Repensar la constitución. Ideas para una reforma de la Constitución de 1978: reforma y comunicación dialógica. Parte segunda Varios autores,2018-04-01

Un texto constitucional como el nuestro con numerosos a os de vigencia y escasas

modificaciones supone el reconocimiento de una figura jurídica trascendental para la estructuración del Estado constitucional y de Derecho en nuestro ordenamiento que en una situación convulsa jurídica social y política merece una reflexión en profundidad. Esta obra que nace de la idea de la participación de una serie de constitucionalistas que desde Cataluña en colaboración y diálogo con otros constitucionalistas del resto de España aborda un análisis sistemático sobre la evolución de las diferentes instituciones e institutos constitucionales determinando sus aciertos y deficiencias y estableciendo las perspectivas sobre las que abordar una posible reforma constitucional. Como se trata de una situación en la cual se exponen diversas perspectivas sobre la reforma de la Constitución y estas pueden ser opuestas entre sí resulta importante poner en juego el principio de cooperación entre los diversos actores intervinientes para llegar a un resultado positivo. No es necesario añadir que la presente época de nuestra realidad presente se caracteriza por una falta de comunicación de diálogo pero sobre todo de argumentos entre las diversas fuerzas políticas y sociales sobre los cambios y perspectivas de futuro de la Constitución. El concepto de comunicación dialéctica que se ha pretendido en esta obra no es nuevo pero se basa en dos elementos importantes para la democracia: el diálogo y el razonamiento para contraponer y analizar conceptos, concepciones, instituciones e institutos que se encuentran notablemente abiertos a la ambigüedad con sus debilidades y sus fortalezas. En otras palabras es la consecuencia de un diálogo en el que diferentes personas dan argumentos basados en pretensiones de validez y no de poder tal como plantea J. Habermas en su teoría de la acción comunicativa.
