Curtis, Debbie Curtis, Margie Carter, 1996 Learn how to make theme plans establish times for observation and play set up schedules materials space and more

Reflecting Children's Lives Deb Curtis, Margie Carter, 2011-03-22 Make the complex task of creating a child centered curriculum easier with the practical guidelines and ideas in this updated and expanded handbook Learn how to sharpen your observation and documentation skills set up your space and transform your teaching to reflect children's interests and needs Insightful classroom stories assessment tools checklists comparative charts and activities encourage new approaches and self reflection as you plan your curriculum and put it into practice Addressing new standards in early education two new chapters focus on teaching academics in a meaningful way and guiding children as they play and learn *Reflecting Children's Lives* is your work in progress use it to record the development of your own thinking and practice

Handbook of Child Development and Early Education Oscar A. Barbarin, Barbara Hanna Wasik, 2011-06-23 How and what should young children be taught What emphasis should be given to emotional learning How do we involve families Addressing these and other critical questions this authoritative volume brings together developmentalists and early educators to discuss what an integrated developmentally appropriate curriculum might look like across the preschool and early elementary years State of the science work is presented on brain development and the emergence of cognitive socioemotional language and literacy skills in 3 to 8 year olds Drawing on experience in real world classrooms contributors describe novel practical approaches to promoting school readiness tailoring instruction to children's learning needs and improving the teaching of language arts math and science

Focused Observations Gaye Gronlund, Marlyn James, 2013-04-09 Observe and document children's development in systematic purposeful ways that provide complete pictures of their progress and supports curriculum planning

Gardening with Young Children Sara Starbuck, Marla Olthof, Karen Midden, 2014-05-13 This updated how to resource guides teachers with or without green thumbs through the rich learning opportunities found in gardening with children

Learning Together with Young Children Deb Curtis, Margie Carter, 2007-11-01 Many curriculum books treat teaching as something teachers do to or for children Deb Curtis and Margie Carter best selling authors in the early learning field believe teaching is a collaborative process in which teachers reexamine their own philosophies and practices while facilitating children's learning Each chapter in this curriculum framework includes a conceptual overview followed by classroom stories and photographs to illustrate the concepts The book helps teachers create materials and a classroom culture reflective of their values Teach through observation reflection inquiry and action and encourage children to represent their learning in multiple ways including songs stories and drama

Children of Migrants in China Kam Wing Chan, Yuan Ren, 2020-11-25 Children are precious in China

especially as its population ages rapidly The unprecedented fast urbanization and massive internal migration have profoundly changed almost every aspect of society They have impacted the livelihood of children of migrants most Because of the hukou system and related policies China s internal migrants face major obstacles to assimilate into cities But more than that as this book shows these policies have also torn families apart on a scale unseen heretofore More than 100 million children grow up in unstable families and the great majority have suffered from prolonged separation from their parents in the migratory upheaval This book provides an updated analysis of this mega and painful process unfolding at various geographical scales The chapters revolve around the central notion of family togetherness or the lack thereof The book measures dissects and analyses the impacts of migration on children and recommends policies to address major problems from a variety of disciplinary perspectives employing different methodologies The problems faced by the children of migrants remain enormous and it is a looming huge crisis in the making If unaddressed those problems can damage a whole generation with serious consequences The chapters in this book were first published in *Eurasian Geography and Economics*

Social Studies for Young Children Gayle Mindes,2013-11-01 Social studies is at the heart of content in education and takes on society s best hopes for helping children become good citizens and winners in the global economy In its comprehensive scope *Social Studies for Young Children* Preschool and Primary Curriculum Anchor fulfills the promise of social studies as an integrator of the knowledge and experiences of young children Filled with strategies activities and resources this book helps teachers develop a holistic culturally relevant approach to social studies and social learning It surveys the relevant state and national standards and offers essential guidance on how to integrate them into the curriculum while at the same time looking beyond the tests to foster young social scientists development into critical thinkers and lifelong learners Special features include Children s literature to foster social studies understanding Digital media for teaching and learning Emphasis on cross disciplinary synthesis

Creating Equitable Literacy Learning Environments Helen Adam,2025-11-24 This groundbreaking book introduces the Model for Equitable Literacy Learning Environments MELLE a comprehensive framework that integrates evidence based

instruction with culturally responsive pedagogy to create truly equitable learning environments for all children Despite decades of reading instruction reform persistent achievement disparities remain between students from marginalised communities and their more privileged peers Drawing on extensive international research across Australia the United Kingdom and the United States the author examines how three key dimensions quality instruction opportunity to read and authentic representation in reading materials must work together within supportive cultural and community contexts Interwoven with real classroom examples the text showcases how this framework can be applied to address persistent achievement gaps and promote inclusive education Moving beyond polarised literacy debates this book is a must read for educators seeking practical solutions to create equitable learning environments that empower learners from a range of backgrounds

The Hundred Languages of Children Carolyn Edwards, Lella Gandini, George Forman, 1998-04-21 The city run early childhood program of Reggio Emilia Italy has become recognized and acclaimed as one of the best systems of education in the world Over the past forty years educators there have evolved a distinctive innovative approach that supports children's well being and fosters their intellectual development through a systematic focus on symbolic representation Young children from birth to age six are encouraged to explore their environment and express themselves through many languages or modes of expression including words movement drawing painting sculpture shadow play collage and music Leading children to surprising levels of symbolic skill and creativity the system is not private and elite but rather involves full day child care open to all including children with disabilities This new Second Edition reflects the growing interest and deepening reflection upon the Reggio approach as well as increasing sophistication in adaptation to the American context Included are many entirely new chapters and an updated list of resources along with original chapters revised and extended The book represents a dialogue between Italian educators who founded and developed the system and North Americans who have considered its implications for their own settings and issues The book is a comprehensive introduction covering history and philosophy the parent perspective curriculum and methods of teaching school and system organization the use of space and physical environments and adult professional roles including special education The final section describes implications for American policy and professional development and adaptations in United States primary preschool and child care classrooms

The Visionary Director, Second Edition Margie Carter, Deb Curtis, 2009-11-01 An inspiring and practical guide to creating a larger vision in early child care this popular professional development tool has been thoroughly revised and offers a concrete framework for organizing an early childhood center director's ideas and work Updated and expanded it reflects new requirements and initiatives for center directors and addresses topics including cultivating a vision developing systems thinking for management roles implementing principles and strategies for mentoring building a learning community for adults and children and bringing visions to life The Visionary Director provides directors with information to perform their jobs with motivation and creativity
