**The Cambridge History of Literary Criticism: Volume 9, Twentieth-Century Historical, Philosophical and Psychological Perspectives** Christa Knellwolf, Christopher Norris, Jessica Osborn, 1989 This ninth volume in The Cambridge History of Literary Criticism presents a wide ranging survey of developments in literary criticism and theory during the last century Drawing on the combined expertise of a large team of specialist scholars it offers an authoritative account of the various movements of thought that have made the late twentieth century such a richly productive period in the history of criticism The aim has been to cover developments which have had greatest impact on the academic study of literature along with background chapters that place those movements in a broader intellectual national and socio cultural perspective In comparison with Volumes Seven and Eight also devoted to twentieth century developments there is marked emphasis on the rethinking of historical and philosophical approaches which have emerged especially during the past two decades as among the most challenging areas of debate

**John Edgar Wideman and Modernity** Michel Feith, 2024-01-12 The career of writer John Edgar Wideman has been the sort of success story on which America prides itself Coming from an inner city African American neighborhood he studied at the Universities of Pennsylvania and Oxford published his first novel at age twenty six won two PEN Faulkner Awards as well as a MacArthur genius grant and has held several top teaching posts But profound tragedy has also marked his life both his brother and son received life sentences for murder and a nephew was killed at home after a bar fight His life thus illustrates how the strictures of race temper American notions of freedom and opportunity Wideman s engagement with race and identity has been nuanced and complex taking the form of what Michel Feith sees as a critical dialogue with modernity a moment in

history which gave birth not only to the Enlightenment but also to American slavery and the conundrum of race Feith argues that the key work in the Wideman oeuvre is *The Cattle Killing* 1996 his only historical novel whose threads include the 1793 yellow fever epidemic in Philadelphia the 1856 57 Cattle Killing prophecy which wreaked havoc among the Xhosa tribe of South Africa and the contemporary situation of black ghettos in the United States Unfolding within the early days of the American Republic the novel offers a window through which all of Wideman's works and their central concerns ghettoization imprisonment familial relationships emancipation and the diasporic sense of history can be understood With clarity and theoretical sophistication Feith offers provocative new readings of Wideman's texts from the Homewood books based on his youth in Pittsburgh to his haunting memoir *Brothers and Keepers* In the postmodern era Feith suggests critics of modernity are not in short supply but few have the depth rigor and thoughtfulness of John Edgar Wideman [Theory and Practice](#)

Jürgen Habermas, 2015-10-07 *Theory and Practice* is one of Habermas's major works and is widely recognized as a classic in contemporary and social and political theory Through a series of highly original historical studies Habermas re-examines the relations between philosophy science and politics Beginning with the classical doctrine of politics as developed by Aristotle he traces the changing constellation of theory and practice through the work of Machiavelli More Hobbes Hegel and Marx He argues that with the development of the modern sciences politics has become increasingly regarded as a technical discipline concerned with problems of prediction and control Politics has thus lost its link with the practical cultivation of character that is with the praxis of enlightened citizens *Theory and Practice* includes a major re-assessment of Marx's work and of the status of Marxism as a form of critique In an important concluding chapter Habermas examines the role of reason and the prospects for critical theory in our modern scientific civilization [Humanity & Society](#), 2004 **History**
