

REED SMOOT  
APOSTLE IN POLITICS

Milton R. Merrill

# Reed Smoot Apostle In Politics

**Kathleen Flake**

## **Reed Smoot Apostle In Politics:**

**Reed Smoot** Milton R. Merrill,1990      **Reed Smoot** Milton R. Merrill,1990-01-01      *The Politics of American Religious Identity* Kathleen Flake,2004 Between 1901 and 1907 a coalition of Protestant churches sought to expel newly elected Reed Smoot from the Senate for being a Mormon Here Kathleen Flake shows how the subsequent investigative hearing ultimately mediated a compromise between Progressive Era Protestantism and Mormonism and resolved the nation's long standing Mormon Problem      *Utah in the Twentieth Century* Brian Q. Cannon,Jessie L. Embry,2009-06-15 The twentieth century could easily be Utah's most interesting and complex Utah in the Twentieth Century chronicles the social and cultural transitions of the time offering a well rounded perspective on the development and change the Beehive State went through during this period It was an era complicated by the push of economic development and pull of traditional culture demand for natural resources from a fragile and scenic environment questions of who governs and how who gets a vote and who controls what on contested public lands during which outside trade and a tourist economy increasingly challenged and fed an insular society Activists left and right declaimed constitutional liberties while Utah's Native Americans become the last enfranchised in the nation Proud contributions to national wars contrasted with denial of deep dependence on federal money the skepticism of provocative writers boosters eager for growth and reflexive patriotism somehow bonded to ingrained distrust of federal government A valuable resource for students and teachers this work is also fruitful reading for anyone who desires to know more about key themes of Utah's history in the twentieth century      **Conservatism in the Mountain West** Ralph L. McBride,1980      *Church History in the Fulness of Times* The Church of Jesus Christ of Latter-day Saints,2014-05-13 This manual covers the historical period of the Church from Joseph Smith to President Gordon B Hinckley For institute courses Religion 341 342 and 343 Also useful for individual and family study      **David O. McKay and the Rise of Modern Mormonism** Gregory A. Prince,William Robert Wright,2005 Focuses primarily on the years of McKay's presidency of the Church of Jesus Christ of Latter day Saints during some of the most turbulent times in American and world history      [The Antipolygamy Controversy in U.S. Women's Movements, 1880-1925](#) Joan Smyth Iversen,2014-01-21 This first study of the antipolygamy movement in the United States traces its growth from a Utah based women's group into a national crusade where it sparked a debate in suffrage politics The author analyzes this debate highlighting the differing views of marriage family and the role of women held by suffrage leaders Mormon women and antipolygamy reformers Antipolygamy rhetoric masked a more significant debate within women's groups about the structure and meaning of the American family Coming in the post Civil War period the antipolygamy agenda reflects an attempt to re-construct the Republican family diminish patriarchal authority and improve the status of women The reaction of the antipolygamy women was also more than a struggle for power Their adherence to the Republican family was a discourse involving not just rhetoric but a whole range of cultural forms and institutions which provided women with status moral authority and an identity Often the fear of

polygamy was mingled with anxiety over the increase in divorce and the emergence of the new woman Ironically by the end of the long congressional battle over Utah and the Mormons both the rhetoric of polygamy and antipolygamy were used against the women's movement

**Out of Obscurity** Patrick Q. Mason, John G. Turner, 2016-07-01 In the years since 1945 the Church of Jesus Christ of Latter-day Saints has grown rapidly in terms of both numbers and public prominence Mormonism is no longer merely a home-grown American religion confined to the Intermountain West instead it has captured the attention of political pundits Broadway audiences and prospective converts around the world While most scholarship on Mormonism concerns its colorful but now well-known early history the essays in this collection assess recent developments such as the LDS Church's international growth and acculturation its intersection with conservative politics in recent decades its stances on same-sex marriage and the role of women and its ongoing struggle to interpret its own tumultuous history The scholars draw on a wide variety of Mormon voices as well as those of outsiders from Latter-day Saints in Hyderabad India to Mormon Mommy blogs to evangelical countercult ministries

*Barred by Congress* Robert M. Lichtman, 2022-01-27 In *Barred by Congress* How a Mormon a Socialist and an African American Elected by the People Were Excluded from Office Robert M. Lichtman provides a definitive history of congressional exclusion and expulsion cases Lichtman offers a timely investigation of the vital constitutional issues debated since the nation's founding concerning permissible and impermissible grounds for excluding a member-elect or expelling a member from Congress *Barred by Congress* begins with an exhaustive review of the numerous congressional exclusion and expulsion cases in the eighteenth and nineteenth centuries before focusing on the stories of the last three members-elect to be excluded from Congress a Mormon a Socialist and an African American each an outsider in American politics excluded notwithstanding election by the voters Lichtman illuminates each of these three remarkable individuals with a detailed biographical sketch Brigham H. Roberts was a Utah Mormon whose exclusion from the House of Representatives in 1900 was fueled by a nationwide anti-Mormon campaign waged by William Randolph Hearst and his newspaper empire a controversy centered on the issue of polygamy Victor L. Berger a Socialist Party leader and editor of an anti-war Milwaukee newspaper during World War I was elected to the House despite the efforts of the Wilson administration to derail his campaign by indicting him under the Espionage Act he was excluded in 1919 and again in 1920 Adam Clayton Powell Jr. was a Baptist minister and civil rights advocate who represented the Harlem neighborhood of New York City in the House of Representatives from 1945 until his exclusion in 1967 In *Powell v McCormack* the Supreme Court ruled that Powell's exclusion by the House violated the Constitution a decision that a half-century later remains established law but still does not provide complete assurance that the people will be able to in Alexander Hamilton's words choose whom they please to govern them

The Origins of Christian Anti-Internationalism Markku Ruotsila, 2007-12-18 The roots of conservative Christian skepticism of international politics run deep In this original work Markku Ruotsila artfully unearths the historical and theological origins of evangelical Christian thought on modern-day international organizations

and U S foreign policy particularly in the fierce debates over the first truly international body the League of Nations After describing the rise of the Social Gospel movement that played a vital foundational role in the movement toward a League of Nations *The Origins of Christian Anti Internationalism* examines the arguments and tactics that the most influential confessional Christian congregations in the United States dispensational millennialists Calvinists Lutherans and to a lesser extent Methodists Episcopalians and Christian Restorationists used to undermine domestic support for the proposed international body Ruotsila recounts how these groups learned to co opt less religious minded politicians and organizations that were likewise opposed to the very concept of international multilateralism In closely analyzing how the evangelical movement successfully harnessed political activism to sway U S foreign policy he traces a direct path from the successful battle against the League to the fundamentalist modernist clashes of the 1920s and the present day debate over America s role in the world This exploration of why the United States ultimately rejected the League of Nations offers a lucid interpretation of the significant role that religion plays in U S policymaking both at home and abroad Ruotsila s analysis will be of interest to scholars and practitioners of theology religious studies religion and politics international relations domestic policy and U S and world history

*Contingent Citizens* Spencer W. McBride, Brent M. Rogers, Keith A. Erekson, 2020-05-15

*Contingent Citizens* features fourteen essays that track changes in the ways Americans have perceived the Latter day Saints since the 1830s From presidential politics to political violence to the definition of marriage to the meaning of sexual equality the editors and contributors place Mormons in larger American histories of territorial expansion religious mission Constitutional interpretation and state formation These essays also show that the political support of the Latter day Saints has proven at critical junctures valuable to other political groups The willingness of Americans to accept Latter day Saints as full participants in the United States political system has ranged over time and been impelled by political expediency granting Mormons in the United States an ambiguous status contingent on changing political needs and perceptions

*Political Hell-Raiser* Marc C. Johnson, 2019-03-21

Burton K Wheeler 1882 1975 may have been the most powerful politician Montana ever produced and he was one of the most influential and controversial members of the United States Senate during three of the most eventful decades in American history A New Deal Democrat and lifelong opponent of concentrated power whether economic military or executive he consistently acted with a righteous personal and political independence that has all but disappeared from the public sphere *Political Hell Raiser* is the first book to tell the full story of Wheeler a genuine maverick whose successes and failures were woven into the political fabric of twentieth century America

Wheeler came of political age amid antiwar and labor unrest in Butte Montana during World War I As a crusading United States attorney he battled Montana s powerful economic interests championed farmers and miners and won election to the U S Senate in 1922 There he made his name as one of the Montana scandalmongers uncovering corruption in the Harding and Coolidge administrations Drawing on extensive research and new archival sources Marc C Johnson follows Wheeler from his early backing of Franklin D Roosevelt and ardent support of the New Deal to his forceful opposition to Roosevelt s plan to expand the Supreme Court and in a move widely viewed as political suicide his emergence as the most prominent spokesman against U S involvement in World War II right up to three days before Pearl Harbor Johnson provides the most thorough telling of Wheeler s entire career including all its accomplishments and contradictions as well as the political storms that the senator both encouraged and endured The book convincingly establishes the place and importance of this principled hell raiser in American political history

**Opening America's Market** Alfred E. Eckes Jr.,2000-11-09 Despite the passage of NAFTA and other recent free trade victories in the United States former U S trade official Alfred Eckes warns that these developments have a dark side Opening America s Market offers a bold critique of U S trade policies over the last sixty years placing them within a historical perspective Eckes reconsiders trade policy issues and events from Benjamin Franklin to Bill Clinton attributing growing political unrest and economic insecurity in the 1990s to shortsighted policy decisions made in the generation after World War II Eager to win the Cold War and promote the benefits of free trade American officials generously opened the domestic market to imports but tolerated foreign discrimination against American goods American consumers and corporations gained in the resulting global economy but many low skilled workers have become casualties Eckes also challenges criticisms of the infamous protectionist Smoot Hawley Tariff Act of 1930 which allegedly worsened the Great Depression and provoked foreign retaliation In trade history he says this episode was merely a mole hill not a mountain

*Congress Vs. the Bureaucracy* Mordecai Lee,2012-09-13 Government bureaucracy is something Americans have long loved to hate Yet despite this general antipathy some federal agencies have been wildly successful in cultivating the people s favor Take for instance the U S Forest Service and its still popular Smokey Bear campaign The agency early on gained a foothold in the public s esteem when President Theodore Roosevelt championed its conservation policies and Forest Service press releases led to favorable coverage and further goodwill Congress has rarely approved of such bureaucratic independence In *Congress vs the Bureaucracy* political scientist Mordecai Lee who has served as a legislative assistant on Capitol Hill and as a state senator explores a century of congressional efforts to prevent government agencies from gaining support for their initiatives by communicating directly with the public Through detailed case studies Lee shows how federal agencies have used increasingly sophisticated publicity techniques to muster support for their activities while Congress has passed laws to counter those PR efforts The author first traces congressional resistance to Roosevelt s campaigns to rally popular support for the Panama Canal project then discusses the Forest Service the War Department the Census Bureau and

the Department of Agriculture Lee's analysis of more recent legislative bans on agency publicity in the George W Bush administration reveals that political battles over PR persist to this day Ultimately despite Congress's attempts to muzzle agency public relations the bureaucracy usually wins Opponents of agency PR have traditionally condemned it as propaganda a sign of a mushrooming self-serving bureaucracy and a waste of taxpayer dollars For government agencies though communication with the public is crucial to implementing their missions and surviving In Congress vs the Bureaucracy Lee argues these conflicts are in fact healthy for America They reflect a struggle for autonomy that shows our government's system of checks and balances to be alive and working well *Mormonism and American Politics* Randall Balmer, Jana Riess, 2015-12-08 When Joseph Smith ran for president as a radical protest candidate in 1844 Mormons were a deeply distrusted group in American society and their efforts to enter public life were met with derision When Mitt Romney ran for president as a Republican in 2008 and 2012 the public had come to regard Mormons as consummate Americans patriotic family oriented and conservative How did this shift occur In this collection prominent scholars of Mormonism including Claudia L Bushman Richard Lyman Bushman Jan Shipps and Philip L Barlow follow the religion's quest for legitimacy in the United States and its intersection with American politics From Brigham Young's skirmishes with the federal government over polygamy to the Mormon involvement in California's Proposition 8 contributors combine sociology political science race and gender studies and popular culture to track Mormonism's rapid integration into American life The book takes a broad view of the religion's history considering its treatment of women and African Americans and its portrayal in popular culture and the media With essays from both Mormon and non Mormon scholars this anthology tells a big picture story of a small sect that became a major player in American politics *Between the Temple and the Tax Collector* Samuel D. Brunson, 2025-02-25 The founding and development of the Church of Jesus Christ of Latter-day Saints run parallel to the rise of the modern tax system and administrative state Samuel D Brunson looks at the relationships between the Church and various federal state local and international tax regimes The church and its members engage with the state as taxpayers and as members of a faith exempt from taxes As Brunson shows LDS members and the Church have at various times enacted enforced and collected taxes while also challenging taxes in the courts and politics Brunson delves into the ways LDS members used their status as taxpayers to affirm themselves as citizens and how outsiders have attacked the Church's tax exempt status to delegitimize it Throughout Brunson uses the daily interactions between the Latter-day Saints and taxation to explain important and inevitable holes in the wall between church and state Enlightening and informed *Between the Temple and the Tax Collector* provides general readers and experts alike with a new perspective on a fundamental issue *The Supplement to the Presbyterian Digest, 1898-1906* Presbyterian Church in the U.S.A. General Assembly, 1907 *Mormon Democrat* James Henry Moyle, 1975 **John William McCormack** Garrison Nelson, 2017-03-23 In the first biography of U S House Speaker John W McCormack author Garrison Nelson uncovers previously forgotten FBI files birth and death records and

correspondence long thought lost or buried For such an influential figure McCormack tried to dismiss the past almost erasing his legacy from the public s mind John William McCormack A Political Biography sheds light on the behind the curtain machinations of American politics and the origins of the modern day Democratic party facilitated through McCormack s triumphs McCormack overcame desperate poverty and family tragedy in the Irish ghetto of South Boston to hold the second most powerful position in the nation By reinventing his family history to elude Irish Boston s powerful political gatekeepers McCormack embarked on a 1928 1971 House career and from 1939 71 the longest house leadership career Working with every president from Coolidge to Nixon McCormack s social welfare agenda which included Social Security Medicare and Medicaid immigration reform and civil rights legislation helped commit the nation to the welfare of its most vulnerable citizens By helping create the Austin Boston Connection McCormack reshaped the Democratic Party from a regional southern white Protestant party to one that embraced urban religiously and racially diverse ethnics A man free of prejudice John McCormack was the Boston Brahmin s favorite Irishman the South s favorite northerner and known in Boston as Rabbi John the Jews favorite Catholic
