Redeemed Creation Laurence F. X. Brett, 1984 **Redeemed Creation** Laurence Brett, 1984-09-01 **Catechesis for Liturgy** Gilbert Ost diek, 1986 The liturgy doesn't have to be a spectator event Learn how to bridge the gap between religious education **The Cosmos as the Primary Sacrament** Dorothy C. McDougall, 2003 The magnitude of the current ecological crisis demands a fundamental redefinition of human identity It is no longer viable to regard human beings as the apex of creation rather humans must be recognized as existing within an intricate web of cosmic relations For Christian sacramental theology this redefinition requires that the horizon of theological reflection be shifted from a redemption centered focus to a cosmocentric one In this book Dorothy C McDougall elaborates the construction of an ecological sacramental theology based on the metaphor of the cosmos as the primary sacrament McDougall draws on the work of Thomas Berry with its foundation in a new and emergent scientific perspective as well as the social critique of ecofeminism as two significant resources **T&T Clark Handbook of Sacraments and Sacramentality** Martha Moore-Keish, James Farwell, 2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord's Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory comparative theology and disability studies **The Catholic Biblical Quarterly** Wendell Stephen Reilly, 1985 Includes various reports of the Association **Subject Guide to Books in Print**, 1975 Mission on the Road to Emmaus Cathy Ross, Steve Bevans, 2015-01-31 Cathy Ross and Steve Bevans are two of the biggest names in the study of mission and missiology worldwide Cathy is director of OxCEPT at Ripon College Cuddesdon and Steve Bevans is teaching missiology at the Catholic Theological Union in Chicago The contributors in the book consider mission through the lens of prophetic dialogue The book consciously tries to bring a fresh approach introducing some newer themes identity creation migration and bringing a different perspective on some older themes by grouping them in this way It is theological rather than issues based and involves both older and newer contributors The book is aimed at scholars and students of missiology in the UK the US and worldwide It is also a contribution to the study of world Christianity and contextual theology

Creation as Sacrament John Chryssavgis, 2019-06-27 John Chryssavgis explores the sacred dimension of the natural environment and the significance of creation in the rich theological history and spiritual classics of the Orthodox Church through the lens of its unique ascetical liturgical and mystical experience The global ecological crisis affecting humanity's air water and land as well as the planet's flora and fauna has resulted in manifest fissures on the image of God in creation Chryssavgis examines from an Orthodox Christian perspective the possibility of restoring that shattered image through the sacramental lenses of cosmic transfiguration cosmic interconnection and cosmic reconciliation The viewpoints of early theologians and contemporary thinkers are extensively explored from a theological and spiritual perspective including countering those who deny that God's creation is in crisis Presenting a worldview advanced and championed by the Orthodox Church in the modern world this book encourages personal and societal transformation in making ethical and economic choices that respect creation as sacrament

Sacramental Streams Richard Davenport, 2025-02-04 The church has long seen baptism as one of the means by which God delivers his grace to his people Many passages in the New Testament detail the value of baptism and indicate its status as one of the primary gifts God gives At the same time Jesus' conversation with Nicodemus indicates the benefits of baptism should already be evident The early church understood this and saw that God had been preparing his people for the sacrament from the very beginning This book goes back through the Old Testament to draw on the various themes God has presented to inform and instruct his people about the sacrament he would later institute By examining these themes in detail it is shown that though baptism is a one time event in the life of the Christian the baptized continue to receive its benefits Baptism not only functions as an ongoing means of God's grace but as the means by which God shapes his people into the holy nation he has called them to be

The Month, 1983 *The Collected Works of Edward Schillebeeckx Volume 1* Edward Schillebeeckx, 2014-09-25 This is a new edition of the 1963 classic which gave Christological thought a new direction As far back as his first major book Schillebeeckx propounded an anthropological approach to the sacraments In *Christ the Sacrament of the Encounter with God* he draws on theologically fruitful work by phenomenological anthropologists like Merleau Ponty Buytendijk and Binswanger That makes Schillebeeckx's distinctive idiom and modern approach appealing even today He rediscovers as it were from within the notions forged by scholastic theology and thus restores to us a theology of the sacraments rooted in the biblical and patristic soil from which they first sprang Schillebeeckx's speculative synthesis of this quest still has a fresh ring to it He describes Christ as the primordial sacrament in a reflection on his public ministry death and resurrection inspired by the universal human search for such a sacrament He concludes that the church's sacraments have to be an earthly extension of the liberation brought by Christ's story Schillebeeckx ends by describing sacraments as grace made visible that gives crowning moments in Christian life a mystical quality Edward Schillebeeckx *Collected Works* bring together the most important and influential works of the Dutch

Elliott,2010-03-01 Much has been written about marriage from the sociological and psychological point of view and as an object of civil and canon law But in terms of systematic theology this treatment of marriage as a sacrament may very well be unique Every effort has been made to keep the text from becoming too academic while at the same time providing the average educated reader with a wealth of original insights into the mystery of marriage in creation and as transformed by Christ Chapters cover sacramental consent bond and covenant as well as the quest for the sign Such thorny problems as the role of faith in the sacrament marriage with an unbaptized person the most pressing ecumenical questions and the relationship between the sacrament and contraception are studied in depth Finally the sacrament of family is treated at some length with an eye to its social and redemptive dimensions **Liberating Life** Charles Birch,William Eakin,Jay B.
