An Odd Steelers Journey Andy Russell, 2002 **Containing Community** Greg Bird, 2016-09-21 Analyzes the role of community in the writings of Giorgio Agamben Roberto Esposito and Jean Luc Nancy Community has been both celebrated and demonized as a fortress that shelters and defends its members from being exposed to difference Instead of abandoning community as an antiquated model of relationships that is ill suited for our globalized world this book turns to the writings of Giorgio Agamben Roberto Esposito and Jean Luc Nancy in search for ways to rethink community in an open and inclusive manner Greg Bird argues that a central piece of this task is found in how each philosopher rearticulates community not as something that is proper to those who belong and improper to those who are excluded or where inclusion is based on one's share in common property We must return to the forgotten dimension of sharing not as a sharing of things that we can contain and own but as a process that divides us up and shares us out in community with one another This book traces this problem through a wide array of fields ranging from biopolitics communitarianism existentialism phenomenology political economy radical philosophy and social theory **The Pittsburgh Pirates Encyclopedia** David Finoli, Bill Ranier, 2003

History, Violence, and the Hyperreal Kathryn Everly, 2010 What does literature reveal about a country s changing cultural identity In *History Violence and the Hyperreal* by Kathryn Everly this question is applied to the contemporary novel in Spain In the process similarities emerge among novels that embrace apparent differences in style structure and language Contemporary Spanish authors are rethinking the way the novel with its narrative powers can define a specific cultural identity Recent Spanish novels by Carme Riera Dulce Chacon Javier Cercas Ray Loriga Lucia Etxebarria and Jose Angel Manas published from 1995 to 2008 particularly highlight the tension that exists between historical memory and urban youth culture The novels discussed in this study reconfigure the individual s relationship to narrative history and reality through their varied interpretations of Spanish history with its common threads of national and personal violence In these books culture acts as mediator between the individual and the rapidly changing dynamic of contemporary society The authors experiment with the novel form to challenge fundamental concepts of identity when the narrative acknowledges more than one way of reading and understanding history violence and reality In Spain today questions of historical accuracy in all foundational fictions such as the Inquisition the Spanish Civil War or globalization collide with the urgency to modernize The result is a clash between regional and global identities Seemingly disparate works of historical fiction and Generation X narrative prove similar in the way they deal with history reality and the delicate relationship between writer and reader
