Biddle,Barbara White,2010-06-01 The Power of We The Ohio Study Group Experience traces the work of a network of early childhood educators who are inspired by and engaged in the study the early childhood programs and practices of Reggio Emilia Italy The text describes how the network of study groups began expanded and sustained their work It explains how study groups serve as professional development and are integral to the shaping of learning communities and making an impact on classroom practices in early childhood programs It chronicles some of the specific experiences of study groups as well as initiatives of Ohio Voices for Learning OVL the organization formed by study group facilitators This book is important for the uniqueness of the organization it describes and the direction it provides for others interested in replicating the study group experience in their geographic area The targeted audience is the general early childhood education field It is also appropriate for any educator engaged in or interested in study groups and professional learning communities *Handbook on Teaching and Learning for Sustainable Development* Walter Filho Leal,Amanda Lange Salvia,Fernanda

Frankenberger,2021-06-25 Exploring the important role of education in both pursuing and implementing sustainable development this timely Handbook highlights how teaching methods at schools and universities can impact the future It looks at ways not only to inform students about matters related to sustainable development but also to empower them to adopt behaviours and actions that lead to more sustainable lifestyles *Planning and Using Time in the Foundation Stage* Jill Williams,Karen McInnes,2014-04-04 Operating on two levels this book aims to help students and practitioners understand how to plan and use time effectively within the foundation stage setting The book examines how children learn and play at different times of day how they fiction when they might be tired or hungry and how best to organize the learning day with this in mind The authors discuss the issue of environment how children relate to different areas within their own room and what happens when routines of time and place are altered The book also discusses how to develop children s understanding of time and how to incorporate the theme of time into children s play The book includes practical activities and examples that will allow children to fully comprehend the concept of time advice on how to create time for children to learn through play inquiry and investigation sections on how time can be used to include parents colleagues and the local community This book provides in depth analysis of how effective use of time can be beneficial for parents children and staff in early years setting

Flows, Rhythms, and Intensities of Early Childhood Education Curriculum Veronica Pacini-Ketchabaw,2010 In this book a group of researchers and educators consider in detail the possibilities and tensions of curriculum making in early childhood education The book discusses a wide range of issues related to postfoundational approaches to curriculum such as the images of children and educators pedagogical narrations reflective practice transitions and routines the visual arts social change and family educator involvement in the classroom **Nature Education with Young Children** Daniel R. Meier,Stephanie Sisk-Hilton,2013-05-29 Nature Education with Young Children is a thoughtful sophisticated teacher resource that blends theory and practice on nature education children s inquiry based learning and reflective teaching The book s guiding conceptual framework is founded upon the integration of four key ideas for effective and transformative nature education The power and value of equity and access to nature education Effective teaching encompasses child development domains and integrates ECE curriculum Children learn best through inquiry based and child centered teaching Powerful teaching is founded upon teacher inquiry and reflection Implementing nature study is one critical way that educators can integrate more science learning across the ECE curriculum and do so in an active discovery based manner Nature Education with Young Children strives for an American version of what the Reggio Emilia educators do so well creating a seamless integration of science concepts into the daily intellectual investigations that occur in classrooms everywhere *Learning Together with Young Children* Deb Curtis,Margie Carter,2007-11-01 Many curriculum books treat teaching as something teachers do to or for children Deb Curtis and Margie Carter best selling authors in the early learning field believe teaching is a collaborative process in which teachers reexamine their own philosophies and practices while

facilitating children s learning Each chapter in this curriculum framework includes a conceptual overview followed by classroom stories and photographs to illustrate the concepts The book helps teachers create materials and a classroom culture reflective of their values Teach through observation reflection inquiry and action and encourage children to represent their learning in multiple ways including songs stories and drama **The New Early Years Foundation Stage: Changes, Challenges And Reflections** Beckley, Pat,2013-08-01 This book provides an overview of the proposed changes to the Early Years Foundation Stage framework raising contemporary issues *The Hundred Languages of Children* Carolyn P. Edwards,George E. Forman,Lella Gandini,1998 *Children and Young People's Spaces* Pam Foley,Stephen Leverett,2018-06-26 This reader takes debates about children s services forward by drawing on ideas based in social pedagogy and arguing that the concept of space is crucial to relationships and practices with children and young people It will stimulate students to question and rethink and practitioners to innovate and challenge mainstream thinking

Trustworthy Ubiquitous Computing Ismail Khalil,Teddy Mantoro,2012-09-08 Trustworthy Ubiquitous Computing covers aspects of trust in ubiquitous computing environments The aspects of context privacy reliability usability and user experience related to emerged and exciting new computing paradigm of Ubiquitous Computing includes pervasive grid and peer to peer computing including sensor networks to provide secure computing and communication services at anytime and anywhere Marc Weiser presented his vision of disappearing and ubiquitous computing more than 15 years ago The big picture of the computer introduced into our environment was a big innovation and the starting point for various areas of research In order to totally adopt the idea of ubiquitous computing several houses were build equipped with technology and used as laboratory in order to find and test appliances that are useful and could be made available in our everyday life Within the last years industry picked up the idea of integrating ubiquitous computing and already available products like remote controls for your house were developed and brought to the market In spite of many applications and projects in the area of ubiquitous and pervasive computing the success is still far away One of the main reasons is the lack of acceptance of and confidence in this technology Although researchers and industry are working in all of these areas a forum to elaborate security reliability and privacy issues that resolve in trustworthy interfaces and computing environments for people interacting within these ubiquitous environments is important The user experience factor of trust thus becomes a crucial issue for the success of a UbiComp application The goal of this book is to provide a state the art of Trustworthy Ubiquitous Computing to address recent research results and to present and discuss the ideas theories technologies systems tools applications and experiences on all theoretical and practical issues **Understanding Pedagogic Documentation in Early Childhood Education** Joao Formosinho,Jan Peeters,2019-04-30 Much more than simply recording events pedagogical documentation is a revolutionary educational approach that enables practitioners to capture and understand the ways in which children learn and think Exploring the use of pedagogic documentation across five different cultures this book offers a

unique insight into the conditions and methods through which pedagogical documentation might become an effective means of connecting teaching and learning By drawing on theory research based evidence and practice Understanding Pedagogic Documentation in Early Childhood Education reveals pedagogic documentation as an instigator for critical reflection on practice for the creation of new pedagogical approaches and improvements in quality Observing and documenting the lived educational experience of children and practitioners is emphasised as a means of acknowledging their voice and rights of revealing their knowledge their competences their attitudes and dispositions to learning Offering contextualised approaches and considering the challenges involved in observing and documenting day to day practice in early childhood settings chapters encourage professionals to reflect and recognise the value of documentation for children staff members and the wider community Making a crucial contribution to the debates on pedagogical documentation Understanding Pedagogic Documentation in Early Childhood Education offers researchers students policy makers and professionals a comprehensive and multicultural perspective on pedagogical documentation
