Thorne,2013-01-15 The Secret of Ones of The Blood Haunted by nightmares driven by loneliness and despair a young Vampire commits the ultimate sin betraying Who she is by writing down her story The knowledge of Ones of The Blood must never be revealed but it is Amelia s last hope if she is ever to know peace It is a race against time as Amelia relives the tragedies that have left her on the brink of madness Moving to Sebastian Manor the strange growing rift with her beloved Adrian the near impossible task of concealing Who she is from their cousin vampires who would take her precious Blood Then tragedy strikes an untimely death leaves her utterly heartbroken Now she is running for her life from Sebastian the fiend obsessed with never letting her go Only by facing the past can Amelia discover a way to defeat him by embracing her True Identity The Power she possesses is truly Sacred a power so great it could destroy the world As the sun rises on a new century a choice must be made The fate of both worlds mortal and immortal rests in her Immortal hands **Blood Read** Joan Gordon,Veronica Hollinger,1997-10 Scholars and writers from the United States Canada England and Japan examine how today s vampire has evolved from that of the last century consider the vampire as a metaphor for consumption within the context of social concerns and discuss the vampire figure in terms of contemporary literary theory Literary Reflections of Entropy and Darkness Pasquale De Marco,2025-07-10 Embark on a literary journey into the heart of darkness and entropy where chaos and order collide and the boundaries of reality blur This thought provoking exploration delves into the profound depths of human consciousness examining the themes of decay mortality and the indomitable spirit of resilience that resides within us all Drawing inspiration from classic works of Gothic horror modern psychological thrillers and philosophical treatises this book offers a unique lens through which to explore the myriad ways in which authors have captured the essence of darkness and entropy Encounter the haunting landscapes of Edgar Allan Poe where madness and terror lurk in the shadows and the ethereal realms of H P Lovecraft where cosmic horrors defy human comprehension Delve into the psychological torment of characters in the works of Bram Stoker and Anne Rice as they struggle against the darkness that threatens to consume them Examine the philosophical implications of entropy considering its impact on our understanding of time existence and the search for meaning in a seemingly chaotic universe This book is not merely a collection of literary analysis it is an invitation to confront the inevitable forces of decay and chaos that shape our lives and to find within them a source of inspiration renewal and resilience For in the depths of darkness we discover the indomitable spirit of the human heart its capacity for love compassion and the relentless pursuit of meaning in a world that is both beautiful and terrifyingly uncertain Whether you are a seasoned reader of dark literature a student of philosophy or simply someone seeking a deeper understanding of the human condition this book offers a rich tapestry of insights provocations and literary treasures that will resonate long after the final page is turned If you like this book write a review **Reflections of a Vampire** Karen Korwal,1996-06 Haunted by

Reflections of a Vampire C. D. Pressdee,2014-07 Early twentieth century Uri Greenbourg in his early twenties from a privileged upbringing in Britain goes on an expedition to the Amazon rain forests Collecting rare orchids he falls and is left for dead in a leech infested swamp Emaciated he is rescued by natives but acquires a vampire lust for blood during their tribal rituals His best friend Matt leads a search party that ends in disaster and alone he finds Uri Through timeless years of nocturnal roaming into the swinging sixties they travel to many countries and familiar exotic places But it s only to find an old adversary the wealthy young and suave Tristan Sackville obsessed with their demise is never far behind **The Last Vampire** Cara R. Mason,2025-06-13 In a world on the brink of collapse Valen Cross a man once transformed into a vampire is now fighting not just for his own survival but for humanity s With his memories erased by the nefarious Council he

is torn between his current vampiric self and the human he once was As the broadcast system he helped create begins transmitting the cure for vampirism Valen faces a harrowing decision Will he save the world at the cost of his life In a race against time the resistance against the Council has reached its final hour As the cure spreads globally ancient vampires like Lord Matthias remain untouched determined to destroy Valen and those who stand in his way With every second the threat grows and as Valen's body deteriorates from the intense energy required to amplify the signal the odds grow even steeper With Georgia the woman he loves at his side Valen fights to stop a catastrophe But will the cure reach everyone in time or is the price of salvation too high When Valen realizes the true nature of the cure and the key to saving humanity lies in someone he never expected the stakes soar Can he protect Georgia and the world from a legacy of darkness Or will the Council's grip prove impossible to break Is Valen's sacrifice enough to ensure the cure or will humanity face a fate worse than vampirism itself

The Horrid Looking Glass: Reflections on Monstrosity ,2020-09-25 From the fictional world of vampires zombies and invaders from other worlds to the very real world of revolutionary France and in between the nature of the monster encompasses the very quality that makes them so believable that which we perceive as other While there is a commonality in this otherness the monster lurking in the shadows concealed in darkness or conjured with a few lines from a horror novel suggests the monster as one onto which we are free to project the most distorted and unhuman features In each chapter of this volume you will discover that the way in which we project what is monstrous is not a singular other but is in fact a part of our own self identity The greatest horror of the monster is not that it stands apart but that once we pull it from the shadow of our own projected imagination we discover that that the monster we fear is also bound to our own mirror image To look at the monster to name that which must never be named is to look upon a reflection and embrace a part of our nature we do not wish to see
