bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries **The Middle East Political Dictionary (Latest Edition Only).** , *An Introduction to the Modern Middle East, Student Economy Edition* David Sorenson,2018-10-03 This book introduces the politics of the modern Middle East which includes the countries of the Persian Gulf the eastern Mediterranean countries and North Africa It covers the major geographical regions that make up the Middle East and summarizes the post World War I history of the Middle East **The Middle East Today** Don Peretz,1994-04-30 In this completely updated sixth edition Peretz offers a comprehensive introduction to the history politics and contemporary life of the Middle East This is the book for those who have little or no previous academic background to the region Since its initial publication in 1963 this definitive survey has been widely acclaimed and frequently used in history and political science classes As with previous editions this volume offers a basic understanding of the forces that shape life and politics in Israel Egypt Iran Iraq Lebanon Jordan Syria Turkey Saudi Arabia and the Gulf States and is up to date through the September 1993 Israeli P L O accords **The Hashemites in the Modern Arab World** Uriel Dann,Aryeh Shmuelewitz,Asher Susser,2013-03-07 Examines the crucial role of the Hashemites in Arab nationalism throughout the 20th century from the 1916 Arab Revolt through the creation of Arab states after World War I the attempts at Arab unity and the establishment of two kingdoms to the current Palestinian debate Unsettling Colonial Modernity in Islamicate Contexts Kara Adbolmaleki,Roxana Akhbari,Siavash Saffari,2017-05-11 By focusing on colonial histories and legacies this edited volume breaks new ground in studying modernity in Islamicate contexts From a range of disciplinary perspectives the authors probe colonial modernity as a condition whose introduction into Islamicate contexts was facilitated historically by European encroachment into South Asia the Middle East and Northern Africa They also analyze the various modes through which in Europe itself and in North America by extension people from Islamicate contexts have been and continue to be otherized in the constitution and advancement of the project of modernity The book further brings to light a multiplicity of social political cultural and aesthetic modes of resistance aimed at subverting and unsettling colonial modernity in both Muslim majority and diasporic contexts **Political Dictionary of the Middle East in the Twentieth Century** ,1974 **Understanding the Contemporary Middle East** Jillian Schwedler,Deborah J. Gerner,2008 The third edition of Understanding the Contemporary Middle East includes two entirely new chapters one on religion and politics and one on the economies of the Middle East as well as a greatly expanded discussion of the 2003 invasion of Iraq In addition all of the chapters have been fully updated Maps photographs and tables of basic political data enhance the text which has already made its place as the best available introduction to the region The A to Z of the Gulf Arab States Malcolm C. Peck,2010-04-12 The A to Z of the Gulf Arab States comes at a time when the world s attention is riveted on the Middle East The small states covered in this volume Bahrain Kuwait Oman Qatar and the United Arab Emirates UAE possess about 20 percent of the world s total oil reserves Beyond the strategic and economic importance conferred upon them by their vast oil

reserves the Gulf Arab states are worthy of attention for the inherent interest of their history and culture No area of the world has yielded more revealing and exciting archaeological finds in the past few decades than these states Investigations have brought to light extensive evidence of an important culture as old as Egypt of the Pharaohs or ancient Babylon which was virtually unknown previously except through rare references in the records of other civilizations The A to Z of the Gulf Arab States is a paperback reprint of the Historical Dictionary of the Gulf Arab States This edition covers the history of the five countries through a chronology broken down by country a list of acronyms and abbreviations an introductory essay a bibliography and several hundred cross referenced dictionary entries on important persons places and events of each country Everything from the Abbasids to Zubarah is covered in this essential reference on this increasingly important region of the world

The Arab State and Women's Rights Elham Manea,2012-04-27 Researchers studying gender politics in Arab societies have been puzzled by a phenomenon common in many Arab states while women are granted suffrage rights they are often discriminated against by the state in their private lives This book addresses this phenomenon maintaining that the Arab state functions according to a certain logic and patterns which have direct consequences on its gender policies in both the public and private spheres Using the features of the Arab Authoritarian state as a basis for a theoretical framework of analysis the author draws on detailed fieldwork and first hand interviews to study women s rights in three countries Yemen Syria and Kuwait She argues that the puzzle may be resolved once we focus on the features of the Arab state and its stage of development Offering a new approach to the study of gender and politics in Arab states this book will be of great interest to scholars and students of gender studies international politics and Middle East studies

Reforging a Forgotten History: Iraq and the Assyrians in the Twentieth Century Sargon Donabed,2015-02-01 Who are the Assyrians and what role did they play in shaping modern Iraq Were they simply bystanders victims of collateral damage who played a passive role in the history of Iraq And how have they negotiated their position throughout various periods of Iraq s state building processes This book details the narrative and history of Iraq in the 20th century and reinserts the Assyrian experience as an integral part of Iraq s broader contemporary historiography It is the first comprehensive account to contextualize this native people s experience alongside the developmental processes of the modern Iraqi state Using primary and secondary data this book offers a nuanced exploration of the dynamics that have affected and determined the trajectory of the Assyrians experience in 20th century Iraq

Assyrians of Eastern Massachusetts Sargon Donabed,Ninos Donabed,2006 The widespread persecution of the Christian Assyrians by neighboring populations in the Ottoman Empire led to their immigration to the United States Beginning at the end of the 19th century with an influx during the Great War Assyrians settled mostly in eastern Massachusetts finding an abundance of work along its ports and among its large factory base Concerned with the welfare of their community these immigrants established a multitude of cultural social and political institutions to help promote awareness of Assyria The establishment of St Mary s Assyrian Apostolic Church the first of its kind outside of the Middle East

prompted the solidarity of Assyrians in Massachusetts and became a model for later settlements of Assyrians in the United States Through family portraits and documents from both religious and secular institutions Assyrians of Eastern Massachusetts addresses the adjustment of this community in the United States *The Middle East* ,1989
