Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America:

Refined Tastes Wendy A. Woloson, 2002-03-26 Sugar became a social marker that established and reinforced class and gender differences BOOK JACKET **Refined Tastes** Wendy A. Woloson, 1999 Brides, Inc. Vicki Howard, 2008-08-25

Reveals how many of our customs and wedding rituals were the product of sophisticated advertising campaigns merchandising promotions and entrepreneurial innovations The businesses and entrepreneurs from jewelers to bridal consultants and caterers set the stage for today's multibillion dollar industry **The New Encyclopedia of Southern Culture** Melissa Walker, James C. Cobb, Charles Reagan Wilson, 2014-02-01 Volume 11 of The New Encyclopedia of Southern Culture examines the economic culture of the South by pairing two categories that account for the ways many southerners have made their living In the antebellum period the wealth of southern whites came largely from agriculture that relied on the forced labor of enslaved blacks After Reconstruction the South became attractive to new industries lured by the region's ongoing commitment to low wage labor and management friendly economic policies Throughout the volume articles reflect the breadth and variety of southern life paying particular attention to the region's profound economic transformation in recent decades The agricultural section consists of 25 thematic entries that explore issues such as Native American agricultural practices plantations and sustainable agriculture Thirty eight shorter pieces cover key crops of the region from tobacco to Christmas trees as well as issues of historic and emerging interest from insects and insecticides to migrant labor The section on industry and commerce contains 13 thematic entries in which contributors address topics such as the economic impact of military bases resistance to industrialization and black business Thirty six topical entries explore particular industries such as textiles timber automobiles and banking as well as individuals including Henry W Grady and Sam M Walton whose ideas and enterprises have helped shape the modern South **A Conspiratorial Life** Edward H. Miller, 2024-05-31 A cleverly written finely textured and badly needed study of a pivotal and too often marginalized figure in the development of the modern American Right The Journal of Southern History Though you may not know his name Robert Welch 1899 1985 founder of the John Birch Society is easily one of the most significant architects of our current political moment In *A Conspiratorial Life* the first full scale biography of Welch Edward H Miller delves deep into the life of an overlooked figure whose ideas nevertheless reshaped the American right A child prodigy who entered college at age twelve Welch became an unlikely candy magnate founding the company that created Sugar Daddies Junior Mints and other famed confections In 1958 he funneled his wealth into establishing the organization that would define his legacy and change the face of American politics the John Birch Society Though the group's paranoiac right wing nativism was dismissed by conservative thinkers like William F Buckley its ideas gradually moved from the far right fringe into the mainstream By exploring the development of Welch's political worldview *A Conspiratorial Life* shows how the John Birch Society's rabid libertarianism and its highly effective grassroots networking became a profound yet often ignored or derided influence on the

modern Republican Party Miller convincingly connects the accusatory conservatism of the midcentury John Birch Society to the inflammatory rhetoric of the Tea Party the Trump administration Q and more As this book makes clear whether or not you know his name or what he accomplished it s hard to deny that we re living in Robert Welch s America Offers a good angle from which to appraise the fractured state of American conservatism Financial Times The Table Comes First Adam Gopnik,2011-10-25 Never before have we cared so much about food It preoccupies our popular culture our fantasies and even our moralizing You still eat meat With our top chefs as deities and finest restaurants as places of pilgrimage we have made food the stuff of secular seeking and transcendence finding heaven in a mouthful But have we come any closer to discovering the true meaning of food in our lives With inimitable charm and learning Adam Gopnik takes us on a beguiling journey in search of that meaning as he charts America s recent and rapid evolution from commendably aware eaters to manic compulsive gastronomes It is a journey that begins in eighteenth century France the birthplace of our modern tastes and by no coincidence of the restaurant and carries us to the kitchens of the White House the molecular meccas of Barcelona and beyond To understand why so many of us apparently live to eat Gopnik delves into the most burning questions of our time including Should a Manhattanite bother to find chicken killed in the Bronx Is a great vintage really any better than a good bottle of wine And Why does dessert matter so much Throughout he reminds us of a time honored truth often lost amid our newfound gastronomic pieties and certitudes What goes on the table has never mattered as much to our lives as what goes on around the table the scene of families friends lovers coming together or breaking apart conversation across the simplest or grandest board This ultimately is who we are Following in the footsteps of Jean Anthelme Brillat Savarin Adam Gopnik gently satirizes the entire human comedy of the comestible as he surveys the wide world of taste that we have lately made our home The Table Comes First is the delightful beginning of a new conversation about the way we eat now

Slaves to Sweetness Carl Plasa,2011-09-01 Literary and sociological studies have long been fascinated by the seemingly innocuous substance of sugar not least because of its direct link with the histories of slavery in the New World Unlike previous texts Slaves to Sweetness examines not only traditional classic studies of the history of sugar but also explores the previously ignored work produced by expatriate Caribbean authors from the 1980s onward As a result this volume provides the most comprehensive account to date of the historical transformations undergone by our representations of sugar making it a rich resource for scholars in numerous fields Pure Adulteration Benjamin R. Cohen,2019-12-23 Benjamin R Cohen uses the pure food crusades at the turn of the twentieth century to provide a captivating window onto the origins of manufactured foods in the United States In the latter nineteenth century extraordinary changes in food and agriculture gave rise to new tensions in the ways people understood obtained trusted and ate their food This was the Era of Adulteration and its concerns have carried forward to today How could you tell the food you bought was the food you thought you bought Could something manufactured still be pure Is it okay to manipulate nature far enough to produce new foods but not so far

that you question its safety and health How do you know where the line is And who decides In *Pure Adulteration* Benjamin R Cohen uses the pure food crusades to provide a captivating window onto the origins of manufactured foods and the perceived problems they wrought Cohen follows farmers manufacturers grocers hucksters housewives politicians and scientific analysts as they struggled to demarcate and patrol the ever contingent always contested border between purity and adulteration and as at the end of the nineteenth century the very notion of a pure food changed In the end there is and was no natural prehuman distinction between pure and adulterated to uncover and enforce we have to decide Today s world is different from that of our nineteenth century forebears in many ways but the challenge of policing the difference between acceptable and unacceptable practices remains central to daily decisions about the foods we eat how we produce them and what choices we make when buying them

Optimising Sweet Taste in Foods W J Spillane,2006-07-17 A sweet taste is often a critical component in a consumer s sensory evaluation of a food product This important book summarises key research on what determines consumer perceptions of sweet taste the range of sweet tasting compounds and the ways their use in foods can be optimised The first part of the book reviews factors affecting sweet taste perception It includes chapters on how taste cells respond to sweet taste compounds genetic differences in sweet taste perception the influence of taste odour and taste ingredient interactions and ways of measuring consumer perceptions of sweet taste Part two discusses the main types of sweet tasting compounds sucrose polyols low calorie and reduced calorie sweeteners The final part of the book looks at ways of improving the use of sweet tasting compounds including the range of strategies for developing new natural sweeteners improving sweetener taste optimising synergies in sweetener blends and improving the use of bulk sweeteners With its distinguished editor and international team of contributors *Optimising sweet taste in foods* is a standard reference for the food industry in improving low fat and other foods Investigates what determines consumer perceptions of sweet taste Looks at improving the use of sweet tasting compounds Explores strategies for delivering new natural sweeteners [Sweet Tooth](#)

Kate Hopkins,2025-06-25 A cultural history of candy how it evolved from medicine and a luxury to today s Kit Kat bars and M M s Told through the Kate Hopkins travels in Europe and the U S *Sweet Tooth* is a first hand account of her obsession with candy and a detailed look at its history and development The sugary treats we enjoy today have a prominent past entertaining kings curing the ill and later developing into a billion dollar industry The dark side of this history is that the confectionery industry has helped create an environment of unhealthy overindulgence has quelled any small business competition that was deemed to be a risk to any large company s bottom line and was largely responsible for the slave trade that evolved during the era of colonization Candy s history is vast and complex and plays a distinct part in the growth of the Western world Thanks to the ubiquity of these treats which allows us to take them for granted that history has been hidden or forgotten Until now Filled with Hopkins trademark humor and accompanied by her Candy Grab Bag tasting notes *Sweet Tooth* is a must read for everybody who considers themselves a candy freak *Histories of Sensibilities* Isabel Burdiel,Ester

García Moscardó, Elena Serrano, 2024-10-23 *Histories of Sensibilities Visions of Gender Race and Emotions in the Global Enlightenment* explores the historical and plural character of sensibility in the Global Enlightenment From Tahiti to New Orleans to the Mariana Islands to Lima Geneva London Oviedo or Venice the book investigates how sensibility was brandished by different ethnic political and cultural groups to define their identities how cross cultural and cross chronological encounters reconfigured ideas of gendered selves how sexuality was used to empower or subjugate non European ethnicities and how the circulation of theories about the origin of emotions and taste reinforced or challenged hegemonic ideas of masculinity and femininity With a primary focus on Southern Europe and the Hispanic World areas still not well charted this edited collection explores the varied forms in which notions of sensibilities circulated within Europe and between Europe the Americas and the Hispanic Asian Pacific questioning normative and diffusionist views *Histories of Sensibilities* is aimed at postgraduate students and scholars researching the histories of literature and science cultural studies the history of emotions gender studies and women s history as well as scholars of Hispanic studies Latin America studies and European studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution No Derivatives CC BY ND 4.0 license [The Oxford Encyclopedia of Food and Drink in America](#) Andrew Smith, 2013-01-31 Home cooks and gourmets chefs and restaurateurs epicures and simple food lovers of all stripes will delight in this smorgasbord of the history and culture of food and drink Professor of Culinary History Andrew Smith and nearly 200 authors bring together in 770 entries the scholarship on wide ranging topics from airline and funeral food to fad diets and fast food drinks like lemonade Kool Aid and Tang foodstuffs like Jell O Twinkies and Spam and Dagwood hoagie and Sloppy Joe sandwiches **Cuisine and Empire** Rachel Laudan, 2015-04-03 Rachel Laudan tells the remarkable story of the rise and fall of the world s great cuisines from the mastery of grain cooking some twenty thousand years ago to the present in this superbly researched book Probing beneath the apparent confusion of dozens of cuisines to reveal the underlying simplicity of the culinary family tree she shows how periodic seismic shifts in culinary philosophy beliefs about health the economy politics society and the gods prompted the construction of new cuisines a handful of which chosen as the cuisines of empires came to dominate the globe *Cuisine and Empire* shows how merchants missionaries and the military took cuisines over mountains oceans deserts and across political frontiers Laudan s innovative narrative treats cuisine like language clothing or architecture as something constructed by humans By emphasizing how cooking turns farm products into food and by taking the globe rather than the nation as the stage she challenges the agrarian romantic and nationalistic myths that underlie the contemporary food movement *Sugar* James Walvin, 2018-04-03 How did sugar grow from prize to pariah Acclaimed historian James Walvin looks at the history of our collective sweet tooth beginning with the sugar grown by enslaved people who had been uprooted and shipped vast distances to undertake the grueling labor on plantations The combination of sugar and slavery would transform the tastes of the Western world Prior to 1600 sugar was a

costly luxury the domain of the rich But with the rise of the sugar colonies in the New World over the following century sugar became cheap ubiquitous and an everyday necessity Less than fifty years ago few people suggested that sugar posed a global health problem And yet today sugar is regularly denounced as a dangerous addiction on a par with tobacco Masterfully insightful and probing James Walvin reveals the relationship between society and sweetness over the past two centuries and how it explains our conflicted relationship with sugar today

The World of Sugar Ulbe Bosma, 2023-05-09 Traversing 2500 years of global history Ulbe Bosma shows how sugar once a luxury reserved for Eastern emperors stoked a mania in the West transforming diets and ecosystems destroying and creating cultures and shaping the history of bondage and freedom A major source of calories only since 1900 sugar has suddenly revolutionized our world

The Global Lives of Things Anne Gerritsen, Giorgio Riello, 2015-11-19 The Global Lives of Things considers the ways in which things ranging from commodities to works of art and precious materials participated in the shaping of global connections in the period 1400-1800 By focusing on the material exchange between Asia Europe the Americas and Australia this volume traces the movements of objects through human networks of commerce colonialism and consumption It argues that material objects mediated between the forces of global economic exchange and the constantly changing identities of individuals as they were drawn into global circuits It proposes a reconceptualization of early modern global history in the light of its material culture by asking the question what can we learn about the early modern world by studying its objects This exciting new collection draws together the latest scholarship in the study of material culture and offers students a critique and explanation of the notion of commodity and a reinterpretation of the meaning of exchange It engages with the concepts of proto globalization the first global age and commodities consumption Divided into three parts the volume considers in Part One Objects of Global Knowledge in Part Two Objects of Global Connections and finally in Part Three Objects of Global Consumption The collection concludes with afterwords from three of the leading historians in the field Maxine Berg Suraiya Faruqi and Paula Findlen who offer their critical view of the methodologies and themes considered in the book and place its arguments within the wider field of scholarship Extensively illustrated and with chapters examining case studies from Northern Europe to China and Australia this book will be essential reading for students of global history

Sweet and Low Rich Cohen, 2007-03-20 Sweet and Low is the amazing bittersweet hilarious story of an American family and its patriarch a short order cook named Ben Eisenstadt who in the years after World War II invented the sugar packet and Sweet N Low converting his Brooklyn cafeteria into a factory and amassing the great fortune that would destroy his family It is also the story of immigrants to the New World sugar saccharine obesity and the health and diet craze played out across countries and generations but also within the life of a single family as the fortune and the factory passed from generation to generation The author Rich Cohen a grandson disinherited and thus set free along with his mother and siblings has sought the truth of this rancorous colorful history mining thousands of pages of court documents accumulated in the long and sometimes corrupt life of the factor and

conducting interviews with members of his extended family Along the way the forty year family battle over the fortune moves into its titanic phase with the money and legacy up for grabs Sweet and Low is the story of this struggle a strange comic farce of machinations and double dealings and of an extraordinary family and its fight for the American dream **The Mediality of Sugar**, 2022-10-24 The Mediality of Sugar probes the potential of reading sugar as a mediator across some of the disciplinary distinctions in early twenty first century research in the arts literature architecture and popular culture Selected artistic practices and material cultures of sugar across Europe and the Americas from the sixteenth to the twenty first century are investigated and connected to the transcontinental and transoceanic history of the sugar plants cane and beet their botanical and cultural dissemination and global sugar capital and trade under colonialism and in decoloniality The collection contributes to the vision of a Transnational and Postdisciplinary Sugar Studies **The Routledge History of American Foodways** Michael D. Wise, Jennifer Jensen Wallach, 2016-02-12 The Routledge History of American Foodways provides an important overview of the main themes surrounding the history of food in the Americas from the pre colonial era to the present day By broadly incorporating the latest food studies research the book explores the major advances that have taken place in the past few decades in this crucial field The volume is composed of four parts The first part explores the significant developments in US food history in one of five time periods to situate the topical and thematic chapters to follow The second part examines the key ingredients in the American diet throughout time allowing authors to analyze many of these foods as items that originated in or dramatically impacted the Americas as a whole and not just the United States The third part focuses on how these ingredients have been transformed into foods identified with the American diet and on how Americans have produced and presented these foods over the last four centuries The final section explores how food practices are a means of embodying ideas about identity showing how food choices preferences and stereotypes have been used to create and maintain ideas of difference Including essays on all the key topics and issues The Routledge History of American Foodways comprises work from a leading group of scholars and presents a comprehensive survey of the current state of the field It will be essential reading for all those interested in the history of food in American culture **Raising Cane in the 'Glades** Gail M. Hollander, 2009-11-15 Over the last century the Everglades underwent a metaphorical and ecological transition from impenetrable swamp to endangered wetland At the heart of this transformation lies the Florida sugar industry which by the 1990s was at the center of the political storm over the multi billion dollar ecological restoration of the Everglades Raising Cane in the Glades is the first study to situate the environmental transformation of the Everglades within the economic and historical geography of global sugar production and trade Using among other sources interviews government and corporate documents and recently declassified U S State Department memoranda Gail M Hollander demonstrates that the development of Florida s sugar region was the outcome of pitched battles reaching the highest political offices in the U S and in countries around the world especially Cuba which emerges in her narrative as a model a

competitor and the regional other to Florida's self. Spanning the period from the age of empire to the era of globalization, the book shows how the sugar question, a label nineteenth-century economists coined for intense international debates on sugar production and trade, emerges repeatedly in new guises. Hollander uses the sugar question as a thread to stitch together past and present, local and global, in explaining Everglades transformation.

Whispering the Secrets of Language: An Psychological Journey through **Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America**

In a digitally-driven earth wherever screens reign supreme and instant connection drowns out the subtleties of language, the profound secrets and mental subtleties hidden within words frequently get unheard. However, nestled within the pages of **Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America** a charming literary value pulsing with raw emotions, lies an extraordinary journey waiting to be undertaken. Composed by an experienced wordsmith, that wonderful opus invites readers on an introspective journey, gently unraveling the veiled truths and profound impact resonating within the very cloth of every word. Within the emotional depths of the emotional review, we will embark upon a genuine exploration of the book is primary styles, dissect their interesting publishing type, and yield to the powerful resonance it evokes heavy within the recesses of readers hearts.

Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America Introduction

In the digital age, access to information has become easier than ever before. The ability to download Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America has opened up a world of possibilities. Downloading Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This

inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Refined Tastes Sugar Confectionery And Consumers In Nineteenth Century America Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities,
