The Reformation of the Sixteenth Century Charles Beard,2015-07-16 Excerpt from *The Reformation of the Sixteenth Century In Its Relation to Modern Thought and Knowledge* The only word of preface which this book needs is a request to the reader that he will look at it in the light of its expressed purpose I have not tried to write even within the smallest compass a history of the Reformation but only to show the relation in which its results stand to modern knowledge and modern thought There are many chapters omitted which I would gladly have written and critics who have read themselves deeply into certain parts of the story may look for much in these pages Which they will not find Should I have proved to the satisfaction of only a few that if theology in this age is to keep abreast of advancing science and to continue to answer to the inexhaustible religious wants of men a new Reformation is needed it will be enough About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may

be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *History of the Reformation of the Sixteenth Century* Jean Henri Merle d'Aubigné,1835 **The Reformation of the Sixteenth Century in Its Relation to Modern Thought and Knowledge** Charles Beard,1962 **The Reformation of the Sixteenth Century** Roland H.
