chain of events leading to such crossroads Between both there is a chasm a space of indeterminacy into which R Musil and L Sterne delve with aesthetic means Their poetics move in opposite directions but by following them to their last critical consequences this study reveals a kindred ethical stance This interpretation sheds light on the ethics revolving around character construction by examining the constraints thwarting any attempt to complete a biographical account or convey a protagonist that led his or her life Neither Musil nor Sterne posit a narrative agenda that could reach a last chapter or lead to a groundwork determining their ethics A closer look into their tight knit prose reveals that both rely on the narrating on a skill that must be incessantly cultivated through a digressive or essayistic style Equipped with a vast theoretical repertoire this approach makes a strong case for a new constellation in comparative literature **On Thin Ice** Richard

Ellis,2009-11-17 From a graceful writer who s written some of the best natural history books of the past decade The New York Times Book Review comes an urgent stirring celebration and a rallying cry on behalf of one of earth s greatest natural treasures Polar bears fierce and majestic have captivated us for centuries Feared by explorers revered by the Inuit and beloved by zoo goers everywhere they are a symbol for the harsh beauty and muscular grace of the Arctic But as global warming threatens the ice caps integrity the polar bear has also come to symbolize the environmental peril that has arisen due to harmful human practices In the past twenty years alone the world population of polar bears has shrunk by half Today they number just 22 000 *Provability, Computability and Reflection* Lev D. Computability and Reflection **Reflection of a Hero** Stan Yocum,2018-12-28 Reflection of a Hero is a fictional story told from an older woman s perspective about her youth and in particular about a boy athlete she first met in grade school She tells her story about the trials and tribulations of growing up and becoming a young adult Her personal narrative follows her life from a thirteen year old eighth grader until she was in college It s reminiscent of what all of us had to encounter to some extent as we grow older The one unique slant in her case is the young athlete that she fell in love with Her youthful age unfortunately didn t allow her to see the common thread that existed between them The highlights of the story might bring back memories of your own past There are some exciting funny and thrilling moments in her recollection as well as somber times that were also part of her life Follow her tale and possibly you can sit back and remember exactly what it was like
