Reflections On Tanzanias First Multiparty Parliament 1995:

Reflections on the First Multi-party Parliament, 1995-2000 Pius Msekwa, 2000 The first five years of multi party parliamentary democracy in Tanzania was a period of adjusting to a new political system and seeking to create a new political culture The essays in this collection are part of a civic education project designed to create a better understanding of the roles and functioning of parliament in a pluralistic or multi party democracy One of the aims of the project is to provide for the accommodation and tolerance of opposing views and opinions The author is the current Speaker of the National Assembly and has vast experience in parliamentary practice and procedures *African Parliaments* M. Salih, 2005-12-10 This book offers in depth analysis of parliamentary development set in a historical context informed by Africa's post 1990s democratic resurgence In particular it illustrates how African parliaments are caught between the twin processes of being part of the machinery of government while exercising the function of holding government accountable Reflections on the First Decade of Multi-party Politics in Tanzania Pius Msekwa, 2006 Wealth, Power, and Authoritarian Institutions Michaela Collord, 2024-07-16 Through an analysis of the recent political history of Tanzania and Uganda *Wealth Power and Authoritarian Institutions* offers a novel explanation of why authoritarian parties and legislatures vary in strength and why this variation matters Michaela Collord elaborates a view of authoritarian political institutions as both reflecting and magnifying elite power dynamics While there are many sources of elite power the book centres on material power It outlines how diverse trajectories of state led capitalist development engender differing patterns of wealth accumulation and elite contestation across regimes These differences in turn influence institutional landscapes Where accumulation is more closely controlled by state and party leaders as was true in Tanzania until economic liberalization in the 1980s rival factions remain subdued Ruling parties can then consolidate relatively strong institutional structures and parliament remains marginal Conversely where a class of private wealth accumulators expands as occurred in Tanzania after the 1980s and in Uganda after the National Resistance Movement took power in 1986 rival factions can more easily form simultaneously eroding party institutions and encouraging greater legislative strength Collord uses this analysis to reassess the significance of a stronger legislature She considers its influence on distributive politics both regressive and progressive She also considers its relation to democratization particularly in a context of broader liberalizing reforms The book ultimately encourages a closer examination of how would be democratic institutions interact with an underlying power distribution shaping in whose interests they operate Oxford Studies in African Politics and International Relations is a series for scholars and students working on African politics and International Relations and related disciplines Volumes concentrate on contemporary developments in African political science political economy and International Relations such as electoral politics democratization decentralization gender and political representation the political impact of natural resources the dynamics and consequences of conflict comparative political thought and the nature of the continent's engagement with the East and

West Comparative and mixed methods work is particularly encouraged Case studies are welcomed but should demonstrate the broader theoretical and empirical implications of the study and its wider relevance to contemporary debates The focus of the series is on sub Saharan Africa although proposals that explain how the region engages with North Africa and other parts of the world are of interest General Editors Nic Cheeseman Peace Medie and Ricardo Soares de Oliveira *The New Conditionality* Jeremy Gould,2005-09 Poverty Reduction Strategies PRSs are the new buzzwords in development aid Some 70 countries have already elaborated them in response to World Bank and bilateral aid agency requirements This book presents detailed field level research on the application of PRSs in three countries Tanzania Vietnam and Honduras It describes the changing relations between the governments of these countries donor agencies and civic organizations that have taken part in formulating the new generation of PRSs Poverty Reduction Strategies run up against a central paradox in giving decisive policymaking powers to external agencies the very process of drawing up development strategies to prioritise reducing poverty can gravely undermine the consolidation of democratic forces structures and ideas in developing countries

Chains of Justice Sonia Cardenas,2014-04-02 Sonia Cardenas offers the most comprehensive account to date of the emergence of national human rights institutions exploring why states create these institutions and examining their impact on contemporary human rights struggles *Challenges for the Democratisation Process in Tanzania* Jonas Ewald,2013 Tanzania has been independent in 2011 for 50 years While most neighbouring states have gone through violent conflicts Tanzania has managed to implement extensive reforms without armed political conflicts Hence Tanzania is an interesting case for Peace and Development research This dissertation analyses the political development in Tanzania since the introduction of the multiparty system in 1992 with a focus on the challenges for the democratisation process in connection with the 2000 and 2005 elections The question of to what extent Tanzania had moved towards a consolidation of democracy is analysed by looking at nine different institutions of importance for democratisation grouped in four spheres the state the political civil and economic society Focus is on the development of the political society and the role of the opposition in particular The analysis is based on secondary and primary material collected between September 2000 to April 2010 The main conclusion is that even if the institutions of liberal democracy have gradually developed in practice single party rule has continued manifested in the 2005 election when the CCM won 92% of seats Despite impressive economic growth poverty remains deep and has not been substantially reduced On a theoretical level this brings the old debate between liberal and substantive democracy back to the fore Neither the economic nor the political reforms have brought about a transformation of the political and economic system resulting in the poor majority gaining substantially more political influence and improved economic conditions Hence it is argued that the interface between the economic political and administrative reforms has not been sufficiently considered in the liberal democratic tradition Liberal democracy is necessary for a democratic development but not sufficient for democracy to be consolidated For that a substantive democratic development

is necessary **Journal of African Policy Studies** ,2007 *Challenges for the Democratisation Process in Tanzania* Jonas Ewald,2013-07-24 Tanzania has been independent in 2011 for 50 years While most neighbouring states have gone through violent conflicts Tanzania has managed to implement extensive reforms without armed political conflicts Hence Tanzania is an interesting case for Peace and Development research This dissertation analyses the political development in Tanzania since the introduction of the multiparty system in 1992 with a focus on the challenges for the democratisation process in connection with the 2000 and 2005 elections The question of to what extent Tanzania had moved towards a consolidation of democracy is analysed by looking at nine different institutions of importance for democratisation grouped in four spheres the state the political civil and economic society Focus is on the development of the political society and the role of the opposition in particular The analysis is based on secondary and primary material collected between September 2000 to April 2010 The main conclusion is that even if the institutions of liberal democracy have gradually developed in practice single party rule has continued manifested in the 2005 election when the CCM won 92% of seats Despite impressive economic growth poverty remains deep and has not been substantially reduced On a theoretical level this brings the old debate between liberal and substantive democracy back to the fore Neither the economic nor the political reforms have brought about a transformation of the political and economic system resulting in the poor majority gaining substantially more political influence and improved economic conditions Hence it is argued that the interface between the economic political and administrative reforms has not been sufficiently considered in the liberal democratic tradition Liberal democracy is necessary for a democratic development but not sufficient for democracy to be consolidated For that a substantive democratic development is necessary *Tanzania National Bibliography* ,1999 *The African Book Publishing Record* ,2001 **Strengthening Parliamentary Democracy in SADC Countries** Daudi R. Mukangara,2005 This report argues that parliament s engagement with civil society in Tanzania will be hampered if parliament continues to be subordinate or subservient to the executive Both presidential and parliamentary systems have the potential to emasculate legislatures This potential is increased in modern times by the near monopoly of information that all executive branches tend to hold Since 1984 the Tanzanian political system has been struggling with limiting the power of the executive which was inherited from the hybrid nature of the semi presidential and semi parliamentary form of executive adopted since 1962 Today parliament performs routine scrutiny of the government but appears helpless for example in challenging the inadequate disclosure of international financial commitments and in opening up standing committee deliberations to the public *Tanzania Under Mwalimu Nyerere* Godfrey Mwakikagile,2006 Nyerere s economic policies his successes and failures in pursuit of economic development under socialism are some of the subjects addressed by the author in this book A Tanzanian himself he also looks at how life was under Nyerere since the sixties The work is also a critical examination of the political situation in Tanzania since independence when the country was known as Tanganyika before uniting with Zanzibar The author also looks at the

transition that has taken place in Tanzania from one party rule to multiparty democracy and from socialism to capitalism since the collapse of the Soviet Union and the end of the Cold War He also takes a critical look at globalization and the negative impact of structural adjustment programmes in Tanzania and Africa as a whole The work is also a study of Tanzania's history since the advent of colonial rule and of the struggle for independence in one of Africa's largest countries

British Influences on Commonwealth Budget Systems Ian Lienert, 2007-04 Several features of Tanzania's budget system find their roots in the arrangements inherited from the United Kingdom These include a legal framework that emphasizes accountability a cabinet of ministers with strong budget decision making powers a parliament with very limited budget powers and a similar external audit organization In both countries budget execution is decentralized to individual ministries with accounting officers responsible to a parliamentary accounts committee These similarities are blended with contrasts including in Tanzania a presidential system of government one dominant political party a written constitution and some fragmentation in central budget decision making within the executive People's Representatives Rwekaza Sympho Mukandala, Samuel S. Mushi, Casmir M. Rubagumya, 2004 Full parliamentary democracy did not come quickly or easily to Tanzania In 1962 the first constitution of Tanzania as an independent republic shifted power from parliament to the executive specifically to the presidency In 1965 the interim constitution further eroded the powers of parliament in favour of a one party state controlled by the Tanganyika African National Union TANU Parliament became little more than a token rubber stamping organisation This multi contributory study traces the development of multi party democracy in Tanzania from the appointment of the first two chiefs to Tanganyika's colonial Legislative Council in 1945 to the present day It highlights the struggle for supremacy between parliament and the executive during the period from 1968 to 1992 when parliament began to assert itself as a vibrant multi party institution *African Books in Print*, 1978 *Journal of the parliaments of the Commonwealth*, 2002

Christian Education in Tansania Lukas Steinbeck, 2018-12-03 Lukas Steinbeck widmet sich der tansanischen Christian Education und berf hrt den gro enteils m ndlich bestimmten Fachdiskurs in eine schriftliche Rekonstruktion Er ber cksichtigt dabei sowohl die historische als auch gegenw rtige Perspektive mithilfe einer missionskatechetischen Aufarbeitung und aktuellen Bestandsaufnahme des Faches Herzst ck der Untersuchung sind die im Rahmen empirischer Forschung entstandenen werkbiographischen Miniaturen in denen sechs tansanische Religionsp dagogen die Christian Education aus pers nlicher Perspektive entfalten Auf Basis dieser Erkenntnisse wird Christian Education als tansanischer Gespr chspartner in den interkulturellen Diskurs der vergleichenden Religionsp dagogik einbezogen Lukas Steinbeck analyses the Christian Education in Tanzania and thus transforms most of the oral discourse into a written analysis He considers not only the historical but also the contemporary perspective with the help of a mission and catechesis oriented debate and recent approaches on the subject The core of the analysis are work biographical miniatures developed in the context of an empirical survey in which six Tanzanian religious education teachers point out their view on

Christian Education On the basis of these results Christian Education can be included as a Tanzanian dialogue partner in the intercultural discourse of a comparative Religious education **The Parliamentarian** ,2003 **Silent Violence** Vinay R. Kamat,2013-12-05 Silent Violence engages the harsh reality of malaria and its effects on marginalized communities in Tanzania Vinay R Kamat presents an ethnographic analysis of the shifting global discourses and practices surrounding malaria control and their impact on the people of Tanzania especially mothers of children sickened by malaria Malaria control according to Kamat has become increasingly medicalized a trend that overemphasizes biomedical and pharmaceutical interventions while neglecting the social political and economic conditions he maintains are central to Africa s malaria problem Kamat offers recent findings on global health governance neoliberal economic and health policies and their impact on local communities Seeking to link wider social economic and political forces to local experiences of sickness and suffering Kamat analyzes the lived experiences and practices of people most seriously affected by malaria infants and children The persistence of childhood malaria is a form of structural violence he contends and the resultant social suffering in poor communities is closely tied to social inequalities Silent Violence illustrates the evolving nature of local responses to the global discourse on malaria control It advocates for the close study of disease treatment in poor communities as an integral component of global health funding This ethnography combines a decade of fieldwork with critical review and a rare anthropological perspective on the limitations of the bureaucratic technological institutional medical and political practices that currently determine malaria interventions in Africa
