Reflections On A Marine Venus:

Reflections on a Marine Venus Lawrence Durrell, 2012-06-12 After World War II an Englishman seeks peace on an ancient Greek island in this remarkable travel memoir The New York Times *Isomania* is a disease not yet classified by Western science but to those afflicted its symptoms are all too recognizable Men like Lawrence Durrell are struck by a powerful need to live on the ancient islands of the Mediterranean where the clear blue Aegean is always within reach After four tortuous wartime years in Egypt Durrell finds a post on the island of Rhodes where the British are attempting to return Greece to the sleepy peace it enjoyed in the 30s From his first morning when a dip in the frigid sea jolts him awake for what feels like the first time in years Durrell breathes in the fullest joys of island life meeting villagers eating exotic food and throwing back endless bottles of ouzo as though the war had never happened at all The charms of his stay there still resonate today for the pleasures of Greece are older than history itself

Keller-Privat, 2019-04-25 This book offers the first in depth analysis of Lawrence Durrell's entire poetic opus from his early collections in the 1940s up to his last one published in 1973 Thirty years of Durrellian poetry are brought together in order to unveil the genesis of Durrell's writing both poetic and fictional drawing links to his novels and residence books which he kept writing at the same time Durrell thus appears as first and foremost one of the greatest late modernist poets whose literary and epistemological investigations are to be understood in the light of a worldwide network of literary brotherhoods including T S Eliot Michael Fraenkel Henry Miller and David Gascoyne Simultaneously this book shows why Durrell must also be read as the heir to the greatest English romantic poets Byron Shelley Keats and Wordsworth as well as to the French symbolists and modernists from Baudelaire to Nerval Valéry and Cendrars This comparative approach opens up a brand new perspective on Durrell that has not yet been broached by North American and English scholarship The symbolic patterns the stylistic ploys and the aesthetic and philosophic tenets that characterize Durrell's poetics account for the necessary back and forth reading that connects prose and poetry the fictional and the lyrical the descriptive and the abstract Poetry excerpts extracts from his residence books novels and essays highlight not only Durrell's complex literary strategies but also the ontological quest of a writer who although never at home with the world he lived in strove to create a life world what semiologists call the Umwelt *Heresy and Heterotopia in Works by Lawrence Durrell* Anne R. Zahlan, Isabelle

Keller-Privat, 2025-03-15 *Heresy and Heterotopia in Works by Lawrence Durrell* Alexandria to Angkor Wat gathers new essays by international scholars who examine heretical concepts and heterotopian counter spaces in Durrell's thought and writing The volume includes studies of texts set in locations from the Mediterranean to Cambodia with spatial focus ranging from the Egypt of The Alexandria Quartet and of Anatole France's *Thaïs* to the scattered locations of The Avignon Quintet with stops along the way for the island books and other treatments of wandering and exile in poetry as well as prose The contributors approach Durrell's texts from a variety of perspectives philosophical and intertextual architectural and historical mystical and digital In so doing they expose the deeper echoes set off by his wide ranging literary production and map out the metaphysical literary and aesthetic connections that account for Durrell's impact on our understanding of those twentieth century social and cultural paradigms that foreshadow the disruptions of today's world **In Byron's Shadow** David Ernest
