Reforming Business-related Laws to Promote Private Sector Development W. Paatii Ofosu-Amaah, 2000-01-01 An appropriate legal and regulatory framework is essential for good government and progress in any country and essential in any private sector development programme This study describes legal reform programmes in African countries including an evaluation of such programmes in the post independence era in civil and common law countries External Finance for Private Sector Development M. Odedokun, 2004-03-12 Foreign finance for private sector development PSD has become popular with the donor community and in multilateral development policy fora seen as an antidote for recipient economies aid dependency and a way of accomplishing growth poverty reduction and empowerment This book analyzes the pattern of foreign finance for PSD and examines multilateral and bilateral donors practices in PSD financing giving special attention to microfinance and microenterprises It also models and explains private capital flows from developed to developing countries and reverse flows in the form of capital flight *A Guide to the World Bank*, 2003 The World Bank Group works in more than 100 developing economies and is one of the world s largest sources of development assistance In 2002 the institution provided US 19 5 billion in loans to its client countries This guide reviews the organisation s history objectives and operations and looks at the five institutions that make up the World Bank Group the International Bank for Reconstruction and Development IBRD the International Development Association IDA the International Finance Corporation IFC the Multilateral Investment Guarantee Agency MIGA and the International Centre for Settlement of Investment Disputes ICSID The Struggle for Constitutional Power Tamir Moustafa, 2007-06-11 For nearly three decades scholars and policymakers have placed considerable stock in judicial reform as a panacea for the political and economic turmoil plaguing developing countries Courts are charged with spurring economic development safeguarding human rights and even facilitating transitions to democracy How realistic are these expectations and in what political contexts can judicial reforms deliver their expected benefits This book addresses these issues through an examination of the politics of the Egyptian Supreme Constitutional Court the most important experiment in constitutionalism in the Arab world The Egyptian regime established a surprisingly independent constitutional court to address a series of economic and administrative pathologies that lie at the heart of authoritarian political systems Although the Court helped the regime to institutionalize state functions and attract investment it simultaneously opened new avenues through which rights advocates and opposition parties could challenge the regime The book challenges conventional wisdom and provides insights into perennial questions concerning the barriers to institutional development economic growth and democracy in the developing world *Historical Dictionary of the World Bank* Sarah Tenney, Anne C. Salda, 2013-10-30 When it was founded back in 1944 no one could possibly have foreseen how the World Bank known more formally as the International Bank for Reconstruction and Development IBRD would flourish Today with 188 members it is by far the largest lender for projects in agriculture health infrastructure and many other fields

in developing countries around the world with a budget of billions of dollars and a staff of more than 9 000 and its advice is usually heeded by both the developing countries which borrow from it and the advanced ones which contribute This second edition of the Historical Dictionary of the World Bank shows the substantial progress the Bank has made this mainly through the dictionary section with concise entries on its component institutions related organizations its achievements in various fields some of the major projects and member countries and its various presidents The introduction explains how the Bank works while the chronology traces the major events over nearly 70 years Meanwhile the list of acronyms reminds us just who the main players are And the bibliography directs readers to useful internal documentation and outside studies

*Theatre of the Rule of Law* Stephen Humphreys, 2010-11-11 Theatre of the Rule of Law presents a sustained critique of global rule of law promotion an expansive industry at the heart of international development post conflict reconstruction and security policy today While successful in articulating and disseminating an effective global public policy rule of law promotion has largely failed in its stated objectives of raising countries out of poverty and taming violent conflict Furthermore in its execution this work deviates sharply from the rule of law as commonly conceived To explain this Stephen Humphreys draws on the history of the rule of law as a concept examples of legal export during colonial times and a spectrum of contemporary interventions by development agencies and international organisations Rule of law promotion is shown to be a kind of theatre the staging of a morality tale about the good life intended for edification and emulation but blind to its own internal contradictions

*Legal Reform and Business Contracts in Developing Economies* Professor Julie Paquin, 2013-02-28 This book examines the prospects for business law reform to drive economic development in developing countries It argues that despite statements to the contrary cultural factors and other local conditions in developing countries are not properly taken into account in current business law reform programs Utilizing the city of Dakar as an example this book investigates the consequences of this lack of fit between local needs and transplanted legal models by examining the potential and actual impact of the OHADA program of law reform on local business practices Focusing on how managers make decisions and apply appropriate norms in routine business operations the book documents how contractual disputes arise and are solved in Dakar and the role played by formal law in these processes By examining imported law from the point of view of the end users of legal reforms the book reveals the complex relationship between formal law local cultural norms and the activities of SMEs operating in developing economies and calls for a reconsideration of current law and development theory as well as the role of contract law in business decisions It will be relevant to all developing countries seeking to align their laws with best practice as identified by aid institutions

**Legal Framework for the Admission of FDI** Thomas Pollan, 2006 The law on foreign direct investment FDI belongs to the fastest changing legal field in international law Investors and the host state have long left behind a relationship dominated by the host state's desire to screen and choose FDI In the current market for FDI both parties try to assert influence but in the end the scarcity of FDI is the decisive factor This book provides an in depth

study of the legal framework for the admission of FDI and presents insights into the pros and cons of various admission models Its goal is to identify legal and policy options that serve the host state s and investor s common needs The book is a comprehensive easy reference handbook that is of interest to lawyers academics and policy makers Banking Supervision & Systemic Bank Restructuring Kenneth Kaoma Mwenda,2000-11-22 First published in 2001 Routledge is an imprint of Taylor Francis an informa company The Dynamics of Market Integration Kenneth Kaoma Mwenda,2000 This book looks at contemporary issues facing financial markets in Eastern and Southern Africa The book addresses strategies for capital market integration and development on a region wide basis An argument is made that the establishment of a regional stock exchange and the promotion of multiple listings and cross border trade in securities would stimulate increased liquidity on national stock exchanges in Eastern and Southern Africa Lessons of experience are drawn from other regions and a case is made against transplanting models of a regional stock exchange from one region to another The book argues that African countries may however use lessons of experience from other regions as points of reference while pursuing their own discourse of self determination Each case is unique and is thus surrounded by different variables The book covers developments in regions such as the European Union francophone West Africa and Eastern and Southern Africa Indeed an international and comparative perspective is provided **Select Proceedings of the European Society of International Law, Volume 4, 2012** Mariano J Aznar,Mary E Footer,2016-01-28 This is the fourth in the Series of Select Proceedings of the European Society of International Law ESIL featuring the most important and interesting papers presented at the Fifth Biennial Conference on Regionalism and International Law organised by ESIL and the University of Valencia in 2012 As usual the best papers from that conference have been re written edited and drawn together by the two editors to present a perspective on what is a flourishing forum for the discussion of new ideas and scholarship on international law **Zambia Law Journal** ,2000 Tilburg Foreign Law Review ,1999 ICSID Review ,2002 **Journal of Economic Literature** ,2005 *UCLA Pacific Basin Law Journal* ,2011 **World Bank Research Program** World Bank,2000 **Reflections on the Constitution, Law, and Development** S.
