Actor, 1897 Modern Acting Cynthia Baron, 2016-08-18 Everyone has heard of Method acting but what about Modern
acting This book makes the simple but radical proposal that we acknowledge the Modern acting principles that continue to
guide actors work in the twenty first century Developments in modern drama and new stagecraft led Modern acting
strategies to coalesce by the 1930s and Hollywood's new role as America's primary performing arts provider ensured these
techniques circulated widely as the migration of Broadway talent and the demands of sound cinema created a rich exchange
of ideas among actors Decades after Strasberg's death in 1982 he and his Method are still famous while accounts of
American acting tend to overlook the contributions of Modern acting teachers such as Josephine Dillon Charles Jehlenger and
Sophie Rosenstein Baron's examination of acting manuals workshop notes and oral histories illustrates the shared vision of
Modern acting that connects these little known teachers to the landmark work of Stanislavsky It reveals that Stella Adler
long associated with the Method is best understood as a Modern acting teacher and that Modern acting not Method might be
seen as central to American performing arts if the Actors Lab in Hollywood 1941 1950 had survived the Cold War
