Committee on Interior and Insular Affairs. Subcommittee on National Parks, 1964 Modern society is ill Many people sit in their work cubicle in jobs that are stressful and unfulfilling With a boss they don't like With a mortgage they cannot afford With relationships that aren't all they could be With a work life balance that's all work and no life It's no wonder there's a stress and depression epidemic in the Western world Many people have simply lost themselves Is this you If so life doesn't have to be like this You can choose to live life in a different way Most people will say that they want more than anything to be themselves and to make a difference This book is about how to be true to yourself in a society that more than ever pushes us to disguise who we are so we end up pretending to be who we're not How can I find a way to be myself Join Mark Eyre to find your own real me and along the way pick up some practical strategies and approaches to help you express who you really are It's time to join the journey of a lifetime and in the words of George Eliot to be who you might have been Geographic Names of the Antarctic Fred G.
