Referenced Index Guide To The Warren Commission:

Lee Harvey Oswald, Lyndon Johnson & the JFK Assassination John Delane Williams, 2019-10-22 Incorporating the work of Ernst Titovets this book explores the life of Lee Harvey Oswald painting him as a real person not as the straw man concocted to match the image of a lone assassin in search of greatness or infamy Among other facets of his life and personality the text explores Lee Harvey Oswald's relationships with Jack Ruby David Ferrie and Judyth Baker **Honest Answers about the Murder of President John F. Kennedy** Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject [Referenced Index Guide to the Warren Commission](#) Walt Brown, 1995 *The JFK Assassination Debates* Michael L. Kurtz, 2006 William L Kurtz delivers a comprehensive thought provoking book about the various theories surrounding the JFK assassination favoring the conspiracy theory himself *Survivor's Guilt* Vincent Palamara, 2013-10-01 Painstakingly researched by an authority on the history of the Secret Service and based on primary firsthand accounts from more than 80 former agents White House aides and family members this is the definitive account of what went wrong with John F Kennedy's security detail on the day he was assassinated The work provides a detailed look at how JFK could and should have been protected and debunks numerous fraudulent notions that persist about the day in question including that JFK ordered agents off the rear of his limousine demanded the removal of the bubble top that covered the vehicle and was difficult to protect and somehow directly or indirectly made his own tragic death easier for an assassin or assassins This book also thoroughly investigates the threats on the president's life before traveling to Texas the presence of unauthorized Secret Service agents in Dealey Plaza the site of the assassination the failure of the Secret Service in monitoring and securing the surrounding buildings overhangs and rooftops and the surprising conspiratorial beliefs of several former agents An important addition to the canon of works on JFK and his assassination this study sheds light on the gross negligence and in some cases seeming culpability of those sworn to protect the president *JFK: From Parkland to Bethesda* Vincent Palamara, 2015-10-30 An all in one resource containing more than 15 years of research on the JFK assassination A map through the jungle of statements testimony allegations and theories relating to the assassination of John F Kennedy this compendium gives readers an all in one resource for facts from this intriguing slice of history The book which took more than 15 years to research and write includes details on all of the
