ABOUT VOLUME FOUR All the world's religions are experiencing rapid change due to a confluence of social and economic global forces Factors such as the pervasive intrusion of globalizing political and economic developments polarized and morally equivalent presentations seen in the media and the sense of surety demanded in and promised by a culture dominated by science are some of the factors that have placed extreme pressure on all religious traditions This has stimulated unprecedented responses by religious groups ranging from fundamentalism to the syncretistic search for meaning As religion takes on new forms the balance between individual and community is disrupted and reconfigured Religions often lose the capacity to recall their ultimate purpose or lead their adherents toward it This is the situation we call the crisis of the holy It is a confluence of threats challenges and opportunities for all religions This volume explores the contours of pressures changes and transformations and reflects on how all our religions are changing By identifying commonalities across religions as they respond to these pressures The Crisis of the Holy recommends ways religious traditions might cope with these changes and how they might join forces in doing so

Contributors Vincent J Cornell Alon Goshen Gottstein Sidney H Griffith Maria Reis Habito B Barry Levy Deepak Sarma Michael von Br ck

ABOUT VOLUME FIVE The chapters collected in this book prepared by a think tank of the Elijah Interfaith Academy address the subject of religious leadership The subject is of broad relevance in the training of religious leaders and in the practice of religious leadership As such it is also germane to religious thought where reflections on religious leadership occupy an important place What does it mean to be a religious leader in today's world To what degree are the challenges that confront religious leadership today the same perennial challenges that have arrested the attention of the faithful and their leaders for generations and to what degree do we encounter challenges today that are unique to our day and age One dimension is surely unique and that is the very ability to explore these issues from an interreligious perspective and to consider challenges opportunities and strategies across religious traditions

Studying the theme across six faith traditions Christianity Islam Judaism Sikhism Hinduism and Buddhism The Future of Religious Leadership World Religions in Conversation recognizes the common challenges to present day religious leadership
