## **Reflections At Fifty And Other Essays:**

**Reflections at fifty, and other essays** James T. (James Thomas) Farrell, **The Genesis of the Chicago Renaissance** Mary Hricko, 2013-09-05 This study examines the genesis of Chicago's two identified literary renaissance periods 1890-1920 and 1930-1950 through the writings of Dreiser, Hughes, Wright, and Farrell. The relationship of these four writers demonstrates a continuity of thought between the two renaissance periods. By noting the affinities of these writers' patterns such as the rise of the city novel, the development of urban realism, and the shift to modernism, are identified as significant connections between the two periods. Although Dreiser, Wright, and Farrell are more commonly thought of as Chicago writers, this study argues that Langston Hughes is a transitional pivotal figure between the two periods. Through close readings and contextualization, the influence of Chicago writing on American literature in such areas as realism and naturalism, as well as proletarian and ethnic fiction, becomes apparent.

**A Question of Quality** Louis Filler, 1976 The subjects treated in this symposium have one major characteristic in common: that they have recently or relatively recently enjoyed high popularity among readers. Also, they have received from substantial to torrents of comment.

Reflections at Fifty James Thomas Farrell, 1954

Backgazing: Reverse Time in Modernist Culture Paul Giles, 2019-02-14 This volume traces ways in which time is represented in reverse forms throughout modernist culture from the beginning of the twentieth century until the decade after World War II. Though modernism is often associated with revolutionary or futurist directions, this book argues instead that a retrograde dimension is embedded within it. By juxtaposing the literature of Europe and North America with that of Australia and New Zealand, it suggests how this antipodean context serves to defamiliarize and reconceptualize normative modernist understandings of temporal progression. Backgazing thus moves beyond the treatment of a specific geographical periphery as another margin on the expanding field of New Modernist Studies. Instead, it offers a systematic investigation of the transformative effect of retrograde dimensions on our understanding of canonical modernist texts. The title backgazing is taken from Australian poet Robert G. Fitzgerald's 1938 poem "Essay on Memory," and it epitomizes how the cultural history of modernism can be restructured according to a radically different discursive map. Backgazing intellectually reconfigures US and European modernism within a planetary orbit in which the literature of Australia and the Southern Hemisphere, far from being merely an annexed margin, can be seen substantively to change the directional compass of modernism more generally. By reading canonical modernists such as James Joyce and T. S. Eliot alongside marginalized writers such as Nancy Cunard and others, and relatively neglected authors from Australia and New Zealand, this book offers a revisionist cultural history of modernist time, one framed by a recognition of how its measurement is modulated across geographical space.

*The Ethnographic Imagination (Routledge Revivals)* Paul Atkinson, 2014-04-04 First published in 1990 The Ethnographic Imagination explores how sociologists use literary and rhetorical conventions to convey their findings and arguments and to persuade their colleagues and students of the authenticity of their accounts Looking at selected sociological texts in the light of contemporary social theory the author analyses how their arguments are constructed and illustrated and gives many new insights into the literary convention of realism and factual accounts

**Twentieth Century Fiction** George Woodcock, 1983-04-01      **A Theodore Dreiser Encyclopedia** Keith

Newlin, 2003-07-30 For a century Theodore Dreiser has represented for many readers a rebellious modernism whose novels both critiqued the American dream and embodied a bleakly deterministic perception of life His first novel Sister Carrie 1900 was reluctantly published and then ignored by its publisher who thought the book immoral Another publisher withdrew his fifth novel The Genius 1915 rather than face prosecution on obscenity charges Dreiser did not enjoy widespread popularity and critical acclaim until his masterpiece An American Tragedy appeared in 1925 This reference is an authoritative guide to his life and works Included are several hundred entries on each of Dreiser s books and short stories as well as magazine and newspaper pieces he collected during his life Noteworthy uncollected and posthumously collected works are given separate entries as are major characters in the novels family members friends and other persons important to understanding his writings There are also entries on Dreiser s publishers his major influences the places and events important to his life and

the literary and social contexts of his works Expert contributors wrote each of the entries many of which cite works for further reading The volume closes with a selected bibliography of works by and about Dreiser **Standard Catalog for Public Libraries. Supplement** H.W. Wilson Company,1952 **Twentieth Century American Literature** Warren French,1980-11-01 **Reference Guide to American Literature** Jim Kamp,1994 Now in its 3rd edition the Reference Guide to American Literature focuses on the rich diversity of individuals that comprise an important group of American novelists poets dramatists and essayists Entries include expanded multi ethnic representation and profile more African Americans and for the first time Asian Hispanic and Native American writers and works as well as writers who concentrate on women s and gay and lesbian issues *U.S. Catholic Historian* ,2005 **Reflection on the Death of a Porcupine** D. H. Lawrence,2019-02-20 This collection of essays by the author of *Lady Chatterley s Lover* presents his musings on literature politics and philosophy in a newly restored text Though D H Lawrence was one of the great writers of the twentieth century his works were severely corrupted by the stringent house styling of printers and the intrusive editing of timid publishers A team of scholars at Cambridge University Press has worked for more than thirty years to restore the definitive texts of D H Lawrence in The Cambridge Editions Between 1915 1925 D H Lawrence wrote a series of philosophicalish essays covering topics ranging from politics to nature and from religion to education Varying in tone from lighthearted humor to spiritual meditation they all share the underlying themes of Lawrence s mature work Be thyself As far as possible the editors of the Cambridge Editions series have restored these essays to their original form as Lawrence wrote them A discussion of the history of each essay is provided and several incomplete and unpublished essays are reproduced in an appendix **Adult Catalog: Subjects** Los Angeles County Public Library,1970 **The Petro-state Masquerade** Ryan Cecil Jobson,2024-12-04 A historical and ethnographic study of the fraught relationship between fossil fuels and political power in Trinidad and Tobago Examining the past present and future of Trinidad and Tobago s oil and gas industries anthropologist Ryan Cecil Jobson traces how a model of governance fashioned during prior oil booms is imperiled by declining fossil fuel production and a loss of state control Despite the twin island nation s increasingly volatile and vulnerable financial condition however government officials continue to promote it as a land of inexhaustible resources and potentially limitless profits The result is what Jobson calls a masquerade of permanence whereby Trinbagonian state actors represent the nation as an interminable reserve of hydrocarbons primed for multinational investment In *The Petro state Masquerade* Jobson examines the gulf between this narrative crafted by the postcolonial state and the vexed realities of its dwindling petroleum fueled aspirations After more than a century of commercial oil production Trinidad and Tobago instructs us to regard the petro state as less a permanent form than a fragile relation between fossil fuels and sovereign authority Foregrounding the concurrent masquerades of oil workers activists and Carnival revelers Jobson argues that the promise of decolonization lies in the disarticulation of natural resources capital and political power by ordinary people in the Caribbean
