*The Reformation in England*

Frederick Maurice Powicke, 1961      The Later Reformation in England, 1547-1603 Diarmaid MacCulloch, 2000-12-20 The English Reformation was the event which chiefly shaped English identity well into the twentieth century It made the English kingdom a self consciously Protestant state dominating the British Isles and boasting an established Church which eventually developed a peculiar religious agenda Anglicanism Although Henry VIII triggered a break with the Pope in his eccentric quest to rid himself of an inconveniently loyal wife the Reformation soon slipped from his control and in the reigns of his Tudor successors it developed a momentum which made it one of the success stories of European Protestantism In this book MacCulloch discusses the developing Reformation in England through the later Tudor reigns Edward VI Mary I and Elizabeth I He provides a narrative of events then discusses the ideas which shaped the English Reformation and surveys the ways in which the English reacted to it how far and quickly they accepted it and assesses those who remained dissenters This new edition is fully updated to take account of new material in the field that has appeared in the last decade      **Sketch of the Reformation in England** John James Blunt, 1859      *Lollardy and the Reformation in England* James Gairdner, 1908

**Sketch of the Reformation in England** John James Blunt, The Reformation is not to be regarded as a great and sudden event which took the nation by surprise It was merely the crisis to which things had been tending for some centuries and if the fire did at last run over the country with wonderful rapidity it was because the trees were all dry It is a mistake to suppose that whilst the Roman catholic religion prevailed all was unity True it is that the elements of discontent were as yet working for the most part under ground but they were not on that account the less likely to make themselves eventually felt The strong man armed was keeping the house and therefore his goods were at peace but he was in jeopardy long before he was spoiled Luther was the match that produced the explosion but the train had been laid by the events of generations before him It may not then be the least useful nor perhaps the least interesting portion of a History of the Reformation in England to trace some of the causes that led to it some of the incidents that made it practicable and some of the abuses that rendered it necessary And here there is no need to conceal the obligations we were under in the first instance to the church of Rome Neither Gregory himself nor Augustin his messenger appears to have been influenced by any other than a truly Christian spirit in seeking the conversion of England then no very tempting prize and though there can be no doubt that Christianity had been introduced into this island much earlier whether by any of the apostles themselves whether after the persecution on the death of Stephen by some of the Syrian Christians who were scattered abroad and went every where preaching the word or whether by devout soldiers of the same nation whom the famine foretold by Agabus might have driven into the armies of Claudius and who might have come with him into Britain or whether by some of the Jewish converts dispersed over the world when that same emperor commanded all Jews to depart from Rome whether from these or from other sources unknown to us England was in some degree Christianised the existence of a British church before the arrival of Augustin in the year 597 is a fact clearly established Its independent origin is sufficiently attested by the subjects of controversy between the Anglo

Roman and British Christians the time of Easter in which the Britons followed as they said St John and the eastern Christians a point of heterodoxy it may be observed in which the Irish also concurred who in some other respects accorded with the British church building their places of worship for instance with wood and thatching them with reeds the tonsure whether it should be that of Peter or Paul or none whatever the rite of Baptism with regard to which however the nature of the difference between the churches does not appear though a difference there was and the same may be said of the celibacy of the clergy

*The History of the Reformation of the Church of England* Gilbert Burnet (bisschop), 1850      **The History of the Reformation of the Church of England ... in Six Volumes** Gilbert Burnet, 1825      The Reformation in England Jean Henri Merle d'Aubigné, 1963      The History of the Reformation of the Church of England Gilbert Burnet, 1843      Five Women of the English Reformation Paul F. M. Zahl, 2001-06

Books on the history of the Reformation are filled with the heroic struggles and sacrifices of men But this compelling volume puts the spotlight on five strong and intellectually gifted women who because of their absolute and unconditional commitment to the advancement of Protestant Christianity paid the cost of their reforming convictions with martyrdom imprisonment and exile Anne Boleyn 1507 1536 introduced the Reformation to England and Katharine Parr 1514 1548 saved it Both women were riveted by early versions of the justification by faith doctrine that originated with Martin Luther and came to them through France As a result Anne Boleyn was beheaded Katharine Parr narrowly avoided the same fate Sixteen year old Jane Grey 1537 1554 and Anne Askew 1521 1546 both dared to criticize the Mass and were pioneers of Protestant views concerning superstition and symbols Jane Grey was executed because of her Protestantism Anne Askew was tortured and burned at the stake Catherine Willoughby 1520 1580 anticipated later Puritan

teachings on predestination and election and on the reformation of the church She was forced to give up everything she had and to flee with her husband and nursing baby into exile Paul Zahl vividly tells the stories of these five mothers of the English Reformation All of these women were powerful theologians intensely interested in the religious concerns of their day All but Anne Boleyn left behind a considerable body of written work some of which is found in this book s appendices It is the theological aspect of these women s remarkable achievements that Zahl seeks to underscore Moreover he also considers what the stories of these women have to say about the relation of gender to theology human motivation and God An important epilogue by Mary Zahl contributes a contemporary woman s view of these fascinating historical figures Extraordinary by any standard Anne Boleyn Anne Askew Katharine Parr Jane Grey and Catherine Willoughby remain rich subjects for reflection and emulation hundreds of years later The personalities of these five women who spoke their Christian convictions with presence of mind and sharp intelligence within situations of life and death duress are almost totemic in our enduring search for role models
