adults between the ages of 16 and 35 to learn how their Palestinian identity has been affected by living in various Arab countries or the United States and then moving to the West Bank and Gaza Their responses underscore how much the experience of living outside of Palestine has become integral to the Palestinian national character even as Palestinians maintain an overwhelming sense of belonging to one another as a people **Palestine and Israel** David

McDowall,1991-07-01 In this thoroughly researched and highly topical book David McDowall considers the Palestinian uprising from a historical social and political perspective and carefully reassesses the prospects for a settlement of the Arab Israeli conflict *Marian Reflections on War and Peace* Lenart Škof,Emily A. Holmes,Pavlo Smytsnyuk,2025-03-31 This book presents an original Marian approach towards war and peace dedicated to the suffering of children women and men in Mariupol and elsewhere in Ukraine and in the world Offering new theological perspectives on the contemporary impact of war the contributions take inspiration from the figure and symbol of Mary as protector of children and guardian of peace intermediary of the incarnation as well as model for ecumenical interreligious and intercultural engagements The chapters explore the role of Mary as a symbol for feminist and activist reflections for the communication of suffering as the mater dolorosa for power when appropriated for political ends and for healing and reconciliation in peace building efforts The book provides readers with valuable theological reflections on conflict global theological ethics ecofeminist and peace building thinking in theology and contemporary political theology Women, Reconciliation and the Israeli-Palestinian Conflict

Giulia Daniele,2014-04-16 Women Reconciliation and the Israeli Palestinian Conflict explores the most prominent instances of women s political activism in the occupied Palestinian territories and in Israel focussing primarily on the last decade By taking account of the heterogeneous narrative identities existing in such a context the author questions the effectiveness of the contributions of Palestinian and Israeli Jewish women activists towards a feasible renewal of the peace process founded on mutual recognition and reconciliation Based on feminist literature and field research this book re problematises the controversial liaison between ethno national narratives feminist backgrounds and women s activism in Palestine Israel In detail the most relevant salience of this study is the provision of an additional contribution to the recent debate on the process of making Palestinian and Israeli women activists more visible and the importance of this process as one of the most meaningful ways to open up areas of enquiry around major prospects for the end of the Israeli Palestinian conflict Tackling topical issues relating to alternative resolutions to the Israeli Palestinian conflict this book will be a valuable resource for both academics and activists with an interest in Middle East Politics Gender Studies and Conflict Resolution *In the Eye of the Storm* Mitri Raheb,2023-06-23 The situation of Christians in the Middle East has become an important topic of international discussion as well as an important theme covered in the media as several CBS Sixty Minutes programs have highlighted the plight of Christians in Palestine Syria Jordan Lebanon and Egypt In the Eye of the Storm tells the story of the plight of twenty first century Middle Eastern Christians in five countries Palestine Israel Jordan Lebanon and Egypt in the

context of the so called Arab Spring and within a destabilized region that is a geopolitical triangle shaped by Israeli hegemony and Arab Iranian tensions The book places the situation of the Christians within the wider sociopolitical context of the Middle East in the twenty first century A unique feature of this book is that it is written mainly by native Christians who have spent their entire lives in the region and continue to live there In the Eye of the Storm therefore provides an insider perspective rather than a hegemonic and colonial outsider perspective This book hopes to offer a sociopolitical framework for the Christians of the Middle East thus allowing them to tell their own story as they see it and not one that has been projected onto them by outside forces

Solidarity and the Palestinian Cause Zahi Zalloua, 2023-01-12 Zahi Zalloua provides the first examination of Palestinian identity from the perspective of Indigeneity and Critical Black Studies Examining the Palestinian question through the lens of settler colonialism and Indigeneity this timely book warns against the liberal approach to Palestinian Indigeneity which reinforces cultural domination and urgently argues for the universal nature of the Palestinian struggle Foregrounding Palestinian Indigeneity reframes the Palestinian Israeli conflict as a problem of wrongful dispossession a historical harm that continues to be inflicted on the population under the brutal Occupation of the West Bank and Gaza At the same time in a global context marked by liberal democratic ideology such an approach leads either to liberal tolerance the minority is permitted to exist so long as their culture can be contained within the majority order or racial separatism that is appeals for national independence typically embodied in the two state solution Solidarity and the Palestinian Cause not only insists that any analysis of Indigeneity s purchase must keep this problem of translation in mind but also that we must recast the Palestinian struggle as a universal one As demonstrated by the Palestinian support for such movements as Black Lives Matter and the reciprocal support Palestinians receive from BLM activists the Palestinian cause fosters a solidarity of the excluded This solidarity underscores the interlocking global struggles for emancipation from racial domination and economic exploitation Drawing on key Palestinian voices including Edward Said and Larissa Sansour as well as a wide range of influential philosophers such as Slavoj i ek Frantz Fanon and Achille Mbembe Zalloua brings together the Palestinian question Indigeneity and Critical Black Studies to develop a transformative anti racist vision of the world

Filistin Davamız T.C. Cumhurbaşkanlığı İletişim Başkanlığı, *The Sociology of the Palestinians* Khalil Nakhleh, Elia Zureik, 2024-05-01 First published in 1980 The Sociology of the Palestinians is a comprehensive collection of sociological and demographic studies of the Palestinian people One paper deals with the Palestinian Arabs in pre 1967 Israel and the various methods of social control adopted by the Zionist regime to co opt and control the Arab population A second paper focuses on the Palestinians in the West Bank and Gaza An analysis of current Palestinian demography with projections for the future is made and the minority position of the Palestinians in the Arab World is critically assessed An examination of the role of Palestinian intellectuals is followed by a theoretical discussion on the development of Palestinian class structure Finally the role of Palestinian women is examined in the context of traditional social structure and the specific political and economic

situation which confront Palestinian society This book will be of interest to students of history sociology and political science

Palestine in the Air Chin-chin Yap,2025-01-23 As the first cultural history of Palestinian aviation Palestine in the Air reveals civil aviation's role in the question of Palestine over the past century How do Palestinians as individuals communities and as a nascent state engage with the air How does their systemic exclusion from aerial agency inform dominant and counter narratives of culture and modernity International civil aviation is a powerful tool for the disenfranchisement of Palestinian statehood connectivity and mobility Yet Palestinians have constantly sought to harness aviation as a legitimate component of modern state building They have also creatively appropriated aviation technologies including balloons kites and drones as instruments of resistance exploiting flight's symbolic qualities of escape and liberation to highlight the injustices of occupation Using an interdisciplinary approach that draws on media studies cultural studies critical theory diplomacy and history Palestine in the Air examines civil aviation's political social and cultural impact upon the Palestinian quest for sovereignty The book makes use of an unprecedented range of aviation related sources spanning unpublished memoirs print and image archives interviews art film literature poetry and stand up comedy Philosophical Perspectives on the Israeli-Palestinian Conflict Tomis Kapitan,2015-06-11 This volume addresses a number of philosophical problems that arise in consideration of the century old conflict between Israeli Jews and Palestinian Arabs Consisting of essays by fifteen contributors including both Israeli and Palestinian philosophers and a lengthy introduction by the editor it deals with rights to land sovereignty self determination the existence and legitimacy of states cultural prejudice national identity intercommunal violence and religious intransigence **Becoming Pro-Palestinian** Rosemary Sayigh,2024-02-22 This book brings together testimonials from people of different nationalities and professions who are pro Palestinian whether as scholars film makers artists musicians activists or NGO workers Using what oral historians call the focused life history renowned scholar Rosemary Sayigh invites her contributors to describe the experiences events motives and feelings that led them to support the Palestinian cause The book is the first of its kind in Palestiniography and includes voices from countries across the world A chapter is dedicated to each country and contributors are asked to reveal how they discovered Palestine given that Palestine is rarely mentioned in school textbooks or university courses whether by travel friendship study membership in a political party or book group They are also asked to detail what specific forms their engagement has taken ranging scholarly creative militant or charitable and what their hopes are for the international solidarity movement Finally each contributor reflects on if they feel a just and equitable solution can ever be achieved for Palestinians and if they accept the label pro Palestinian or would rather define their relationship to the Palestinians in some other way With testimonies from both high profile and grassroots activists the book is a rich and personal selection that reflects the diversity dynamism and global nature of the movement for Palestine **An Oral History of the Palestinian Nakba** Doctor Nahla Abdo,Nur Masalha,2018-05-15 In 2018 Palestinians mark the 70th anniversary of the Nakba when over 750 000 people were uprooted

and forced to flee their homes in the early days of the Israeli Palestinian conflict Even today the bitterness and trauma of the Nakba remains raw and it has become the pivotal event both in the shaping of Palestinian identity and in galvanising the resistance to occupation Unearthing an unparalleled body of rich oral testimony An Oral History of the Palestinian Nakba tells the story of this epochal event through the voices of the Palestinians who lived it uncovering remarkable new insights both into Palestinian experiences of the Nakba and into the wider dynamics of the ongoing conflict Drawing together Palestinian accounts from 1948 with those of the present day the book confronts the idea of the Nakba as an event consigned to the past instead revealing it to be an ongoing process aimed at the erasure of Palestinian memory and history In the process each unique and wide ranging contribution leads the way for new directions in Palestinian scholarship

Palestinian Cinema Nurith Gertz, 2008-01-15 Although in recent years the entire world has been increasingly concerned with the Middle East and Israeli Palestinian relationship there are few truly reliable sources of information regarding Palestinian society and culture either concerning its relationship with Israeli society its position between east and west or its stances in times of war and peace One of the best sources for understanding Palestinian culture is its cinema which has devoted itself to serving the national struggle In this book two scholars an Israeli and a Palestinian in a rare and welcome collaboration follow the development of Palestinian cinema commenting on its response to political and social transformations They discover that the more the social political and economic conditions worsen and chaos and pain prevail the more Palestinian cinema becomes involved with the national struggle As expected Palestinian cinema has unfolded its national narrative against the Israeli narrative which tried to silence it **Post-Millennial Palestine** Rachel Gregory Fox, Ahmad Qabaha, 2021-02-01 Shortlisted for the Palestine Book Awards 2021 Post Millennial Palestine Literature Memory Resistance confronts how Palestinians have recently felt obliged to re think memory and resistance in response to dynamic political and regional changes in the twenty first century prolonged spatial and temporal dispossession and the continued deterioration of the peace process Insofar as the articulation of memory in post colonial contexts can be viewed as an integral component of a continuing anti colonial struggle for self determination in tracing the dynamics of conveying the memory of ongoing chronic trauma this collection negotiates the urgency for Palestinians to reclaim and retain their heritage in a continually unstable and fretful present The collection offers a distinctive contribution to the field of existing scholarship on Palestine charting new ways of thinking about the critical paradigms of memory and resistance as they are produced and represented in literary works published within the post millennial period Reflecting on the potential for the Palestinian narrative to recreate reality in ways that both document it and resist its brutality the critical essays in this collection show how Palestinian writers in the twenty first century critically and creatively consider the possible future s of their nation

Reflections on Exile and Other Essays Edward W. Said, 2000 With their powerful blend of political and aesthetic concerns Edward W Said s writings have transformed the field of literary studies This long awaited collection of literary and cultural

essays offers evidence of how much the fully engaged critical mind can contribute to the reservoir of value thought and action essential to our lives and culture **Israelis in Conflict** Adriana Kemp, Uri Ram, David Newman, Oren Yifta, 2014-06-01 Globalisation and increased cultural heterogeneity have had a major impact on states whose identity has been defined in terms of a single often socially constructed allegiance to the state and a single hegemonic ideology Nowhere are changing notions of identity more prevalent than in Israel a country whose dominant Western Jewish society has been subject to understanding their past and present in terms of a single ideology of state formation Zionism This book challenges some of the traditional analytical paradigms prevalent in Israeli social science for the past fifty years **For Palestine** Ian Parker, 2023-06-26 I am not afraid to look Tom Hurndall 2003 On the eve of the invasion of Iraq in February 2003 Tom Hurndall a photography student at Manchester Metropolitan University travelled from Manchester to the Middle East to witness the horrors in Iraq and then later in Palestine Tom was shot in the head by an Israeli soldier on 11 April 2003 whilst attempting to rescue two children trapped by Israeli sniper fire He later died in hospital on 13 January 2004 without gaining consciousness He is remembered for his determination to bear witness to the conflict in Palestine and his bravery to capture the atrocities directed towards the suppression of the Palestine people This book is a collection of lectures written by reputable scholars who offer diverse perspectives on the historical political and cultural struggles in Palestine Encompassed in the pages are sixteen chapters produced for the Tom Hurndall Memorial Lecture Group Unlike predecessors of this topic this book offers a thought provoking and comprehensive analysis of Palestine including architectural cultural legal sociological and psychological questions providing a larger scope of study that has not yet been done before Ultimately this book explores oppression in Palestine and beyond in the Middle East The vast study and in depth exploration makes this an ideal book for those who are interested in the Palestine conflict Zionism Israel and further conflict in the Middle East as well as a necessity for those who are studying the topic in education settings *Postcolonial Traumas* Abigail Ward, 2015-10-12 This collection of essays explores some new possibilities for understanding postcolonial traumas It examines representations of both personal and collective traumas around the globe from Palestinian Caribbean African American South African Maltese Algerian Indian Australian and British writers directors and artists
