Born to a Changing World Alison Clarke, 2012 Emerging from diaries letters and memoirs the voices of this remarkable book tell a new story of life arriving amidst a

turbulent world Before the Plunket Society before antibiotics before safe Caesarean sections and registered midwives nineteenth century birthing practice in New Zealand was typically determined by culture not nature or the state Alison Clarke works from the heart of this practice presenting a history balanced in its coverage of social and medical contexts Connecting these contexts provides new insights into the same debates on childhood from infant feeding to maternity care that persist today Tracing the experiences of M ori and P keh birth ways this richly illustrated story remains centered throughout on birthing women their babies and families this is their history *Reeds' Concise Maori dictionary, compiled by A. Oppenheim,1973 **Striding Both Worlds** Melissa Kennedy,2011-01-01 Striding Both Worlds illuminates European influences in the fiction of Witi Ihimaera Aotearoa New Zealand s foremost M ori writer in order to question the common interpretation of M ori writing as displaying a distinctive M ori world view and literary style Far from being discrete endogenous units all cultures and literatures arise out of constant interaction engagement and even friction Thus M ori culture since the 1970s has been shaped by a long history of interaction with colonial British Pakeha and other postcolonial and indigenous cultures M ori sovereignty and renaissance movements have harnessed the structures of European modernity nation building and more recently Western global capitalism transculturation and diaspora contexts which contest New Zealand bicultural identity encouraging M ori to express their difference and self sufficiency Ihimaera s fiction has been largely viewed as embodying the specific values of M ori renaissance and biculturalism However Ihimaera in his techniques modes and themes is indebted to a wider range of literary influences than national literary critique accounts for In taking an international literary perspective this book draws critical attention to little known or disregarded aspects such as Ihimaera s love of opera the extravagance of his baroque lyricism his exploration of fantasy and his increasing interest in taking M ori into the global arena In revealing a broad range of cultural and aesthetic influences and inter references commonly seen as irrelevant to contemporary M ori literature Striding Both Worlds argues for a hitherto frequently overlooked and undervalued depth and complexity to Ihimaera s imaginary The present study argues that an emphasis on difference tends to lose sight of fiction s capacity to appreciate originality and individuality in the polyphony of its very form and function In effect literary negotiation of M ori sovereign space takes place in its forms rather than in its content the uniqueness of M ori literature is found in the way it uses the common tools of literary fiction including language imagery the text s relationship to reality and the function of characterization By interpreting aspects of Ihimaera s oeuvre for what they share with other literatures in English Striding Both Worlds aims to present an additional complementary approach to M ori New Zealand and postcolonial literary analysis
