference democracy makes and for ascribing responsibility only to isolated leaders or to impersonal organizations His book seeks to recapture the sense that men and women acting for us and together with us in a democratic process make the moral choices that govern our public life Thompson surveys ethical conflicts of public officials over a range of political issues including nuclear deterrence foreign intervention undercover investigation bureaucratic negligence campaign finance the privacy of officials health care welfare paternalism drug and safety regulation and social experimentation He views these conflicts from the perspectives of many different kinds of public officials elected and appointed executives at several levels of government administrators judges legislators governmental advisers and even doctors lawyers social workers and journalists whose professional roles often thrust them into public life In clarifying the ethical problems faced by officials Thompson combines theoretical analysis with practical prescription and begins to define a field of inquiry for which many have said there is a need but to which few have yet contributed Philosophers political scientists policy analysts sociologists lawyers and other professionals interested in ethics in government will gain insight from this book

[The Political Ethics of Public Service](#) Vera Vogelsang-Coombs, 2016-05-05 This book provides a defense of democratic politics in American public service and offers the political ethics of public service as a realistic and optimistic alternative to the cynical American view toward politics and public service The author's alternative helps career public servants regain public trust by exercising constitutionally centered moral and political leadership that balances the regime values of liberty and equality in governing American society while contributing to the ethical progress of the nation She identifies three distinct leadership styles of political ethics enabling career public servants to reconcile their personal loyalties morality and consciences with the public and private morality of American society and their constitutional obligations to secure the democratic freedoms of Americans Recognizing career public servants moral and institutional struggles the book proposes a rigorous leadership development program to acclimate individuals to workplace psychological moral and political challenges The view offered here is that career public servants must be a part of rather than isolated from American politics to be effective on the job

Political Ethics Edward Hall, Andrew Sabl, 2022-09-13 A comprehensive introduction to contemporary political ethics What is the relationship between politics and morality May politicians bend moral constraints in the name of political necessity Is it always wrong for leaders to lie How much political compromise is too much or too little In *Political Ethics* some of the world's leading thinkers in politics philosophy and related fields offer a

comprehensive and accessible introduction to key issues in this rapidly growing area of political theory In a series of original essays the contributors examine a range of urgent political problems lies and deception compromise and refusal to compromise the meaning and limits of political integrity representation and failures of representation good and bad democratic leadership the virtues and excesses of partisanship administrative ethics political corruption whistleblowing legitimate and illegitimate claims of political emergency and lobbying What emerges are realistic but demanding ethical standards and a clear eyed understanding of the ethical challenges of political life in the twenty first century With contributions by Richard Bellamy Alin Fumurescu Edward Hall Suzanne Dovi and Jesse McCain Eric Beerbohm Russell Muirhead and Nancy Rosenblum Joseph Heath Elizabeth David Barrett and Mark Philp Michele Bocchiola and Emanuela Ceva Nomi Lazar Phil Parvin and Andrew Sabl

[Ethics and Political Practice](#) Noel Preston, Charles Sampford, 2012-10-02

Scrutinizing the practice of legislators and politicians from an ethical perspective this work looks closely at various methods to facilitate ethical conduct

[The Routledge Handbook of Ethics and Public Policy](#) Annabelle Lever, Andrei Poama, 2018-10-26

What does it mean to do public policy ethics today How should philosophers engage with ethical issues in policy making when policy decisions are circumscribed by political and pragmatic concerns How do ethical issues in public policy differ between areas such as foreign policy criminal justice or environmental policy The Routledge Handbook of Ethics and Public Policy addresses all these questions and more and is the first handbook of its kind It is comprised of 41 chapters written by leading international contributors and is organised into four clear sections covering the following key topics Methodology philosophical approaches to public policy ethical expertise knowledge and public policy Democracy and public policy identity integration and inclusion voting linguistic policy discrimination youth policy religious toleration and the family Public goods defence and foreign policy development and climate change surveillance and internal security ethics of welfare healthcare and fair trade sovereignty and territorial boundaries and the ethics of nudging Public policy challenges criminal justice policing taxation poverty disability reparation and ethics of death policies The Routledge Handbook of Ethics and Public Policy is essential reading for students and researchers in philosophy politics and social policy It will be equally useful to those in related disciplines such as economics and law or professional fields such as business administration or policy making in general

Conflict of Interest in American Public Life Andrew Stark, 2003-09-15

Stark draws on legal moral and political thought to analyze several decades of debate over conflict of interest in American public life He offers new ways of interpreting the controversies about conflict of interest explains their prominence in American political combat and suggests how we might make them less venomous and intractable

Public Leadership Ethics J. Patrick Dobel, 2018-05-11

Designed to help midlevel and senior managers in organizations dedicated to public purposes this book provides trained self awareness to deploy values to guide decisions and build the culture of their organizations The book explores how all managing involves leading and identifies the levels of ethical responsibility for managerial leaders Highlighting the

fundamental role that ethics plays in organizational life J Patrick Dobel uses insights from cognitive and social psychology to discuss how to anticipate and address threats to integrity and value informed decision making Building on traditional ethical theory and modern research the book begins with the fundamental assumption that individuals possess responsibility when they act for ethical purposes and results in taking a position within a public or nonprofit organization This assumption of responsibility recognizes the inherent discretion in all positions and claims that effective ethical management requires self awareness self mastery integrity and a working frame of one s values and character The book pays special attention to the challenges of integrating diverse people and perspectives in public organizations as well as attending to the slippages to integrity in organizational life and how managers and leaders can foresee and address ethical slippage and corruption The book provides checklists and decision frameworks that individuals can adopt and deploy to guide decisions Public Leadership Ethics A Management Approach will help create strong value informed cultures supported by communication transparency incentives and strong management cadres to achieve high quality service and integrity based actions It will be of special interest to managerial leaders in public service and teaching in public administration and policy programs or executive training

Manual of Political Ethics: Political ethics proper Francis Lieber, 1839 Christian Political Ethics John A. Coleman, 2009-01-10 Christian Political Ethics brings together leading Christian scholars of diverse theological and ethical perspectives Catholic Lutheran Calvinist and Anabaptist to address fundamental questions of state and civil society international law and relations the role of the nation and issues of violence and its containment Representing a unique fusion of faith centered ethics and social science the contributors bring into dialogue their own varying Christian understandings with a range of both secular ethical thought and other religious viewpoints from Judaism Islam and Confucianism They explore divergent Christian views of state and society and the limits of each They grapple with the tensions that can arise within Christianity over questions of patriotism civic duty and loyalty to one s nation and they examine Christian responses to pluralism and relativism globalization and war and peace Revealing the striking pluralism inherent to Christianity itself this pioneering volume recasts the meanings of Christian citizenship and civic responsibility and raises compelling new questions about civil disobedience global justice and Christian justifications for waging war as well as spreading world peace It brings Christian political ethics out of the churches and seminaries to engage with today s most vexing and complex social issues The contributors are Michael Banner Nigel Biggar Joseph Boyle Michael G Cartwright John A Coleman S J John Finnis Theodore J Koontz David Little Richard B Miller James W Skillen and Max L Stackhouse

Teaching Ethics and Values in Public Administration Programs James S. Bowman, Donald C. Menzel, 1998-01-01 Provides fresh perspectives on the teaching of ethics and values in public affairs administration and business in America s schools of higher education

The Oxford Handbook of Public Management Ewan Ferlie, Laurence E. Lynn, Christopher Pollitt, 2007 The public sector continues to play a strategic role across the world and in the last thirty years there have been major shifts in approaches to its management

This text identifies the trends in public management and the effects these have had as well as providing a broad overview to each topic

Moral Philosophy Hector Davidson, Moral philosophy or ethics is the branch of philosophy that examines concepts of right and wrong virtue and vice justice and injustice It seeks to understand the foundations of moral principles how they are applied in human life and whether moral truths are objective or subjective From ancient civilizations to modern societies moral philosophy has played a crucial role in shaping human thought behavior and institutions One of the fundamental questions in moral philosophy is whether morality is a product of reason emotion or social convention Some philosophers argue that moral principles stem from rational deliberation while others suggest that morality is deeply tied to human emotions such as compassion and guilt Social constructivists on the other hand emphasize that moral norms evolve through cultural traditions religious beliefs and historical contexts The study of moral philosophy is often divided into three main branches Meta ethics explores the nature and meaning of moral language questioning whether moral statements express objective truths or subjective opinions Normative ethics examines different ethical theories that propose principles for moral conduct such as consequentialism deontology and virtue ethics Applied ethics focuses on practical moral issues including debates on human rights justice medical ethics and environmental concerns

Ethics, the Heart of Leadership Joanne B. Ciulla, 2014-09-09 Top academic scholars ponder the question of ethics as it pertains to all aspects of leadership in business government and nonprofit organizations If leaders were defined by their influence on history Hitler would be on par with Gandhi Lincoln and Mother Theresa Yet most of us believe that our superiors have a responsibility to exercise power with a purpose far greater than any political agenda and a motive more noble than personal gain This thought provoking collection of essays explores the ethical challenges that leaders face in their relationships with followers the choices they make and the ways in which they influence others Joanne Ciulla and her contributors examine the traits and characteristics of top tier leaders She questions the assumption that moral fortitude is an inherent part of being in charge analyzes the roles that charisma morality and delegation play in the leadership paradigm and considers whether individuals who want to lead with integrity but are sometimes forced to get their hands dirty for their constituents can be called moral leaders Readers will gain an appreciation for how ethics is not an add on to the practice of leadership but rather an integral part of it an element that informs the very idea of what it means to lead and to lead well

Applied Ethics Ruth F. Chadwick, Doris Schroeder, 2002

Manual of Political Ethics Francis Lieber, 1881 *Manuel of Political Ethics* Lieber, 1875

Book III. Political ethics proper Francis Lieber, 1881 Schooling and the Struggle for Public Life Henry A. Giroux, 2015-12-03 This book examines the relationship between democracy and schooling and argues that schools are one of the few spheres left where youth can learn the knowledge and skills necessary to become engaged critical citizens Not only is the legacy of democracy addressed through the work of John Dewey and others but the democratic possibilities of schooling are analyzed through a range of issues extending from the politics of teacher authority to the importance of student voices These issues

have only become more vital in an era of neoliberalism and smaller government as Giroux discusses at length in this new updated edition Corruption Manuhua Barcham, Barry Hindess, Peter Larmour, 2012-09-01 Recent years have seen an unprecedented rise in interest in the topic of corruption resulting in a rising demand for suitable teaching materials This edited collection brings together two different approaches to the study of corruption the first represented by a large practically oriented literature devoted to identifying the causes of corruption assessing its incidence and working out how to bring it under control the second by a smaller collection of critical literature in political theory and intellectual history that addresses conceptual and historical issues concerned with how corruption should be and how it has been understood and uses the second to reflect on the first This collection will be of interest to post graduate students in political science law sociology public policy and development studies to senior public servants and to professionals working in multilateral agencies NGOs and the media **International Ethics** Mark R. Amstutz, 2005-01-03 This text presents the concepts theories methods and traditions of ethical analysis and then applies them to case studies in the areas of human rights military force foreign intervention economic statecraft and global political justice
